THE ANDERSON COUNTY REVIEW 10-27-2020 /DANE HICKS

Cold and blustery weather met the Anderson County High School fall homecoming candidates Friday night when Abby Reid and Rylie Hedges were crowned queen and king of the AC festivities. The cold wind blew throughout the game, compounding a 45-7 homecoming loss for the Bulldogs at the hands of Prairie View.

Coping, and recovering

Increase of Covid-19 cases, recoveries means more people must learn the lingo & health rules

BY DANE HICKS THE ANDERSON COUNTY REVIEW

TOPEKA – Increasing numbers of Covid-19 cases in Anderson County and across the state is pressing more patients to seek information on recovering from the virus, so state health officials are pushing the info to help educated the newly afflicted.

Kansas has seen a spike in new Covid diagnoses in recent weeks, following other Midwest and southern states not previously hard hit by the virus. Health experts say the spike may be due to cooler weather setting in and more movement and interaction by people not as concerned with social distancing.

Covid-19 had a high survivability rate from the beginning, but experts say better treatment of the virus among hospitalized cases has brought an 18 percent increase in survivability of even the most severe cases, even among some of the highest risk populations. Kansas has seen more than 76,000

cases of Covid with just under 1,000 fatalities, a mortality rate of a little over 1 percent.

The large number of people recovering without hospitalization puts them and their families, co-workers and others in search of information on how to handle a possible contact, said Anderson County Emergency Preparedness Director J.D. Mersman.

“As numbers continue to climb in the county we want to get accurate information to the community,” Mersman said. “Public health department staff and local healthcare workers are seeing more people seeking information. They are stretched for time dealing with case investigations and patient care.”

ANDERSON COUNTY COMMISSION OCTOBER 19, 2020

Chairman Jerry Howarter called the meeting of the Anderson County Commission to order at 9:00 AM on October 19, 2020 at the County Commission Room. Attendance: Jerry Howarter, Present: David Pracht, Present: Leslie McGhee, Present. The pledge of allegiance was recited. Minutes from the previous meetings were approved as presented.

Solid Waste
Scott Garrett, Solid Waste Supervisor, met with the commission. He will be hiring another truck driver this week for the landfill. Scott will be going out for bid on new scales for the transfer station which will be installed in spring 2021. Discussion was held on raising the fees to dump at the landfill. Anderson County's fees are lower and not comparable to surrounding counties. To be comparable Scott proposed an increase to \$5.00 per ton on all dumping, including C&D and trash. A minimum of \$5.00 will be imposed also. This change will take place January 1, 2021. Commissioner Pracht moved and Commissioner McGhee seconded to increase the dumping fees at the landfill by \$5.00 per ton with a \$5.00 minimum charge to begin January 1, 2021. All voted yes.

Veterans Memorial
Commissioner Howarter contacted ACME Brick about ordering regular brick and engraved brick for the memorial walkway. The representative said the brick color requested will not be available until December. Anderson County's order will be placed when she receives the quantity of bricks needed.

FROM PAGE 1
retirement six years ago for the county mowing road ditches in the summer months. I've seen how some of our tax dollars are spent and I think there can be improvements made in that area.
I like many others don't mind paying taxes but often wonder if we are getting a good return and if there are some areas being slotted money that really need to be, and if so is it too much. I've been asked where I stand on windmills, my answer to that is I'm not against them, I just don't want to see them from my back door. I think they are going to be the future of energy and the end of nuclear energy which is probably what a lot of people want to see, so far as coal-fired energy I don't know if they will ever be phased out because of big oil corporations. I've been asked what I think about what the commissioners did with the mask mandate for Covid 19, I don't think they did anything wrong, my belief is it's up to the individual. I've been asked about county roads. With my experience mowing the county ditches I have some ideas of how to make them better and maybe save money. I would appreciate your support in building a county we can be even more proud of. Thanks to all who take the time to read.

What Moses, Joshua and Jesus all said!

