Decision on EKAE taxes may be known soon

Settlement could free
up city, county, USD tax
money held in escrow

BY DANE HICKS THE ANDERSON COUNTY REVIEW

GARNETT – Local governments may be closer to being able to use money they’ve been escrowing from the taxes paid by the East Kansas Agri Energy ethanol plant in Garnett, with

a possible decision coming as early as October 30 in the three-year long tax appeal. A decision from the hearing, scheduled by District Judge Eric Godderz on the October 30 Anderson County court docket, could bring to a close the lawsuit the plant filed last year to attempt a change to a Kansas Board of Tax Appeals previous decision. As the appeal was in process, taxes collected by the City of Garnett, Anderson

County and USD 365 have been collected but held in escrow in the event those entities had to repay all or part of the funds to EKAE. The issue revolves around the property tax value assessed to EKAE’s ethanol plant, built in 2005 but financed under an Industrial Revenue Bond issue by the City of Garnett which delayed any property tax payments for a decade until the bonds matured in 2015. The

debate that eventually brought the matter to court involves how much of the plant should be valued as personal property and how much should be assessed as real estate. State law allows personal property for commercial businesses to be assessed at a value allowing for depreciation on that property acquired up through June 30, 2006. After that, personal property isn’t taxable. The plant, which cost in

excess of \$40 million to build, was valued at \$32 million when it was initially placed on the tax rolls for the 2016 budget year. It was later revised to \$18.3 million based on the then selling price of ethanol and determining a sale price per gallon for the plant’s output. EKAE officials maintained early on that certain assets of the plant assessed as real property by the county should instead be taxed as personal

property, which brought the plant’s value more toward the \$7 million mark. EKAE has paid its taxes under protest since 2016, but the taxing districts that have received the money by virtue of their property tax levies have predominantly held the funds in reserve to pay all or a portion of it back should the eventual appeal go in EKAE’s

McCullar set for federal sentencing this Friday

Penalties could range up to
\$250,000 fine and 20 years per
charge in child porn case

BY DANE HICKS THE ANDERSON COUNTY REVIEW

LINCOLN, Neb. – A former Garnett man is set for sentencing on Friday in a Nebraska federal court after pleading guilty to child pornography charges earlier this year.

Michael Dean McCullar, 47 of Dwight, Neb., pleaded guilty in August to two of four counts originally filed against him in connection with a deep-web Internet child porn investigation by U.S. Homeland Security in October of last year. The former regional manager of Johnson & Johnson’s Ortho Diagnostics division and former chairman of the Anderson County Republican Party Central Committee pled to one count of production of child porn and a single count of possession of child pornography.

Penalties for those convictions can include fines up to \$250,000 and imprisonment of up to 20 years on each count. Two counts of distribution of child pornography were dropped by federal prosecutors in exchange for the plea deal.

McCullar was identified by federal agents after he attempted to traffic pornographic

Plea deal may come together for Daulton Monday

BY DANE HICKS THE ANDERSON COUNTY REVIEW

GARNETT – The attorney for a Garnett man charged in an April armed standoff with law officers may reach a plea deal with the Anderson County prosecutor’s office next week.

A plea hearing has been scheduled on the Anderson County District Court docket for October 28 for 24 year-old Joseph “Theo” Daulton III. Daulton, who held officers at bay for several hours April 24 after an altercation with his grandmother at her residence on North Maple Street in Garnett originally faced fel-

ony charges of mistreatment of an elderly person, criminal threat, interference with a law enforcement officer and criminal

damage to property.

Investigators said Daulton became embroiled in a dispute with Joy Daulton that morning. Daulton was eventually able to leave the residence

County reaches settlement over botched road project

Four years later,
county recoups funds
from Utah company

BY DANE HICKS THE ANDERSON COUNTY REVIEW

GARNETT – Four years after a debacle of a road resurfacing project on 1600 Road west of Garnett, Anderson County Commissioners have reached a settlement with the original contractor they said fouled up

the project.

Mediation by the attorneys representing both the county and the Coughlin Company of St. George, Utah, arrived at a settlement by which the company’s insurer would pay Anderson County \$273,715 for added expenses, damages and other costs before a scheduled October 29 jury trial.

County counselor James Campell said the agreement was expected to be filed with the court the end of this

month.

Anderson County initially hired Coughlin in the summer of 2015 to resurface a 9-mile section of 1600 as a part of its scheduled hard-surface roadway maintenance plan. Coughlin was the only company to bid the project, and county planners were optimistic the company’s “cold in place recycling” method would save about half the cost of standard hot-mix paving.

