New year, new you?

City offers exercise programs to help people get fit for the new year

BY VICKIE MOSS THE ANDERSON COUNTY REVIEW

GARNETT — For many, it's not long after Christmas dinner settles in your stomach before you start to think of ways to take off those delicious holiday pounds.

The City of Garnett Recreation Department is one step ahead of you, with a variety of exercise programs geared to help you start the new year with a new commitment to health and fitness.

Three exercise programs, including returning favorites and something new, will start in early January at the Garnett Recreation Center, 510 N. Lake Road.

The classes are timed to begin right after the New Year to appeal to people who make "getting fit" one of their New Year's resolutions, city recreation director Phil Bures said.

"There's really no excuse" to avoid exercising, Bures said. The rec center is open 5:30 a.m. to 8 p.m. in the winter. The city's exercise programs provide a structured environment for people who prefer that type of workout, but the rec center also has a variety of equipment to help people at all levels of fitness.

Some people may be intimidated by the equipment, but the structured programs also can offer a chance for people to familiarize themselves with the rec center, Bures said.

"It's a feather in the city's cap to have something like this," Bures said. "We've got this facility and we want to utilize it as much as we can."

Most of the classes take place in the new aerobic center, which was recently added thanks to a grant.

The programs include:

- Yoga classes. Jan. 6-Feb. 12

'The Christmas Story'

King James Version

"For unto us a Child is born, unto us a Son is given: and The Government shall be upon His Shoulder: and His Name shall be called Wonderful, Counsellor, The Mighty GOD, The Everlasting Father, The Prince of Peace. Of the increase of His Government and peace there shall be no end, upon the Throne of David, and upon His Kingdom, to order it, and to establish it with judgment and with justice from henceforth even for ever. The zeal of the LORD of Hosts will perform this" (Isaiah 9:6-7).

The Story of the Birth of Christ As told through Luke

Luke 2:1 And it came to pass in those days, that there went out a decree from Caesar Augustus, that all the world should be taxed. 2:2 (And this taxing was first made when Cyrenius was governor of Syria.) 2:3 And all went to be taxed, every one into

his own city. 2:4 And Joseph also went up from Galilee, out of the city of Nazareth, into Judaea, unto the city of David, which is called Bethlehem; (because he was of the house and lineage of David;) 2:5 To be taxed with Mary his espoused wife, being great with Child. 2:6 And so it was, that, while they were there, the days were accomplished that she should be delivered. 2:7 And she brought forth her firstborn Son,

and wrapped Him in swaddling clothes, and laid Him in a manger; because there was no room for them in the inn. 2:8 And there were in the same country shepherds abiding in the field, keeping watch over their flock by night. 2:9 And, lo, the angel of the LORD came upon them, and the glory of the LORD shone round about them: and they were sore afraid. 2:10 And the angel said unto them, Fear

Family discovers gifting others is true Christmas spirit

Harts shift gift-giving to donations to children at Children's Mercy Hospital

BY VICKIE MOSS THE ANDERSON COUNTY REVIEW

GARNETT — Five years ago, the Hart family was overwhelmed by the hustle and bustle of holiday shopping. Donna Hart was busy with her Scentsy business, and there simply wasn't time to buy Christmas gifts. Plus, it was becoming more and more difficult to find the right gifts for her children and grandchildren.

"Kids today have so much stuff," Hart said. "It takes away from the joy of gift giving."

So, in December of 2010, Donna and Troy Hart of Garnett and their five children, their children's spouses and grandchildren — 21 family members in all — decided to try something different. They quit exchanging gifts.

Just because they quit exchanging gifts, however, doesn't mean they quit celebrating Christmas. It doesn't even

mean they quit buying gifts. Instead, they purchase gifts throughout the year and donate them to Children's Mercy Hospital in Kansas City, Mo.

"Instead of what we would spend on each other, we buy gifts for the kids at Children's Mercy," Donna Hart said. Sometimes, the gifts are small items like coloring books, trinkets or Scentsy buddies on sale through Hart's business.

At some point near Christmas, the family gathers and, as a group, donates the gifts at the hospital. Each year, they pick a different activity to follow the donation. One year, they toured Kansas City to see Christmas light displays. Another year, they went to Crown Center and ate at Fritz's Railroad Restaurant where meals are delivered via a train track system.