BY DAVID BILDERBACK

WEEKLY DEVOTIONAL
In Deuteronomy 30:19-20 Moses addresses Israel with an offer of life or death. Moses had taken Israel from slavery in Egypt to the border of Canaan the promised land. Moses had spent 40 years of his life in Egypt, 40 years on the back side of the desert of Midian and 40 years wandering with the people in the wilderness. He is about to die and he says to the people as part of his farewell address. "This day I call heaven and earth as a witness against you that I have set before you life and death, blessings and curses. Now choose life, so that you and your children may live and that you may love the LORD your God, listen to his voice and hold tight to him."
I don't believe Moses is trying to absolve himself from the leadership he provided to the people. I do believe he makes this statement to one more time make the people understand if they don't choose life and follow God they are choosing death and eternal punishment. This pattern of farewell speech is also found in Joshua as he prepares to die after leading the people into the promised land and conquering it. Joshua addresses the people as follows. "But if serving the LORD seems undesirable to you then choose for yourselves this day whom you will serve, whether the gods your forefathers served beyond the River, or the Amorites, in whose land you are living. But as for me and my household we will serve the LORD." (Joshua 24:14-15) Again just as Moses did Joshua issues a warning, choose to follow God, or choose death and eternal punishment.

Far too often people form a casual relationship with the church and a nominal relationship with God. Moses and Joshua witnessed this and both made a last plea to people to choose and follow God. However the stakes get even higher in the New Testament when Jesus addressing his disciples prior to his crucifixion tells them he is going away to prepare a place for them and they know the way to where he is going. Thomas then asks Jesus concerning the way as he is afraid he will miss being with Jesus. Jesus then points out the narrowest of ways when he says, "I am the way and the truth and the life. No one comes to the Father except through me ." (John 14:6) Jesus spent his three years of ministry on this earth preaching and teaching about God. Some people responded, some didn't. It is a choice you alone must make but when you do you will never be alone again. If you don't choose to receive Jesus what awaits you is an eternity alone living in extreme darkness. (Rev. 16:10-11).

LAYNE

JANUARY 10, 1953 - OCTOBER 20, 2020

James David Layne, He went by David as his dad's name was James also. He was born in Coronado, California on January 10, 1953, to James H. Layne and Juanita M. Hembree.

Layne

He grew up in National City, Ca. He graduated from Sweetwater High School in 1971. In the summer of 1972 he vacationed in Durango, Co. with his friend Dennis, and there he met the love of his life, Connie Jean Headrick. They were married on November 4, 1972. And were married for 48 years.

He is survived by his mother, Juanita Farris of Chula Vista, California, and 2 sisters, Kathleen Gifford of Idaho Springs, Colorado and Jamie Lerzo of Marlborough, Connecticut. Also Five sons, Jeremy of Buchanan, Mi., Joshua of Naples, Fl., Jeffrey of Grandview, Mo., James Jr. of Gardner, Ks., and Jacob of St. Joseph, Mo., 16 grandchildren (Corbin, Barak, Ethan,

Alika, Bentley, Kendall, Julian, Jaden, Jarett, Jace, Joslyn, Jesse, Jordan, Calandra, Taylor, Avery). Also many nieces, nephews, and great nieces and nephews. He truly loved them all and made each one feel so special. They brought him so much Joy.

David was baptized as one of Jehovah's Witnesses on March 2, 1968.

David was an exceptional man, loving, caring, always with a smile on his face. Even under dire circumstances he had quite a sense of humor. He was faithful and zealous, always sharing his faith with others. A self sacrificing and spiritual man.

PSA. 145:16 Says "You open your hand and satisfy the desire of every living thing." he would say to his wife "my desire is to be with you in paradise"

Two of his favorite scriptures are Revelation 21:3,42 and Corinthians 1:3,4. He would want everyone to Read those for comfort during these times.

There is not enough words to describe the example and love that David had. What a wonderful husband, father, and friend.