The project was beset by

weather issues early on when it began in 2015. Workers had stripped the old hard surface road in many places but weren’t able to replace the blacktop before big rains hit. Coughlin contended in earlier arguments over the project that the road base of 1600 Road was never meant to handle the weight and frequency of truck traffic it now endures since the East Kansas Agri Energy

Work skills program aims to match employers, workers

GARNETT – Local government and business leaders last Tuesday kicked off a new work skills assessment testing program that will help convey to employers a job seeker’s skills profile, and at the same time show companies that might locate to the area what type of skills are predominant in our area.

The ACT Work Keys assessment is a test that can be administered to juniors in high school to score their

existing skills at no cost, although adults out of school have to pay for the assessment. The scoring gives employers an assessment of a worker’s skills, and give the worker an idea where they might need extra study or training in order to be qualified for different jobs.

The overall idea is to make it easier to connect companies with qualified employees, and to help employees more directly find work they’re suited for.

Garnett Community Development Director Susan Wettstein said local high schools were already administering the WorkKeys assessments.

“Parents need to be encouraged to have their kids take it,” Wettstein said, “especially now while they are in school and it’s free for juniors.”

Anderson County Development Agency Director Julie Turnipseed started the initiative in April, through

a series of two Work Ready Communities Boot Camp training workshops she attended in Omaha, Neb., learning about the program and being trained to develop a successful community leadership team to help reach required ACT Work Ready Community Certification goals.

“When asked about workforce, every commu-

ANDERSON COUNTY COMMISSION OCTOBER 14, 2019

Chairman Jerry Howarter called the meeting of the Anderson County Commission to order at 9:00 AM on October 14, 2019 at the County Commission Room. Attendance: Jerry Howarter, Present: David Pracht, Present: Leslie McGhee, Present. The pledge of allegiance was recited. Minutes from the previous meeting were approved as presented.

Road & Bridge

Lester Welsh, Road Supervisor, and Jason Hodgkinson, BG Consultants, met with the commission. Jason gave a report on the culvert/bridge replacement on 1000 Rd near Welda Lake. KDOT will be starting the US-169 work in 2020 and 1000 road will be a potential detour road. The bridge will be replaced with a 24 x 8 feet opening which is larger than the current opening. BG Consultants will finalize plans and start the bidding process for the project.

Rural Fire

Mick Brinkmeyer, Rural Fire Coordinator, met with the commission. Discussion was held on the Welda Fire Station contract. Mick has been working on finalizing the contract that he presented to the commission. Commissioner McGhee moved and Commissioner Pracht seconded to approve the contract with Waverly Post Frame Structures to build the Welda Fire Station. All voted yes. Mick gave the commissioners the updated agreement between the City of Garnett and Anderson County for fire services. The agreement reflects how the departments are currently run and their mutual aid with each other. The Anderson County Commissioners signed the agreement and will be giving it to the City for consideration.

Willdan Engineering

Hilary Edwards, Justin Pape, Craig Lytle with Willdan Engineering met with the commission. Willdan Engineering is a company that helps organizations become more efficient in their buildings with items such as lighting, HVAC, windows, and plumbing. The commissioners had them do some research on the window repair for the crow's nest. The company put together a proposed plan for replacement. The commission would like for them to return with hard numbers and timeline for the repairs.

Shirley worked for several companies in the Kansas City area but most enjoyed her long time employment with Dr. Sam

Hoepfer and Dr. Sam Hoepfer, Jr as an insurance clerk and office/medical assistant.

Shirley was preceded in death by her parents and brother, Jack Feuerborn.

She is survived by one sister, Alice Schill of Jacksonville, Florida; one brother, Jerry (Ellie) Feuerborn of Salina, Kansas; and one niece, Jane Serene (James Parnell) of Salina, Kansas.

A memorial service is planned for Saturday, November 2, 2019 at 10:00 AM at the Feuerborn Family Funeral Service Chapel in Garnett, with a luncheon immediately following at Parkview Heights. Memorials may be made to Hope and Love of the Laity Fund (H.A.L.L.), for the Scipio Hall Fund and left in care of the funeral home. You may send condolences to the family at www.feuerbornfuneral.com

favor.

The resolution of the case would presumably free up those dollars for local budgets or for tax relief for property owners. Garnett City Manager Chris Wiener said during the recent 2020 budget compilation the city had escrowed some \$570,000 to repay a possible appeal decision. Anderson County, which receives the

bulk of the tax benefit from the plant, had banked some \$1.4 million in a reserve fund pending the resolution of the appeal, according to county clerk Julie Wettstein.

USD 365 Superintendent Don Blome said the district has no escrow, but would make the funds up with contingency funds.