They try to pick an activity that appeals to the grandchildren, Hart said. They decide as a group where to go.

"Everybody looks forward to it, even the grandkids," she said. "Some

USD 365 approves new track building

Second round of bids result in \$200K savings compared to first bids

BY VICKIE MOSS THE ANDERSON COUNTY REVIEW

GARNETT — A new building to house restroom facilities, locker rooms and concessions at the Anderson County Jr./Sr. High School track and field should be completed this summer, just in time for the 2015-16 school year, at a cost of nearly a million dollars.

USD 365 Board of Education members at a special meeting Thursday, Dec. 18, approved a total bid of about \$384,500 from Decker Construction of Coffeyville to construct the new building. The bid was part of a second try on the project to save money after initial estimates were deemed

too expensive, and resulted in savings of more than \$200,000 compared to the first round of bids.

The decision marks the end of a months-long process to construct new restrooms, concessions and locker rooms, plus new bleachers, all on the west end of the track facility. Board members said previously the structure was long overdue, because no similar facilities were built when the track was first constructed about 10 years ago. Guests and athletes must use "porta-potties," which reflect badly on the school and district, board members said.

Superintendent Don Blome initially wanted a stadium-style set of bleachers with a cinder-block building underneath that could house the restrooms, locker rooms and concessions. But initial bids came in too high. Blome said he expected the 3,000 square foot building would

cost about \$150 per square inch, or roughly \$450,000. He didn't provide exact figures for the initial bids, but said they came in at about \$200 per square foot. That translates to about \$600,000.

Because of the higher-than-expected costs, Blome sent the project back out for bids with two significant changes. He asked for bids for a building that was separate from the bleachers, and made of metal instead of cinder-block.

That change resulted in savings of about \$240,000 from the initial bids, and roughly \$100,000 in savings from Blome's expected costs. The building will cost about \$128 per square foot.

Decker's bid for the building actually was \$359,500, but board members approved spending another \$25,000 for brick wainscoting on the exte-

ANDERSON COUNTY BOARD OF COMMISSIONERS DEC. 8

Chairman James K. Johnson called the meeting of the Anderson County Commission to order at 9:00 a.m. on December 8 at the County Commission Room. Attendance: James K. Johnson, Present; Eugene Highberger, Present; Jerry Howarter, Present. The pledge of allegiance was recited. Minutes of the previous meeting were approved as presented.

Road and Bridge

Lester Welsh, Road Supervisor, met with the commission. Mid States Materials has talked to another county who might be willing to purchase some rock from the quarry they are going to open. Lester would be willing to agree to a smaller quantity if the other county goes along. He has been looking at graders. Commissioner Highberger moved to purchase a 2012 Caterpillar grader from Folley Equipment for \$204,500 out of the Road and Bridge Fund. Commissioner Howarter seconded. Approved 3 0. Roads concerns were discussed. Hwy permit 14,1208:1 for CenturyLink was presented and approved.

Veterans Memorial

Leon Lickteig and Phyllis Gettler, Anderson County Clerk, met with the commission concerning the Veterans Memorial. The commission previously stated they would like all the veterans' names on the memorial. To proceed with doing that would run approximately \$100,000. They questioned if the commission is still in favor of proceeding with that. The commission feels all names need of residents who are born and raised in Anderson County, and who served during conflict should be included. Currently there is about \$61,000 in the fund. The committee is selling bricks for donations but it will take a lot of donations to get the project completed. Any suggestions for fund raisers and donations would be appreciated.

Appraiser

Steve Markham, Assistant Appraiser, met with the commission. He presented his letter of completion of the RMA program and is now a certified appraiser.

Rural Fire

JD Mersman, Rural Fire Director, met with the commission. He presented bids from financial institutions for financing

a new fire truck for the Garnett Rural Station. Patriots Bank bid the lowest interest rate. Commission approved proceeding with financing through Patriots Bank. Commissioner Howarter moved to purchase a new heater for the Kincaid fire station at a cost of \$1,300 from Kenton King. Commissioner Highberger seconded. Approved 3 0.

Citizen Concerns

Richard Miller met with the commission with concerns on the roads. He feels the gravel roads need more rock laid and not just in spots.