Armed for the election

This time, I'm not just being cynical. There's a question I can't get out of my head: What does it say about your country when the approach of the national election parallels the highest level of gun sales in the nation's history?

Seriously. Within the first six months of this year U.S. firearm retailers sold 19 million guns, according to research by the Brookings Institute. And most all of us know why. It's a thought fueled by video clips of violence by the American Left and the national Trump Hate Society, and it's not just in the back of our minds anymore. It's real fear - we're afraid that we might need to be prepared in the event we have to defend ourselves against other Americans.

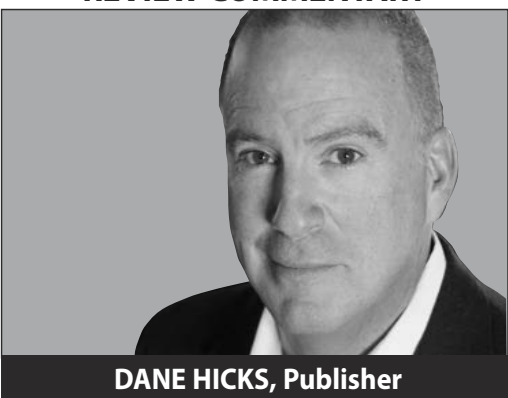

That's a dismal thought, considering this is the USA - not some backwater, junta-prone, third world muck pit somewhere in the Congo. Americans are supposed to feel protected by our celebrated rule of law and the system of government that has been the envy of the world for a century, not the .380 Smith & Wesson tucked into the waistband of our pants.

It's real fear - we're afraid that we might need to be prepared in the event we have to defend ourselves against other Americans.

If there's an undercurrent of paranoia in the gun-supporting public that sometimes fuels blips in sales - and there's little doubt of that historically in some quarters - it is instead a sense of fear for one's personal safety based on the events of 2020 that have been the difference between a run-of-the mill push of the panic button and a full-on call to battle stations this year. One only needs to see so many examples of police ambushed and shot, small business owners assaulted and their properties burned, and peaceful demonstrations of free expression attacked - to get the message that violence is no longer a fringe occurrence among the anarchy-seeking socialists and leftists of our nation.

You don't have to know Black Lives Matters was founded by Marxists to see the correlation

between the violence of this summer's riots and the eras of thuggery that beset Italy in the early 1900s and Poland and Germany in the 1930s and 1940s. You don't have to know the numbers of black and minority-owned businesses burned and destroyed by these mobs to understand that who owns what means little when thugs just want to bruise a nation and reveal its governing institutions impotent to stop them.

Last week, a "Jews for Trump" parade consisting of hundreds of vehicles decorated in American flags and Trump regalia was attacked as it made its way from Coney Island to Trump Tower in Manhattan by those intent on shutting down the free expression of their political rivals. One man along with his wife and kids was pepper sprayed through an open car window; mobs of others attacked vehicles with rocks, eggs, ripped down flags and Trump banners.

The dynamic of this national violence is now in a transition period toward something worse. Once dignity and decency are sublimated to the point that there's no respect for the rights and property of those with whom one disagrees, the step to physical harm isn't far away.

That's a process we've watched the Democrat-supported left embrace all summer as violence became commonplace at staged riots across the country.

Sadly, there's no reason to believe the outcome of next Tuesday's election brings any healing from this obsessive bitterness. There is much to fear. The nation we thought was above it all seems primed for gunfire. ###

It says on the news the opioid crisis in this country has killed 500,000 Americans. That's more than Covid has. And yet they're wanting to charge and convict the pharmaceutical companies that make the stuff for the problems these people have had. Why aren't they charging and taking to court the doctors that prescribe it and make the pipeline for this stuff to the people who get addicted to it? The doctors are getting off scot free and they're the ones at the front of the line of it. Thank you.

To the inbred that refers people to Facebook to get the 'real' information. You are the problem.