The finding could be appealed.

God has a solution if life is not fair!

In Job 1 we read, "In the land of Uz there lived a man whose name was Job. This man was blameless and upright: he feared God and shunned evil." We also read that Job was "the greatest man among all the people of the east." As the passage develops we see a conversation between Satan and God. You see Satan like you and I is accountable to God. Satan however cannot see into our minds or foretell the future.

Satan requests permission from God to attack Job and in a period of hours he destroys everything Job has. Job loses his livestock, his servants and even all of his children as well as his health. As Job reflects on his position he states, "Man is born of woman, is of few days and is full of trouble. He springs up like a flower and withers away; like a fleeting shadow, he does not endure." (Job 14:1-2)

Job certainly had every reason to be pessimistic he had lost everything he had yet he states, "Shall we accept good from God, and not trouble." All of us like to receive good things and it doesn't take very much hardship for us to complain. Certainly life can be very unfair at times. When we lose loved ones or suffer sickness or economic hardship we wonder why. Sickness, loneliness, disappointment and death caused Job to say that life is not fair.

WEEKLY DEVOTIONAL

BY DAVID BILDERBACK

God's solution to believers who live in an unfair world is to guarantee life with him forever.

In Job 14:14 Job asks a question, "If a man dies will he live again? All the days of my hard service I will wait for my renewal to come." This statement shows us that Job hoped for the resurrection of the dead. Job did not hope in vain. We read in John 3:16, "For God so loved the world that he gave his one and only Son that whoever believes in him shall not perish but have eternal life." The key word here is "Whoever". The ground at the foot of the cross is level. Salvation is offered to all who believe. As the old hymn states, "Nothing in my hands I bring simply to the cross I cling." Make that decision today.

Secret hearings? Where’s the press?

From all the crowing we journalists do about busting the occasional secret meetings of our school boards, city zoning boards or county commissions, you’d think we’d be going full Watergate-Monica Lewinsky-Iran/Contra-Colonel Sanders’ secret recipe about the closed-door impeachment hearings being held by Democrats in the U.S. Congress.

But oddly, not a peep about such secrecy from the press, and we have to wonder why. There’s been a v-e-r-y rare silence from Jim Acosta; Wolf Blitzer must be tied up watching re-runs of the first night of the bombing of Baghdad in the first Gulf War; George Stephanopoulos is apparently busy buying himself another vowel.

No, us righteous wranglers of the Fourth Estate, otherwise so bent on going to extremes to protect the people’s right to know, are standing mute these past weeks about the historic abuse of power by Democrats who control the U.S. Congress. Even among a national press corps so demonstrably biased as the American mainstream media has been since the election of President Donald Trump, one would think the conduct of secret hearings to remove a sitting U.S. president wouldn’t raise just a thimble full of anxiety from journalists typically so aghast at governmental cloak-and-dagger.

After all, these Star Chamber-style hearings of subpoenaed witnesses, conducted by Democrats in the House Intelligence Committee specifically so they can be done in secret (the HIC typically hears information on issues of national security), provide obvious fodder for accusations of abuse of power. Before Donald Trump became president, that used to be one of conventional journalism’s favorite and most justified targets.

In the grand old days of impeachment hearings aimed at Andrew Johnson, Richard Nixon and Bill Clinton, a vote in the House of Representatives declared the body’s intent to launch impeachment proceedings and those proceedings were held publicly in the House Judiciary Committee. House speaker Nancy Pelosi announced last week in an unprecedented move that there will be no House vote, providing cover to Democrat congressmen seeking re-election in 2020 to remain off the radar of their constituents and further silencing House Republicans who would be allowed to debate the question in public previous to a vote. As it stands, Republicans aren’t even allowed to subpoena witnesses in the secret hearings.

Imagine for a minute if the investigation into

the 2014 shooting of Michael Brown in Ferguson, Mo., had been conducted by a secret panel with only the approved information released. What if members of congress closed the door on testimony by Big Tobacco executives back in the 1990s, or on Christine Blasey Ford’s allegations of sexual assault against Supreme Court nominee Brett Kavanaugh during his confirmation hearings? Would the American press corps have had an editorial opinion if those proceedings had been covered up and kept from public view?

No matter your opinion of Donald Trump, when a handful of congressmen have the power to attempt to threaten a legally elected president with impeachment and keep the record, testimony and witnesses secret from the American public – that ought to scare the hell out of you.... unless you’re Joseph Stalin.