HVAC

Dan Harden, BG Consultants, met with the commission concerning the need for doing a space needs assessment for the county. Commissioner Highberger moved to hire BG Consultants to do a space needs assessment of the courthouse at a cost of \$32,800.00 out of the Multi-Year Improvement Fund. Commissioner Howarter seconded. Approved 3 0.

Meeting adjourned at 11:45 a.m. due to no further business.

MAKING SENSE OF INVESTING

Highly rated trauma care status makes for top-notch emergency department

GARNETT —When the new Anderson County Hospital opens at 6 a.m. on Thursday, Jan. 29, the new emergency department will seamlessly continue to provide emergency care for patients. The community will appreciate the expertise and quality care provided in this modern department, equipped with the most up-to-date technology.

Privacy is paramount for our patients, with secure access through the emergency department and a private waiting room for family and friends. The new modern facility features the highest standards in equipment and care, exceeding the national standards for Level IV trauma status. With an advanced airflow technology system, the trauma room ensures patients have the most sterile environment possible when procedures are required.

The new emergency department has a special decontamination room for immediate isolation and treatment of patients with exposure to hazardous materials or biological agents. Additionally, the ambulance is located on-site for quick response.

"We truly offer our patients the most convenient and exceptional experience in emergency care," Tanya Ewert, R.N., and paramedic, said. "Our highly trained providers are on-site 24/7 and are dedicated to providing our patients with the best patient-centered care experience."

The newly certified Level IV Trauma Center ensures patients receive the highest quality of care during life-threatening situations. This trauma rating system allows the treatment team to assess patients who come to the emergency department, and to recognize and treat life-threatening injuries and conditions, provide immediate treatment and stabilization, and determine appropriate level of care for each patient. This secure, family-centered department also features a comfortable waiting area, covered patient entrance, and all-private exam and trauma rooms.

According to medical director, Timothy Spears, D.O., "Anderson County Hospital is able to treat more patients at our facility with the Level IV Trauma Center because our team has the specialized training for trauma patients and we have a comprehensive scope of services available on-site. We work closely with the specialty physicians who see patients at our facility and the patient's primary care physician to ensure they recover right here in the community. Our goal is always to treat patients in

our facility, however; we have on-site ambulance service and a helipad located just outside the emergency department to provide patients with immediate access to a higher level of care when needed."

Being part of Saint Luke's Health System provides an additional layer of service for Anderson County Hospital's patients as the trauma team works closely with system specialists at Saint Luke's Mid America Heart Institute, Saint Luke's Marion Bloch Neuroscience Institute, and other facilities, to ensure each patient receives the highest quality of care in the most appropriate setting. Patients can feel secure knowing they are truly receiving the finest care right here in Garnett.

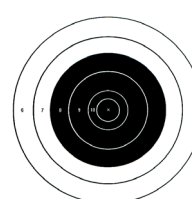

To find out more about out-patient services at Anderson County Hospital visit saintlukeshealthsystem.org.

Anderson County Hospital is a member of Saint Luke's Health System, which consists of 10 area hospitals and several primary and specialty care practices, and provides a range of inpatient, outpatient and home care services.

rior. Board member Dwight Nelson said in his experience, metal buildings often get dinged and dented. Lawn mowers could send rocks flying into the metal, and students might kick the side of the building. Having brick on the bottom 3 feet or so could prevent some damage and extend the life of the building. Blome initially estimated the entire project would cost about \$1 million. Instead, the district

will spend about \$960,000. The district has enough money in its capital outlay fund to pay for the project and still have money left.

Construction on the building is expected to start in January and should be substantially completed by June 30, 2015. Construction on the bleachers portion of the project is expected to be completed sometime this spring.

Feinstein's Travesty

NATIONAL COMMENTARY

RICH LOWRY, King Features Syndicate

The Senate Intelligence Committee spent roughly \$50 million on its investigation into the CIA and apparently couldn't find Michael Hayden's phone number.

The committee portrays Gen. Hayden, the former CIA director, as a liar who deceived Congress about the agency's interrogation program, yet the committee couldn't be bothered to interview him.

That's because the committee, led by California Democrat Dianne Feinstein, didn't bother to interview anyone. The committee didn't want to include anything that might significantly complicate its cartoonish depiction of a CIA that misled everyone so it could maintain a secret prison system for the hell of it.

The Feinstein report scores some points. It makes plain that the CIA program wasn't adequately controlled, especially at the beginning, that it went too far, and that the agency became too invested in defending it.