I'm an employee at the hospital and we've been told we cannot get on Facebook and talk about our jobs. I wonder why Dr. Belcher is an exception? Doctor or not she is posting health information and could be wrong.

I agree about the flashing sign on our beautiful square. It makes our street look like a construction zone. And it appears to only say (doctor's office name) and their phone number. Did they pay for that?

Congratulation Anderson County Commission. There were 87 cases on October 7 and 153 on the 21st. That's an increase of over 75 percent in just two weeks. I only wish my 401K would grow so fast. Do you think maybe it's time to rethink your 'masks are recommended but not required policy'? The last time you voted on it at the special meeting it seemed to be more about telling Laura where she could stick it than actually deciding anything about masks.

Don't you ignorant people watch the news? Always telling people to wash their hands, wear masks, safe distance. This plague will never slow down unless you as a parent a loved one a friend start following rules. Just in one day they had 2,300 cases in Idaho. That would wipe out Garnett. If you ignorant people don't want to help fight this plague then stay home. Stay away from me, my loved ones. You are only asking for the silver spoon in your mouth to turn green. God bless you and your stupidity.

Free speech, unless you're conservative

Dear editor,
My name is Paige Harding. I am the President of the University of Kansas College Republicans, the Chairwoman of the Kansas Federation of College Republicans, as well as staff for the Kansas Republican Party. Recently, a student at KU was put on probation by her sorority for expressing her conservative beliefs in social media. We have launched a call campaign as well as a petition in support of free speech and to spread inclusivity of ALL opinions.

We are asking people to sign the petition and call Theta Nationals to ask for inclusivity of ALL opinions 800-526-1870.

Attached are flyers with instructions for the call campaign and the petition is linked below. We would greatly appreciate your support and if you could spread the word.

Thank you for your help and support as we continue to fight the good fight on college campuses all across Kansas. Feel free to reach out with any questions.

Dueling townhalls didn't serve public

President Trump and everyone else knew that the NBC Townhall exposition would be contentious and that the ABC Townhall with Joe Biden, broadcast at the same time, would be gentle.

And that's exactly what happened. The NBC moderator, Savannah Guthrie, was under heavy pressure to make Donald Trump squirm. The left had battered NBC for daring to put the President up directly against Mr. Biden. Apparently, they feared Trump would get higher ratings than Biden.

So Savannah spent almost all her interview time on the liberal attack line: why the President doesn't promote masks, his taxes, white supremacy, QAnon; the usual greatest hits.

Meanwhile, George Stephanopoulos, an avowed liberal democrat and chief correspondent at ABC News, did not even ask Joe Biden about the biggest political story in America: the exposure of his son Hunter as a person who used his father's political power to make millions of dollars.

George, of course, knew he would look weak not asking about Hunter but his bosses at Disney, which owns ABC, want Biden to win the election so the fix was in.

That is the state of the corporate media in America today.

The question is, how did the national press become a political entity? Why have standards of journalism collapsed?

The short answer is Donald Trump. Many press chieftains despise the President because they see him as a vulgarian who panders to conservatives. Therefore, they are directing

NATIONAL COMMENTARY

BILL O'REILLY, Guest Commentary

their power to remove him from office, not responsibly seek the truth about his administration.

The long answer is the "media culture." Some years ago, Bernard Goldberg wrote a book about CBS News called "Bias" that credibly reports the left wing slant of the organization - an outfit that employed him for more than 20 years.

I worked for CBS for three years and saw what Bernie saw: an organization that valued a liberal point of view. At the time, there was some discipline at CBS News so left wing bias was tamped down on the air, especially in local news where little political spin existed. But the Dan Rather crew was very liberal and hired many like-minded people.

The same culture was in place at NBC News under Tom Brokaw and at ABC News starring Peter Jennings. I worked at ABC for two years and knew Jennings well. He was a social liberal but not aggressively left. The boss at

ABC News, Roone Arledge, was in the same category.