But then again all the floodlights from the past three years have been shining this direction since Trump’s election win in November 2016. Democrats swore to impeach him and have made numerous attempts with the jubilant cheerleading of a complicit mainstream media – Stormy Daniels, The Russians, Comey-gate, Mueller-gate, The Wall, Travel Ban – just to name a few. Each week brings a new attack, and the mainstream press holds steadfast in its role as ally and collaborator, regardless of the number of failed attempts made and the sacrifice of its ethics and reputation.

Perhaps there’s an opinion to be noted about a party bent on nothing short of a coup of a sitting, legally-elected American president? It’s another perspective the American press is entitled to ignore, and that’s no secret, either.

Hey (name deleted), did you know if you get two sugars with your coffee at (restaurant name deleted), that means the gal that brung you it is sweet on you? Yes sir.

A real Christian attitude to bash a child’s Christmas parade theme. And I wonder if you even bothered to submit one. His was sweet and timely.

Dane, after seeing your letter in the Kansas City Star, it would seem this paper– your paper – hates Democrats even more than you gave credit to the Star for hating Republicans.

I agree with the person who called the Phone Forum and said Patrick MaHomes should not be part of the Garnett Christmas Parade theme. It would serve us to remember Christmas is about the birth of Christ, central to Christian belief. We have allowed gross commercial and secular adulterations to take over the Christmas holiday in so many other respects. I for one believe we should uphold something more traditional and more reverent.

Our nation is due for a dialogue on civility

Can we talk?

Joan Rivers made that catchphrase popular decades ago, but in 2019 the answer to the late comedian’s heartfelt query appears to be a resounding no. Whether it’s tweets on social media, pundits on TV, politicians in Washington, or parents at a youth soccer match, much of the communication we engage in today is ill-mannered, inconsiderate, vicious and sometimes downright cruel or violent.

In short, civility is taking a beating.

Incivility occurs because we lose sight of what it means to be an ethical person. Ethical people do not berate others. They certainly don’t promote violent behavior. Being willing to accept the ideas of others who may not agree with you is a sign of civil behavior. It values those with opposing views as members of humanity.

Ellen DeGeneres made that point recently when she became the target of online outrage after she was seen enjoying a Dallas Cowboys football game with former President George W. Bush. Those taking umbrage with DeGeneres didn’t understand why she would hang out with someone whose beliefs and ideals are diametrically opposed to hers.

‘When I say be kind to one another, I don’t mean be kind to the people who think the same way you do,’ DeGeneres told a studio

GUEST COMMENTARY

audience. ‘I mean be kind to everyone.’

An annual poll by Weber Shandwick, a public relations firm, found that 93 percent of Americans believe there is a civility problem in the country, and Mintz says that, whether people realize it or not, we all pay a price.

Incivility occurs because we lose sight of what it means to be an ethical person.

Incivility can negatively affect happiness and impact wellness. It can harm mental and physical health, affect productivity in the workplace, inhibit civil engagement, and, taken to an extreme, cause violence in our streets, schools, and places of business.

Who’s at fault for the decline of courteous communication? The Weber Shandwick poll found that 57 percent of Americans lay the primary blame on social media and the internet.

Other culprits they point to include behavior in the White House (50 percent), politicians in general (47 percent), news media (40 percent), political and social commentators (38 percent) and Hollywood celebrities (30 percent).

All is not lost, though. Try these tips for how everyone can do their part to stem the rising tide of incivility.

- Think before speaking.
- Focus on facts rather than beliefs and opinions.
- Be open to others’ ideas without hostility. Disagree with others respectfully.
- Focus on the common good rather than one’s personal agenda.
- Finally, ask yourself how you would feel if the comments you are about to make or treatment of others went viral on social media, Would you be proud of it

I’m convinced the nation could use a good public debate on civility. Unfortunately, our leaders don’t seem to think it’s important enough to do. The Democratic presidential debates haven’t touched on these issues, but what better way to address gun violence, workplace harassment and bullying than openly discuss how a lack of civility is tearing apart the basic fabric of society?

NATIONAL COMMENTARY

RICH LOWRY, King Features Syndicate

toric enmity between the two, it’s possible to alienate only one at a time. After we dumped them, the Kurds have fallen into the arms of the Assad regime in Syria, while Turkey will be as hostile to the U.S. as ever once Congress gets done trying to punish it for its invasion.

Just like Obama’s withdrawal from Iraq, Trump’s pullback in Syria is a belated reaction to the Iraq War. Obviously, there is no political support on the right or left for invading and occupying a Middle Eastern country again. But there’s a vast distance between the height of the occupation of Iraq, when we had 150,000 troops fighting a war of counterinsurgency, and our minimal commitment in Syria

aimed at creating and supporting a proxy force to do the hard fighting against ISIS.