But the thrust of the report is devoted to the proposition that torture, or harsh interrogation, never works. This is important to critics of the CIA program because they are almost never willing to say that torture is wrong and that we should never do it -- even if it sometimes works and potentially saves lives. They lack the moral conviction to make their case solely on principle.

Even though its executive summary runs more than 500 pages, the report lacks basic context, specifically an account of the post-Sept. 11 environment in which nearly everyone expected another attack and wanted to do everything possible to avoid it. This is why the likes of the impeccably liberal Jay Rockefeller, vice chairman of the Senate Intelligence Committee, could say after we captured Khalid Sheikh Mohammed in 2003 that we should be "very, very tough with him."

The harsh methods that the CIA adopted don't, in isolation, shock the conscience. There's nothing, for instance, about throwing someone up against a flexible wall, grabbing and shaking him, keeping him in a

tight space or slapping him that is clearly out of bounds.

It is cumulatively, over an extended period -- as with Abu Zubaydah -- that the methods take on a different complexion. Reasonable people can disagree about whether we went over the line of what we should do to anyone in any circumstance. But in making a totalist case against the CIA program, the Feinstein report implausibly asserts that it had no benefits whatsoever.

It points out, as though it settles something, that terrorists lied when they were subjected to coercive interrogations. Of course, terrorists also lied when they weren't subjected to coercive interrogations. The standard shouldn't be if the CIA program produced 100 percent truthfulness, but whether it produced intelligence that otherwise wouldn't have been available as quickly or at all.

The overall contention of the report is that we would have achieved the same results in the war on terror with less information, rather than more. Not only does that defy common sense, it is a bet no one would have been willing to make in 2002.

Nor would anyone have guessed 10 years ago that it would be considered more in keeping with American values to assassinate people from drones rather than capture them and ask them questions under duress.

We bought the \$5 product from China instead of the \$10 quality product made in the U.S., causing our factories to close. Are we doing the same thing to Garnett by going to the city to the box stores? Are we causing our local stores who carry quality products to go out of business? Think how it will affect you when these local stores are forced out of business.

The ad in the paper says the county is looking for somebody to clean the bathroom at the landfill two times a month. Eww. They only clean the bathroom at the landfill two times a month? I'm not sure that's following the EPA regulations.

Maybe the problem isn't that the church didn't give you a turkey, maybe the problem is that you are the turkey.

You know I do believe the cops in this town have a public relations problem, but really I

think it's the public that's the problem and not the cops. In this town you've got so many Richies who think their little darling would never do anything wrong and then the truth is that they're the worst of the whole bunch with the bullying and the alcohol and the drugs and the partying and driving drunk and so on. When the cops call them down on it or they get in trouble, oh my God you've never heard so much carrying on about the police picking on my baby and he's always had it in for her or that cop don't like her daddy and the like. The problem ain't the cops, it's the spoiled rotten brats and their parents that made them that way. Thank you.

Thank you to The Anderson County Review and to all the businesses for the receipt contest drawing. It has been a lot of fun and fun to see all the people talking about collecting their receipts. Thank you again.

This is for the guy that said the other guy was an idiot about the cops. If you're gonna quote something don't you be an idiot too. One, we have a highway patrolman that lives on Park Road. Two, I see the sheriff deputies in this town every day and night, I don't know if they ever leave the city limits. They're either at the sale barn talking to a city cop, or they park at the lake talking to a city cop or they're in some parking lot talking to a city cop. So what's there to say that there'd be no cops in town in town if you got rid of the city cops. Come on guy, at least get your facts straight.

What a joke. In the Garnett paper, the landfill looking for somebody to clean the bathroom two times a month. Mop, dust and clean the bathroom. What is wrong with the county? Let the landfill operator and the employees there clean their own bathroom and clean up you know what.

You know I have an idea. Instead of getting rid of the Garnett cops, why don't we get rid of some of the meth dealing scum that call Garnett home? Why don't we get rid of some of these little punks who steal (deleted) and try to show off for their equally derelict friends by picking fights with other kids? Why don't we get rid of the losers at the high school who get DUIs and run the risk of killing you or me or our families when they drive drunk? Why don't we get rid of the spoiled, entitled do-nothings who pull their crap and then cry to mommy and daddy and have them go to bat for them with the teachers or the cops or the court? In my opinion we need to get rid of some people, but it isn't the cops.