But, generally speaking, those managers who did the hiring at all the networks were looking for journalists who would "fit in." Thus, most network news employees were men and women of the left.

President Reagan was not widely admired in the halls of the three networks. But, again, ideological reporting was kept under control with exceptions like Sam Donaldson. Most of the time, the digs against Mr. Reagan were far more subtle than they are today against Mr. Trump.

The harsh truth is that today most corporate news agencies have openly allied with the Democratic Party. So, President Trump is not only running against a political organization, but also against companies that literally have billions of dollars and thousands of employees lined up to defeat him.

The nation's two most powerful newspapers, The New York Times and The Washington Post, are openly hostile to Donald Trump, as are the wire services which provide articles to smaller papers from coast-to-coast.

If, somehow, President Trump manages to win re-election, it would almost be a miracle and the Vatican should investigate. Never before in American history has the press and the powerful social media corporations joined together in a single mindset to crush a presidential candidate.

And this colossal Constitutional abuse is happening right before our eyes. As the dueling network Town Halls proved beyond any reasonable doubt.

The press doesn't cover Biden; it covers for him

Joe Biden is the most cosseted presidential candidate in memory.

He's run a minimalist campaign that's avoided the press as much as possible, while the press hasn't been braying for more access and answers, but eager to avoid anything that could be discomfiting to the campaign.

Never before has the media been so openly fearful of asking or reporting something that might hurt a presidential candidate. Even the lowest common denominator of news - simply being interesting - has been tossed aside. Boring and uneventful is the new newsworthy.

The tendency reached a new level in the media's handling of New York Post reports on emails obtained from a laptop that Hunter Biden reportedly left off at a Delaware computer repair shop.

Here was a story with enough mysteries and plotlines to keep a couple of newsrooms busy. Are the emails, putting Hunter Biden's sleazy overseas business dealings in a more sinister light, legitimate? Did Hunter really take the laptop to the shop and forget about it? And, more importantly, what do the emails say about what Joe Biden knows or should have known about Hunter's work that depended so heavily on proximity to the vice president?

Instead, the press has been uninterested at best and hostile at worst. It's the opposite of a feeding frenzy. The media has deployed its

NATIONAL COMMENTARY

RICH LOWRY, King Features Syndicate

bomb disposal unit for fear that a potentially explosive story might detonate.

What Biden has to say about the emails is inherently of interest. Yet, he wasn't asked about it at his recent ABC News town hall. Never mind that his response would have made headlines afterward and the clip would have been shown in every TV segment about the debate.

Subsequently, CBS reporter Bo Erickson betrayed his profession by asking Biden his response to the Post story on a tarmac. He got slammed by Biden, "I have no response, it's another smear campaign, right up your alley, those are the questions you always ask."

No one rallied to Erickson's defense.

Instead, respectable figures on the center-left shamed Erickson for having asked a politician an unwelcome question - which, the day before yesterday, would have been considered Journalism 101.

Much of the press has pronounced the Post story debunked without doing any work to debunk it and believes as a matter of faith that it is Russian disinformation. Rather, the focus has been reporting on how the Post reported the story, as the press works to discredit media outlets that don't toe the correct political line - you know, just like Woodward and Bernstein did during Watergate.

This tendency toward "anti-reporting" has long characterized Biden coverage. The New York Times took 19 days to cover Tara Reade's sexual assault allegation against him, not wanting to burden its readers with information about a newsworthy charge too quickly.

Any Biden misstep is quickly explained away. The press doesn't seem to mind that the campaign is prone to declare "lids" - or the end of the candidate's public day - early and often.

Usually, the media loves candidates who make good copy, who provide drama and color. In its hatred and fear of President Donald Trump, though, it has thrown in its lot with the dull and meandering Joe Biden, bringing to the effort all the complacency and pointed incuriosity it can muster.

Both Bulldog squads win regionals, heading to state

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

GARNETT - It was a great day for the host Anderson County Bulldogs on Saturday as both the boys and girls teams are heading to state after bringing home first place finishes.