To throw both the Syria and Iraq interventions together under the rubric of “endless war” is to fail to make distinctions. It’s senseless to oppose a relatively cost-free action in Syria that has succeeded in its own terms (the ISIS caliphate has been defeated) because the Iraq War was fought for years at a high cost with dubious results. It’d be like opposing the invasion of Grenada because the invasion of Normandy required so much blood and treasure.

The long-standing American military reflex is to win and go home, but it’s rare that even the most clear-cut victory is so neat. We won a decisive conventional military victory in World War II in Europe, and we still have troops in Germany. The first Gulf War is supposed to be the model of a rigorously limited commitment, but it still resulted in a no-fly zone over Iraq, the creation of an autonomous region for the Kurds in the north and a constant effort to enforce U.N. sanctions.

Nor is getting out as clean as advertised. Obama triumphantly exited Iraq, only to have to go back in when things spun out of control. If Trump wants to be done with Syria, it might not be done with him.

Oct. 1999: County nixes Y2K test run

More artifacts found at old homesite

October 2009

A Garnett man may soon face charges in Anderson County for what local authorities believes involves several cases of theft. Anderson County Sheriff Detective Vern Valentine said evidence had been given to the county attorney for charges to be filed against Bob Hayden, who allegedly has stolen various items from Anderson, Coffey, and Osage Counties as well as Topeka.

October 1999

County commissioners this week approved a recommendation from the county's computer systems administrator that the county forego the cost and inconvenience of a test run of computer systems prior to January 1, 2000, which would ensure the systems would be Y2K compliant. Marsha Dulin and county department heads had tentatively planned a test run of the computer equipment this fall to simulate the arrival of the year 2000, in order to check the equipment prior to the actual date of the event.

October 1989

Unemployment in Anderson County rose to 4.8 percent, but the figure is still the lowest unemployment rate in a six county area. Four of the other five counties in the area also saw unemployment rates climb during the same period. Coffey County had a decrease. Miami County had the lowest rate in the state at 4 percent, but even their rate increased 1.3 percent. Labette County is listed with the highest unemployment rate in the state at 8.7 percent due to

the loss of manufacturing jobs.

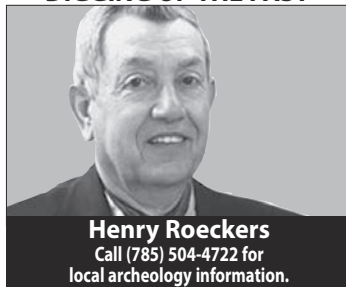

October 1979

A fire that lasted five hours and burned several thousand acres of farmland started east of Westphalia about 4 p.m. yesterday and also burned a lot of land in the Mont Ida neighborhood. Crews from Garnett, Welda, Harris, and Westphalia battled the blaze until about 9:30 p.m. No buildings were burned, but the fire came extremely close to the Dennis Callahan home in that area. Several individuals with water tanks also helped extinguish the blaze.

Kansas shoe dealers have asked Governor Allen for help in trying to prevent an additional increase in the price of shoes. The retailers asserted that there was no justification for the proposed increase from \$2.50 to \$4 per pair on the wholesale price of shoes. The increase is effective as of September and could be expected as early as next spring.

DIGGING UP THE PAST

October 14th 2019 and yet another visit to my favorite old homesite of 1857.

Yesterday was such a beautiful day, so I decided to take full advantage of it and do a little looking and digging in the dirt.

This picture reveals how my afternoon went: looking from left to right and starting at the top are: Iron weight, appears to be a short section of a pistol barrel, iron washer, scissors handle, iron domed cap, large spoon or ladle handle, iron pin, utensil bone handle, wood screw, two horseshoe nails, flattened thimble, little brass buckle with iron tongue, badly damaged suspender slide, little brass ring, 1864 Indian Head Penny, iron button, two bone buttons, lead pistol ball, two decorated dish ware shards,

four glass ware shards from the same bottle (embossed Pittsburg, PA) and last of all a real mystery. Is it silken fabric? Gold threaded fabric? Or is it even fabric at all? All I know is it laid in the ground at a depth of 8 inches for over 160

years.

Another wonderful day, doing what I love to do,

Foltz's home in Garnett as a "pop-up" store in 2016, setting up at various locations as a vendor. Monroe 816 transitioned to a brick and mortar retail store in 2018. What started as a home-based business has fast become one of Garnett's town square anchor businesses, bringing both the retail shopper and those wanting to take lessons on Do-It-Yourself projects to Garnett.

"Val is social media savvy, and her use of live/recorded videos and fresh marketing approach are putting Monroe 816 and Garnett on the map as a destination experience," Weiner said.