CHRISTMAS...

FROM PAGE 1A

mot: for, behold, I bring you good tidings of great joy, which shall be to all people. 2:11 For unto you is born this day in the city of David a Saviour, which is Christ the LORD. 2:12 And this shall be a sign unto you: Ye shall find the Babe wrapped in swaddling clothes, lying in a manger. 2:13 And suddenly there was with the angel a multitude of the heavenly host praising God, and saying, 2:14 Glory to God in the highest, and on earth peace, good will toward men. 2:15 And it came to pass, as the angels were gone away from them into Heaven, the shepherds said one to another, Let us now go even unto Bethlehem, and see this thing which is come to pass, which the LORD hath made known unto us. 2:16 And they came with haste, and found Mary, and Joseph, and the Babe lying in a manger. 2:17 And when they had seen it, they made known abroad the saying which was told them concerning this Child. 2:18 And all they that heard it wondered at those things which were told them by the shepherds. 2:19 But Mary kept all these things, and pondered them in her heart. 2:20 And the shepherds returned, glorifying and praising God for all the things that they

had heard and seen, as it was told unto them. 2:21 And when eight days were accomplished for the circumcising of the Child, His Name was called JESUS, which was so named of the angel before He was conceived in the womb.

The Story of the Birth of Christ As told through Matthew

Matthew 1:16 And Jacob begat Joseph the husband of Mary, of whom was born Jesus, Who is called Christ. 1:17 So all the generations from Abraham to David are fourteen generations; and from David until the carrying away into Babylon are fourteen generations; and from the carrying away into Babylon unto Christ are fourteen generations. 1:18 Now the birth of Jesus Christ was on this wise: When as His mother Mary was espoused to Joseph, before they came together, she was found with Child of the Holy Ghost. 1:19 Then Joseph her husband, being a just man, and not willing to make her a public example, was minded to put her away privily. 1:20 But while he thought on these things, behold, the angel of the LORD appeared unto him in a dream, saying, Joseph, thou son of David, fear not to take unto

thee Mary thy wife: for That which is conceived in her is of the Holy Ghost. 1:21 And she shall bring forth a Son, and thou shalt call His Name JESUS: for He shall save His people from their sins. 1:22 Now all this was done, that it might be fulfilled which was spoken of the LORD by the prophet, saying, 1:23 Behold, a virgin shall be with Child, and shall bring forth a Son, and they shall call His Name Emmanuel, which being interpreted is, God With Us. 1:24 Then Joseph being raised from sleep did as the angel of the LORD had bidden him, and took unto him his wife: 1:25 And knew her not till she had brought forth her firstborn Son: and he called His Name JESUS. 2:1 Now when Jesus was born in Bethlehem of Judaea in the days of Herod the king, behold, there came wise men from the east to Jerusalem, 2:2 Saying, Where is He that is born King of the Jews? for we have seen His Star in the east, and are come to worship Him. 2:3 When Herod the king had heard these things, he was troubled, and all Jerusalem with him. 2:4 And when he had gathered all the chief priests and scribes

of the people together, he demanded of them where Christ should be born. 2:5 And they said unto him, In Bethlehem of Judaea: for thus it is written by the prophet, 2:6 And thou Bethlehem, in the land of Juda, art not the least among the princes of Juda: for out of thee shall come a Governor, that shall rule My people Israel. 2:7 Then Herod, when he had privily called the wise men, inquired of them diligently what time the Star appeared. 2:8 And he sent them to Bethlehem, and said, Go and search diligently for the young Child; and when ye have found Him, bring me word again, that I may come and worship Him also. 2:9 When they had heard the king, they departed; and, lo, the Star, which they saw in the east, went before them, till it came and stood over where the young Child was. 2:10 When they saw the Star, they rejoiced with exceeding great joy. 2:11 And when they were come into the house, they saw the young Child with Mary His mother, and fell down, and worshipped Him: and when they had opened their treasures, they presented unto Him gifts; gold, and frankincense, and myrrh.

GIVING...

of them were very young when we started. We built into them that it's about giving to others."

The family got the idea to donate to Children's Mercy because of personal experience with the hospital. A granddaughter, now age 9, spent three weeks at Children's Mercy as an infant.