The girls were led by senior Rayna Jasper (21:59) and freshman Addie Fudge (22:03) who finished in fourth and fifth place respectively.

Mackenzie Kueser, senior, finished in 11th with a time of 23:05, followed by Kassie Mains (23:10) in 12th.

Another senior, Lanie Walter, was just inside the top 20 in 19th place with a time of 24:14.

Katie Schmit (28th, 25:40) and Emily Moyer (30th, 26:11)

also ran on Saturday.

The Lady Bulldogs won with a total score of 40. Second place Santa Fe Trail wasn't too far behind with 54.

In boy's action, the Bulldogs won with a score of 48 and Perry Lecompton was in second place with 57.

AC ended up with 2 of the top 5 runners as Riley Hedges, senior, finished 2nd place with a time of 17:17, which was 13 seconds behind champion Seth Jarvis of Burlington.

Also in the top five was freshman Landon Kraft, with a time of 17:59.

Junior Kasen Fudge (18:32), senior Seneca Wettstein (18:56) and senior Orvel Broce (19:37) finished 9th, 12th and 23rd respectively.

Also running were senior Dylan Cole (20:12, 32nd place) and senior Leo Sheahan (20:27).

As expected, head coach Mike Sibley was pleased with this team's performance.

"Congratulations to the Anderson County boys and girls cross country teams for their regional victories on Saturday. This marks the girls 1st regional championship since 1977 and the first time in our school history that the boys and girls have both notched regional victories in the same year," Sibley stated.

Both squads will head to the Wamego Country Club, 1900 Country Club Drive, in Wamego on Saturday.

The 3A boys will run at 12:00 p.m. and the girls will follow at 12:35 p.m.

Due to restrictions concerning COVID, spectators are limited to 4 fans per participant and must have wristbands to enter the venue. Wristbands must be purchased at the school where the student attends as they will not be selling tickets or wristbands at the state competition.

Lancer runner wins regionals, heading to state

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

BUHLER - Last Saturday, Crest Lancer Ursula Billings claimed another notch in her season goals as she ran away with a victory at her regional cross country meet at Prairie Ridge Park in Buhler.

Buhler is nearly 3 hours away, just a few minutes northeast of Hutchinson, and temperatures were in the low 40's at the time of the run but Billings did not let the travel or cold weather stand in her way.

The junior won with a time of 21:02, which was 17 seconds in front of second place finisher Madison Butler of Macksville High School.

Next up for the Ursula is a trip to the state meet this coming Saturday in Victoria at Victoria-Sand Plum Nature Trail beginning at 12:35 p.m.

Lady Bulldogs golf finishes 5th at state

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

EMPORIA - As a team, the Anderson County Lady Bulldogs golf squad came in 5th at the 4A state championship in Emporia.

Anderson County competed October 19th and 20th at

Emporia Municipal Golf Course with Winfield winning the championship with a total of 738. Anderson County's total was 778.

Individually Maclaine Sears, senior, was the top finisher in 16th place with a score of 184.

Junior Ally Duke (187) and senior Madison Stevens (193) weren't far behind finishing 18th and 24th respectively.

Another senior, Madolyn Honn, shot a 214 over the two day stretch and sophomore Aislyn Smith finished with a 250.

Vikings reeling heading into playoffs

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

RICHMOND - The Vikings 4-1 start is a distant memory now as they have dropped their last 3 games after falling 20-18 on Friday night to Pleasanton (3-5).

Pleasanton jumped out on top 8-6 before the Vikings tacked on a second quarter touchdown to cut the lead to 8-6.

The score would remain that way until the fourth quarter as both teams would score

two touchdowns each and all conversions failed allowing Pleasanton to hold onto their slim two-point margin.

Tony Detwiler again led the offense with 124 yards passing and two scores to go along with 113 yards rushing on 19 attempts and another touchdown.