The retail boutique features restyled furniture, home décor and DIY workshops and is located near the northeast corner of 4th Avenue and Oak Street.

SETTLEMENT..

Ethanol plant started taking corn shipments 24 hours a day. That constant pounding was part of the problem with this company's insufficient repair, Coughlin maintained.

County road department superintendent Welsh said in an interview earlier this year core samples of the roadbed and the repair conducted by an engineering company revealed

the problem was due to an improper mix of concrete in the hard surface compound used by the company. Coughlin denied the veracity of that report.

Anderson County filed a claim on the company's performance bond in the spring of 2017, after Coughlin attempted to repair the section and petitioned the county for an extra \$56,000 for the added work. Problems however

remained with the segment, and Coughlin denied the claim when Anderson County called its performance bond. Commissioners later hired another company to rectify the project and filed suit against Coughlin early in 2018.

County clerk Julie Wettstein said the county was in receipt of the settlement payment which was negotiated by the arbitrated agreement.

with a family friend, and later reported to officers that her grandson, a convicted felon, was at the home with a firearm which was a violation of his probation.

Theo Daulton barricaded himself in the house when officers showed up to confront him, leading to a standoff of several tense hours. Daulton surrendered just as a special tactics team was set to move against the house. Daulton has been held in the Anderson

County Jail since then in lieu of bond.

A plea bargain typically sets up an agreement between the defendant and the prosecution by which the defendant agrees to plead guilty or no contest to a charge or charges in exchange for the dropping of one or more other charges, the reduction of a charge to one with a less severe penalty, or a recommendation to the judge for a specific sentence.

Daulton's hearing is set for 11:30 a.m. Monday.

Family reunion and Herynk birthday party took place Sept. 29th

Francis Michael Herynk from Hanover, Kansas wed Christena Pracha of Marysville, Kansas on 11/3/1906.

Herynk

They spent the first few years of married life in the area around Odell, Nebraska which is just across the state line from Marysville. In 1911 they bought 160 acres of land, with many good out-buildings, 1 mile south and 1 mile east of Lone Elm, moving their family south. They named their new home, "Maple Grove

Stock Farm," and raised registered Spotted Poland - China hogs, registered Herford cattle and five wonderful kids; that's children, not goats!

On Sunday, September 29th, five generations of Francis & Christena's descendants spilled into the former Kincaid High School building to reconnect at their annual family reunion. Cousins from California, New Mexico, Iowa and Illinois came home to join those who'd remained in Kansas, to celebrate their heritage. A total of 73 family members attended. They ranged in age Tom Herynk, the oldest at 95 to baby Ruth at

just 4 months old.

Good food, fond and often hilarious memories and new and old connections were shared as the food was blessed and the stories began to flow. As the 2nd, 3rd and 4th generations visited, the 5th generation became acquainted with each other while playing ball in the gym. At 2 p.m. the reunion morphed into a 95th birthday celebration for Tom, who's real birthday was September 16th. A great many friends and neighbors came to congratulate him on this longevity, share memories and enjoy a slice of birthday cake. A grand time was had by all.

City receives grant from the Kansas Leadership Center

Wichita, Kan. – The Kansas Leadership Center (KLC) has selected 33 new organizations across Kansas – one from Garnett – and 30 returning organizations to serve as 2020 Leadership Transformation Grant partners.

"In the five years we've been offering Leadership Transformation Grants, we have more grantees this year than ever before," said Ed O'Malley, president and CEO of the Kansas Leadership Center. "In 2020, KLC will partner with 63 organizations across Kansas to help them manage change and make lasting progress for years to come."

Every year, KLC provides grants—valued at up to \$150,000 each—to civically engaged organizations across Kansas to participate in KLC leadership programs. The grants are

divided among five sectors: education, non-profit, faith, government and business. By the end of 2020, KLC will have given 257 grants, trained over 8,700 people and invested close to \$7 million in Kansas organizations and communities.

The new 2020 Leadership Transformation Grant partner from Garnett is the City of Garnett.

"The Leadership Transformation Grant is a three-phase process that helps organizations develop a shared language for problem solving, greater collaboration skills and the internal capacity to address and intervene in the most daunting adaptive challenges," said Ashley Longstaff, program manager at the Kansas Leadership Center.

Applications for Leadership Transformation Grants are

accepted between June and August each year. See the complete list of 2020 partners and learn more at <https://kansasleadershipcenter.org/grants/>.