But their connection to the children's hospital didn't end there. In December 2010, another grand-

daughter spent time at Children's Mercy. That year, she was one of the children visited by Santa and given a gift someone had donated.

A few months later, Taylor Meyers, son of former Garnett residents Kelly and Ivone Meyers, received a Scentsy buddy during a stay at Children's Mercy. Hart doesn't know for sure that it's one she donated, but she likes the local connection.

"I know it's a huge benefit to these kids. You never know when

something we do will create a meaningful experience when they're at Children's Mercy," she said.

Hart said even though her family doesn't exchange Christmas gifts anymore, the grandchildren don't go without presents. Their parents still provide Christmas gifts, as do other relatives. And Hart said she devotes more attention to birthday gifts, when each child can be celebrated individually.

She especially likes keeping the focus of the holiday on the true

meaning of Christmas, and said the idea of donating gifts to children offers valuable lessons on spirituality and giving.

Children in her family have everything they need, and in a few years, they probably won't remember what gift Grandma and Grandpa got them. But they'll remember helping sick children.

"I think it does create more meaningful memories for Christmas," she said.

and Feb. 24-April 2. Tuesdays and Thursdays from 6 p.m. to 7 p.m. In the aerobic room. Cost is \$36 for six weeks (12 sessions). Sign up and pay fee at Garnett Recreation Center. Instructor is Jarrod Reichelt. Beginners are welcome. Bring your own mat.

Yoga has been offered by the city for some time, but it now moves to the rec center. It appeals to people who want to work on flexibility or relax, Bures said, although it also is an effective workout.

• Core and Cardio Fitness. Jan. 5-Feb. 11. Mondays and Wednesdays from 5:30 p.m. to 6:30 p.m. Cost is \$50 for six weeks (12 sessions). Sign up and pay fee at Garnett Recreation Center. Instructor is Stacy Crane. Limited to 15 people per class. Bring your own workout mat.

This workout combines high-intensity interval training and core strengthening exercises that will

leave you burning calories well after the workout is over. Core and cardio classes are one of the more popular exercise programs offered by the city and suits most people, Bures said. Participants have ranged in age from 14 to 70, and classes are structured to allow people to work at their own pace. Crane is a certified instructor.

• Zumba. Jan. 6-Feb. 12. Tuesdays and Thursdays from 7 p.m. To 8 p.m. In the aerobic room. Cost is \$40 for six weeks (12 sessions). Sign up and pay fee at Garnett Recreation Center. Instructor is Janon Gordon. Beginners are welcome. Class size is limited to 15 people; additional interest could result in a second class.

Zumba is the newest program to be offered by the city, and came after people requested a program that was fun but less intense than the Core and Cardio program, Bures said. Gordon recently became a certified instructor to

allow the city to use the official Zumba program.

A fourth exercise program could begin in late January or February. Recreation leaders are working to purchase special bicycles to use in a spin class. Spin classes are popular because they use special stationary bicycles to work out. It's a low-impact program, good for people with bad knees and feet, or who have trouble with high-in-

tensity programs like Core and Cardio. It's especially popular with runners and cyclists, Bures said. If the city can find money to purchase the bikes, the class likely will be taught by Ann Marie Strobel.

"It's not done a lot of places because you have to buy the bikes, so we'll be ahead of the game to have something like that," Bures said. "We try to offer programs that appeal to a variety of people."

Poems show the real meaning of Christmas

As most of you already know I love poetry and especially at this time of the year. So without further ado, let me share a couple of my favorites with you.

DIGGING UP THE PAST

Henry Roeckers
Call (785) 448-6244 for local archeology information.

"The Real Meaning of Christmas"

Two thousand years ago the King of Kings was born "The Lamb of God" later made to feel the thorn.

If his words are accepted and not scorned

They will make us all reborn. Through God's grace, Joseph and Mary presented

A gift to the world that day, which we can all repay by living the Ten Commandments each and every day.

Try to remember and keep in your heart and mind

Jesus's gospel while here on Earth

Redemption not a life lived in constant mirth.

Peace on Earth, good will toward man

Everyone should try it, whenever they can.

The Lord gave us the option and choice of "free will"

Now it's up to us to fit the bill.

So when you're CHRISTMAS shopping for family and friends

And money is tight at both ends

Remember that the greatest gift of all

Is your Love of JESUS in the manger stall.

