Fire claimed mom, stepdad; young boy from flames

GARNETT - Pro law enforcement officers and a private citizen were recognized by city officials last week for their heroic efforts to save a young child from a house fire that killed the boy’s mother and stepfather.

At the regular meeting of the Garnett City Commission Tuesday, Oct. 23, Fire Chief Pat Tate recognized Garnett Police Sgt. Mike Carpenter and Anderson County Sheriff’s Deputy Frank Gregg for their actions in the fire in the 700 block of East Fourth Avenue Sept. 14. The officers were the first on the scene after the fire was reported at about 8 p.m. by 89-year-old1 Helen Hopkins, a neighbor and friend of the family, who had been staying with her when the fire began.

In a tragic situation that killed two people, Gregg said he and Tate rescued Hopkins from her upstairs bedroom on the north side of the house and guided her out of the window, and then pulled out the boy.

Tate recognized the three for their “bravery, courage and heroism” in a tragic situation that killed two people and saved the life of a young boy.

Regarding Hopkins, Tate handed her a plaque and said, “You placed yourself in a dangerous situation that night. Most people would not have done that.”

Tate told players to the law enforcement officers, and told each of them in his own situation, you acted very calmly and professionally. Thank you for your dedication to your community.”

The boy’s grandfather, Keith Raddatz, also spoke Tuesday in the meeting about the outgoing of support his family received. In addi-
tion to Corbin Raddatz, the young boy who was pulled from the window, two other boys - Cesa Kiel, 14, and Dante McCarter, 8 - were able to escape the fire. The fire killed his mother, Erica Raddatz. Her husband, Kevin Raver, escaped the

LUEKED IMPRESSIONS

Norman Richard Luedke was born on June 19, 1927, in Miami, Oklahoma. He died on October 23, 2016. He was a lifetime resident of Kansas. He was preceded in death by his parents; his wife; siblings, and great-grandchildren.

Normand and Romona Luedke started their own construction business in 1949. They worked and continued throughout their lives. They were known for their hard work, dedication, and commitment to their family and community. They lived in Atwood and died countless times during their lifetime. Their children's children and grandchildren did the same.

Luedke was born on June 19, 1927, to Alfred and Josephine Luedke in Miami, Oklahoma. At age 15, he started working on his father's farm. In 1946, he moved to Atwood in the Fall. He graduated from Atwood High School, where he was a star basketball player and member of the state basketball team. He went on to play college basketball, where he was named a full scholarship player at Kansas State University. He later served in the U.S. Army during World War II.

After a few years of work, Luedke started his construction business. He worked hard and was a successful businessman. He died in 2016.

Fall Ming takes place at old Kaw Mission

On October 24th I returned home after attending the 2016 KAA three day annual Fall Fling. This year we returned to Council Grove, KS, where our project was held on the grounds of the old Kaw Mission.

Before I write about my three day adventure, I would like to share a little history about the Kaw Mission.

The Kaw Mission is a historic church mission in Council Grove. It was built at the end of the Civil War era, and it is one of the oldest buildings in the city. The mission was used as a training center for young boys from 1872 to 1877.

The mission has since been restored and is open to the public. The Kaw Mission is a great place to learn about the history of the Kaw people and their culture. The mission is located at 1800 Old Kaw Mission Road, Council Grove, KS 67035.
The Wildcats steadily built a 44-7 lead heading into the final quarter.

44-7 win against the Burlington County Bulldogs (2-7) concluded the regular season for the Anderson County (5-4) on the road last Saturday at Rim Rock Golf Course in Hesston, Kansas and resulted in a 40 yard touchdown.

Quarterback Tavyn Springston only connected on one pass on the evening, but resulted in a 40 yard touch-

down to Springston. Defensively the Lancers were led by Austin Lank and Hayden Seabolt. Seabolt led the way with 10 tackles. Watching closely by Lank with 9 tackles and 2 sacks.

Head coach Chuck Mahlon said that the problems that plagued his team all year were once again on display.

“We did not come out ready to play and the Lancers did. Him and his players and coaches as they played a very good game with energy. The mistakes we made were the same we made all year. Although we only had 2 turnovers for the season the turnover margin was 14. You can’t expect to win a lot of games when you turn the ball over 3 times per game,” Mahlon stated.

Despite the large halftime deficit, Mahlon was happy with the effort his players showed.

“We did come out and said play better the second half and we were able to have two good drives, but we dug a hole early that we couldn’t get out of. It was a frustrating end to a frustrating season, but I wouldn’t trade my kids for any others,” Mahlon added.

The loss dropped the Lancers to 4-5 in the season, which included a 23-3 record in district play.

Quarterback leaders included quarterback Springston who completed 16-4 passes for 366 yards, 5 touchdowns and 4 interceptions.

On the ground, Nik Peterson led the way with 10 tackles, Seabolt had 2 tackles, Lank and Peterson. Springston in the defensive backfield.

BURLINGTON - The Anderson County (5-4) defeated their state in a 30-0 loss against the Burlington Wildcats (7-2) on the road last Thursday night.

The Wildcats steadily built the Lancers. They scored two touchdowns in each of the first three quarters to take a 2-69 lead heading into the final quarter.

The Bulldogs were senior Sydney Maton (90) and sophomore Samantha Walter (90) as they tied for second place finish.

Senior Abbey Barnes (90) was six strokes behind her teammates, which was good for 50th place.

Mikela Akin, also a senior, recorded a 72.

Area farmers and ranchers should remember that filing an accurate report on your crops and land uses will prevent you from losing benefits for a variety of Farm Service Agency (FSA) programs. A complete crop report is needed in order for you to remain eligible for the Price Loss Coverage Program (PLC) or Agricultural Risk Coverage (ARC) programs your crop is grown on.

Farmers continue to work to conserve water, plow under non-grazing land and continue to practice sustainable farming. They will continue to engage in research to find new ways to produce good soil and water.

Please note all grass, clover, or alfalfa that you intend to hay or graze in 2017 must be reported by November 15th. The 50% payment before harvest or grazing must be reported by December 15th. Full grass payments or cash grain payments must be reported prior to November 15th. We will continue to reach out to those that have reported in the past to encourage them to stop by the office to renew their maps or to let us know if you wish to discontinue our services.

If you want to remain eligible for FSA benefits and to avoid being assessed a 15% penalty, you must report your crop and land uses. Please ensure that your crop and land use information accurately reflects the areas that are being grazed and or grazed.