Bulldog golf team qualifies for State Bulldog girls and boys both win league cross country

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

GARNETT - Last Monday, October 15th, the Anderson County Bulldogs girls golf team finished 3rd at their home 4A golf regional to qualify as a team for the state tournament that began Monday October 21st and will conclude today in Hesston.

Wamego (367) won the regionals, followed by Tonganoxie (381) and then the

Bulldogs with a score of 405.

Maclaine Sears finished the day with a score of 92, which was 6 strokes behind Morgan Brusven (86) of Tonganoxie.

Madison Stevens (94) finished 7th, Jaxcen Farren (99) finished 10th, Ally Duke (120) finished 23rd, Madolyn Honn (133) finished 29th and Hailey Blanton (141) finished 31st on the afternoon.

“The team started out really

nervous and put a lot of pressure on themselves knowing how well they played the week before at their home invitation-al. I’m really proud of this team for keeping their composure and finishing strong. These girls have worked so hard this year to earn their way back to state.” head coach Nicole Wiehl stated.

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

GARNETT - The depth of both the girls and boys teams really showed up at the Pioneer League Championships last Thursday in Garnett as both teams came home with 1st place finishes, barely edging Iola on both sides.

The girls team via tiebreaker as both teams had a score of 45, but the 5th place finisher for AC was in 14th place, just ahead of the 5th place finisher of Iola which gave AC the top finish.

Rayna Jasper finished 1st

overall with a time of 21:49. She was joined in the top 10 by Lilly Spring (8th, 22:56) and Maryah Ackerman (9th, 23:15).

Rounding out the top 10 girl runners on the day are Emily Moyer (13th, 23:46), Maya Corley (14th, 23:48), Lanie Walter (16th, 23:54), Makenzie Kueser (20th, 24:22), Katie Schmit (24th, 24:59), Orra Lutz (25th, 25:02) and Bailey Gruver (37th, 27:03)

While Anderson County (40) and Iola (42) didn’t tie, each of the top 5 finishers were very important as only 2 points sep-

arated the two.

The boys had 3 runners as well in the top 10.

Riley Hedges (4th, 18:13) led the way with Dallas Kueser (5th, 18:29) and Morgan Hall-Kropf (6th, 18:31) right behind him.

The remainder of the top 10 runners for the boys were Seneca Wettstein (11th, 18:59), Kasen Fudge (14th, 19:17), Anthony Childers (21st, 19:38), Tucker Nelson (22nd, 19:38), Orvel Broce (24th, 19:43), Jera Riehl (26th, 19:57) and Nathan Schmit (29th, 20:07).

Prairie View blows past Bulldogs

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

LACYGNE - The Anderson County Bulldogs 3 game win streak came to a screeching halt on Friday night at the hands of undefeated Prairie View, 41-0.

Prairie View scored a pair of first quarter touchdowns on a 3 yard run to open the scoring and then from 8 yards out to go up 14-0.

They would score two more

touchdowns in the second quarter. The first score was a one yard run and then a huge 93 yard scoring strike through the air to take a commanding 28-0 lead into intermission.

Prairie View would tack on one score in the third quarter, a 26 yard run, and another 30 yard run in the fourth quarter to close out the scoring.

As a team, PV outgained AC in total yards 398-78.

Most of the damage was on the ground as Prairie View gained 305 yards on 33 carries.

The final regular season game will be this Friday at home against Burlington with the kickoff at 7 p.m. Both teams will enter the game at 4-3 as Burlington has won their last 2 games against Iola and Osawatomie.

Bulldog volleyball continues strong play

GARNETT - The Anderson County Lady Bulldogs improved their record to 17-10 overall and are also 9-1 in league play following a pair of wins last Tuesday night over Wellsville and Prairie View.

The Wellsville win took 3 hard fought matches to get the victory. Wellsville took the opening set 25-27 before Anderson County rebounded for 25-15 and 25-17 in the next two sets to win the game.

Kaylyn Disbrow had 8 kills and 4 digs. Abby Reid had 9 kills, 7 stuffed blocks and 17 assists. Grace McAdam had 9 digs to lead AC.

Cali Foltz added 12 kills, 4 digs and led the team with 4 aces in the game.

In the second match against

Prairie View, the Bulldogs had a much easier time winning 25-9 and 25-18 in two sets.

McAdam led the way with 13 digs and 4 aces in the game. Foltz added 7 kills and 3 digs.

Crest Lancers win 3rd straight

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

COLONY - Following a tough stretch in mid to late September in which the Crest Lancers dropped three straight games by a combined score of 166-22, they have responded with a 3 game winning streak in October following a 40-16 victory over Southern Coffey County at home on Friday night.

After a sluggish start, the Lancers picked it up in the second half by scoring 3 third quarter touchdowns to pull away from SCC.