Christmas time seems to always bring back special memories to all of us.

"That Little Country Church"

It was a small little Church I attended

Back in my childhood days The little country preacher taught

Me about Jesus and how he Alone could change my ways.

It wasn't much to look at with fancy

Scenic things it did not glow But this little Church "Oh how I loved it so!"

Each time I would hear the little country

Preacher talk of the Lord It gave me a chill

And one day while he was preaching

I felt God's nudge upon my soul

Merry Christmas from Henry and Kay Roeckers.

And I accepted Jesus into my heart

As I allowed the entry of God's will

My heart leaped out of control within

My little chest, for I was just a young boy

But yet, the Lord stood at my heart's door

And now I am freed from my sin.

Lady Wolverines clawing way through season

The Westphalia Lady Wolverines are clawing their way through the season. This year there are a total of 21 girls in 6th-8th grade playing basketball. The girls, half of them new to basketball this year, have done a great job with improving their skills and understanding the game. Their growth so far this season is remarkable.

With five games down, the "B" team is currently 1-4. Even though the "B" team has only won one game so far, they are an energetic, positive, and fun bunch of girls. They've had a couple of really close games, which actually felt like wins. They are very teachable and exciting to watch. It will be

exciting to see their growth in the upcoming games this season, and in the upcoming years.

The "A" team is currently 2-3. The improvement in the past couple of weeks is outstanding. The girls have struggled with gaining back their confidence after the first couple of losses, but the girls' recent win over Crest helped turn them back around. The girls are playing together as a team, and most importantly, having fun on the court.

The returning eighth graders have shown great leadership in practices and in games. Katelynn Renyer and Jenna Schmit

lead the Lady Wolverines in scoring, averaging 6 and 7 points per game. Braelyn Falls, the main point guard, keeps the game moving smoothly and is averaging 4 points a game. Shannon O'Malley and Kate Dieker's defensive presence on the court helps cause turnovers, which leads to more offensive opportunities. Elizabeth Comfort's aggressiveness and rebounds keep the Lady Wolverines in the game.

All of the girls help to keep the "flame" burning on the court with their determination and hard work. The Westphalia Lady Wolverines are looking forward to keeping that fire for the rest of the season.

Westphalia boys face ups, downs so far

The first half of the boys' season has had its ups and downs so far. The B team has gotten a lot better about playing team basketball in passing to each other quicker which then turns into more open shots for one another. Our defense has improved since we first started, the 6th graders are getting more comfortable with the speed of the game and our first year 8th graders have improved in the comfort level in game situations as well.

The A team at the half way point has a 2-3 record, which includes an overtime loss to Jayhawk Linn for the first game of the season to get the season off with a bang. The A team has 5 returning players from last years' team. Leading scorers for the A team are Jonathon Bornrtreger (4 ppg), Roscoe Weatherbee (6 ppg), Austin Adams (6 ppg) and Korbin Edgecomb (12 ppg).

The offense has gotten its better starts when their defense has come up with quick turnovers. Austin Adams, Ridge

Pracht, Korbin Edgecomb, and Jonathon Bornrtreger have all had a big impact on getting the defense going every game. The first half of the season has been a lot of learning of basketball with the team, this is the first year playing for Will Turney and 2nd year for Clay Rolf who both have provided needed energy off of the bench. The boys are learning how to play with each other towards everyone's strengths in game

situations. The second half after Christmas Break should be a lot of fun and we are looking forward to being a part of it. Westphalia participates in the Junior High 3 Rivers League.

- Schedule:
- Jan. 5 @ Pleasanton
 - Jan. 12 vs. Marmaton Valley
 - Jan. 15 vs. Pleasanton
 - Jan. 22 @ Mar des Cygnes Valley
 - Jan. 29 @ Uniontown

PLEASANTON - The Lancers smashed their way through a 32-point second quarter run against Pleasanton last week to head into Christmas break with a 55-26 win.

"Offensively we weren't great, but we're getting better," said Lancer head coach Travis Hermreck. "We were able to generate a lot of our offense through our defense and did a good job getting out and running the floor."

Crest held a 9-2 lead in the slow starting first period, but set fire to the second period scoring and held the BluJays to 5 points in the period. Pleasanton rekindled its offense briefly in the third period but couldn't overcome the deficit.

Hunter Frazell and Evan Godderze led Crest scoring with 16 and 14 points.

"Hunter and Evan did a good job managing the game for us," Hermreck said, "and Gage (Adams) and Colton

(Strickler) gave us a big spark off the bench."

The Lancers hit only 9 percent of their three-point shots and had 18 turnovers to Pleasanton's 35. Crest shot 65 percent from the free throw line (13/20) and at 18/32 was 56 percent on two-point field goal shooting.

"Not the greatest performance ever, but a nice win on the road," Hermreck said.

That guy's a real card

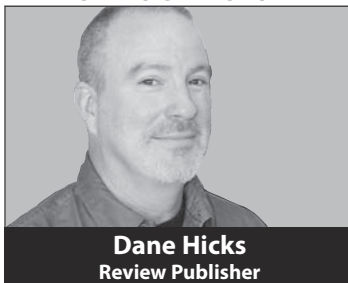

Use your business card as a modern business weapon; think of it as a tiny 3.25x2 inch ninja star you can fling with Jackie Chan precision and speed. It's a great, but underused tool to help you sell stuff.

A quick warning though: If you're using your home computer to print your own business cards - BE SURE they are of proper quality. Nothing says "I do this on the side" more than a cheesy-looking homemade business card complete with tear-away perforation edges, ink smears and typographical errors. I print business cards so I can't say I'm unbiased - but when you have a professional printer print your cards you get the benefit of his grammar and language skills and a higher quality product. A decent set of 500-1,000 cards will cost you \$50-\$70 and will be well worth every penny.

You may already have a great set of cards, and they may be pushed back to the back of your desk behind that old sandwich wrapper and the "D" batteries which have probably gone bad by now. Take them out and set them somewhere you'll see them every day. Put some in your shirt pocket (or somewhere they won't get dog-eared from wear every day) and follow these tips to use them to generate sales.

1) On the counter: If you have a storefront with a register counter, be sure to put them out for the taking, and be sure your clerks drop one in every sack or bag that a customer takes out.

HOW TO SELL STUFF

Dane Hicks
Review Publisher

2) Anytime you leave a tip, leave your card.

3) There's obviously a fine line between card drops and littering, so don't overdo this, but be sure to leave cards on public bulletin boards or at coffee shops, etc. You can even go into neighborhoods or door-to-door in business areas and leave a card. Some may get tossed, but some may not.

4) Slip your card into video cases when you rent movies. And don't forget when you mail a bill or pay your taxes or send anybody a check for anything - drop in a card.

5) If you go to a fair or an expo - even if you don't have your own booth - chat with vendors and give them your card.

Make it a game with yourself. Carry cards with you everyday, and think of a new place each day to leave a card. It's one of the cheapest ways to market yourself and generate sales.

Mid-America Nutrition gets \$32K grant for Meals on Wheels

Mid-America Nutrition Program received a \$32,750 grant from the Walmart Foundation to replace its walk-in cooler and freezer.

Mid-America Nutrition Program has been providing Meals on Wheels and serving the seniors in east central Kansas for more than 30 years. The organization provides balanced meals and nutritional support to a six county area, which helps seniors stay healthy and independent in their own homes.

"We are extremely grateful to the Walmart Foundation for helping us to replace a refrigeration unit that has required more and more frequent service. No one knows the exact age of the current unit but we can trace it back at least 25 years," said Chris Bean, director of development and outreach of Mid-America Nutrition Program. "This grant will allow us to purchase a new cooler/freezer that that will be more efficient. Refrigeration is one of the most basic necessities of our operation and allows us to provide a safe product to an underserved senior population."

The Walmart Foundation's Kansas State Giving Program has awarded more than \$135,000 to five nonprofits throughout the state dedicated to serving residents through its core areas of giving: hunger relief and healthy eating, sustainability, career opportunity and wom-

en's economic empowerment.

"We are endlessly inspired by the astounding work of nonprofit organizations across Kansas," said Mindy Ellis, Walmart regional general man-

ager for Kansas. "It is a privilege to be able to partner with these groups as they continue to impact the lives of individuals throughout the state."

The Walmart Foundation's

State Giving Program supports organizations that create opportunities so people can live better, awarding grants that have a long-lasting, positive impact on communities across

the U.S. Twice a year, the Kansas State Giving Program looks for organizations that address the needs of the communities they serve and make a significant social impact.