“We were sloppy and had a lot of fumbles and penal-

ties that put us in some bad positions,” head coach Nick McAnulty stated. “We were able to overcome those big mistakes with some big runs.”

The three headed monster of Zach Beckmon, Stratton McGhee and Jacquez Coleman combined to carry the ball 37 times for 526 yards which is an incredible 14.2 yards per carry.

Beckmon led the way with 14 carries for 235 yards and 3 touchdowns.

McGhee added 12 carries for 161 yards and Coleman had 11 carries for 130 yards as both players also added a touch-down.

McGhee led the way defensively with 13 tackles on the night.

Next up is a Friday night matchup against Altoona-Midway on the road.

A win will clinch a home playoff game, which is always important come postseason time.

“We are setting at number 2 right now in our district but we need to beat Altoona Midway to remain the number 2 seed. If we can do that then we will have a home playoff game week 9 for the first round of the playoffs,” Coach McAnulty stated.

Viking boys win league, girls finish well

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

Central Heights Vikings boys cross country team continues to win despite some stiff league competition. The girls did very well also, but didn't have enough competitors to place as a team.

Leading the way for the boys was Tyler Stevenson (17:53) who finished in first.

He was joined in the top 10 by Alex Cannady (5th place), Mason McCurry (6th) and David Craft (9th).

All three girls that ran medaled and placed in the top 11.

Madison Bridges finished in 3rd place, Abby Brown finished 4th and Samantha Ferris finished just outside the top 10 in 11th.

"It was a fantastic day on the course for these kids and I'm incredibly proud of what they were able to accomplish against some very good competition," Viking coach Troy Prosser stated. "The Flint Hills League has produced some of the top runners and teams in the State for several years and being able to place where we did is great. Kaylee, Melaney,

Emma and Ashley led a middle school girls team that was almost unstoppable this season."

"Connor, Dakota, and Jot were consistent and kept improving each week for the boys team. It was really cool that the middle schoolers all set a goal during the summer to sweep the league titles and the focus and hard work by every one of them made it come true," Prosser added

"Although the high school girls didn't field a full team this week, Madison, Abby and Sam all ran strong on a tough course and kept themselves on track to bring out their best in the near future."

"The boys, on the other hand, were disciplined enough to hold off a strong Osage City team. They gave us a good push, but the boys wanted to defend their league title and placed our top five all in the medals once again," Prosser said.

All in all, Prosser added that it was a great middle school season and the high school season marches on as Central Heights will host the Regional

meet next Saturday.

Crest runners finish 2nd & 3rd at league

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

Lancer cross country runners Ursula (21:57) and Elka (23:02) Billings finished 2nd and 3rd respectively at the league meet last week.

Also placing was Bailee Griffith (27:29) in 15th place.

"We competed great at league," head coach Kaitlyn Dispensa stated. "I was very impressed with all of the girls' performances today. The Billings sisters went in wanting all league and they received it! Bailee Griffith is improving her times each week she PR'd this week. She is striving to work on the middle of her race knowing it is the toughest."

Middle school also competed.

Lady Lancers earn split on Senior Night

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

COLONY - It's been an up and down season for the Crest Lancers volleyball team as they closed out their regular season with Senior Night last Tuesday and came away splitting games on the night.

In the opening game, Southeast had the upper hand after a tough opening set and cruised in the second set to win the game (25-27, 9-25).

Despite the loss Lancer head coach Abigail Hermreck was happy with the Lancers play. "We started out playing strong and with confidence. It was so refreshing to see after some disappointing losses lately," Coach Hermreck said.

In the second game on the night the Lancers cruised to a two set win, 25-19 and 24-13.

Freshman McKenna Hammond led in serve receive passing at 91% and had 7 digs. She had 100% serving against Moran, 14/14 with 3 aces.

Senior Ridley Black also led in serve receive passing at 82%.

Junior Aubree Holloran led in assists and served 100% against Moran 9/9 with 2 aces.

Sophomore Lindsey Godderz had 90% serve receive passing and 7 digs.

Freshman Sydney Stephens led the night with 6 kills and 2 blocks. She served 100% against Moran.

Freshman Haylee Beckmon served 7/9 with one ace and had 2 kills.

Sophomore Anna Hermreck had 2 kills and 1 block.

Freshman Brinley McGhee served 10/11, 91%, and had 1 ace against SE.

Coach Hermreck added, "We still have stuff to work on and lots of room to grow and learn, but I am so excited to see this spark going into regionals Tuesday (tonight) at Oswego. It will be a tough regional, but we may just surprise somebody!"