Jarod Crawford was the leading receiver hauling in 4 passes for 73 yards and a touchdown.

Cauy Newell caught the other touchdown pass en route

to 4 catches for 32 yards. Newell also led the defense with 17 tackles.

Brady Burson and Dominic Lopez did their part defensively as well amassing 12 tackles each.

Next up is the opening round of the 1A state playoffs. Central Heights (4-4) will travel to Jackson Heights (3-4) on Friday night, the game will start at 7 p.m.

The winner will advance to play Olpe (8-0) Friday night, November 6th.

Viking boys headed to state for 5th straight year

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

WABAUNSEE - The Central Heights Viking boys cross country team is back in familiar territory with a 2nd place regional finish and are heading back to state for their 5th straight year.

Seniors David Craft (2nd place, 18:05) and Luke Cotter (3rd place, 18:13) led the way for the Vikings.

Craft was edged out by champion Gavin Brady of Brookerville by just over 3 seconds.

Freshman Dakota Kuczarski (11th, 19:09) finished just outside the top 10 in 11th place.

Fellow underclassmen Nicholas Schultze (20:48) finished 27th and freshman Alex Skeet (23:04) finished 42nd.

Rounding out the Viking runners for the day was senior Jesse Wharton (24:24) in 46th place.

Saline High School won with a total of 59, Central Heights had 70 and Bennington was narrowly behind them with 72.

For the Lady Vikings, junior Taryn Compton (22:34) earned a trip to state with a 5th place finish.

Winning the girl's run was Peyton Piepho of Bennington with a time of 21:25.

Junior Lily Meyer (25:27) finished 24th.

Head coach Troy Prosser stated, "The Regional meet is a bittersweet competition. For the majority of the runners across the State, it's their final race of the season while others get one last chance to find a new level. This entire season, up to this point, has been complex, to say the least. Lily (Meyer) has been one of our top runners for the past six years but found herself snake-

bitten with the injury bug this year and never really had the opportunity to fully heal up from it. While the season ended one week short for her, Taryn continued to improve and grow into an even stronger runner as the season progressed and solidly staked her claim as a name other runners and coaches know at every meet.

Prosser added, "The boys, on the other hand, had a very tough challenge living up to their own success and standard from the past four years. On a 33 degree day with a bitter, east wind, they didn't flinch and put together their best performance as a team this season - earning a chance to run as a group at the State meet for the 5th straight year. It took all six of them but David and Luke turned in some killer performances taking 2nd and 3rd. Dakota also had a great race in his first Regional meet as a freshman (11th) - only a few seconds away from an individual medal. Nicholas, Alex, and Jesse all found exactly who we talked about needing to beat in order to place in the top two and handled business perfectly."

"On a personal note, heading to Victoria, KS for the 2A State Championships might seem like a huge change for some, but it's my mother's hometown, one that I visited almost every other weekend for my entire childhood to see my aunts, uncles, cousins and grandparents. In a way, for me, it's like I'm going home," Prosser added.

Next up for the Vikings is a trip to the state meet this coming Saturday in Victoria at Victoria-Sand Plum Nature Trail. The boys will kick off the day at 9:30 a.m., followed by the girls running at 10:05 a.m.

Undefeated Crest Lancers open football playoffs at home

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

COLONY - On Thursday night at 6 p.m., the Crest Lancers will put their perfect record (8-0) on the line as they host Wakefield (2-6) in the opening round of the 8-man DII state football championships.

Crest handled their schedule with ease as they downed

7 of their opponents with ease ending the games early due to the 45 point rule, knocking off another opponent by 36 and won their final game of the season due to forfeit.

Wakefield lost their first 6 games of the season before winning their final two games, but those wins came against teams with a combined one win.

Common opponents between Crest and Wakefield is Marais Des Cygnes Valley.

Crest manhandled MDCV 72-22 and the following week MDCV bounced back with a 54-24 win over Wakefield.

The winner of the game will advance to play the winner of the Hartford (5-3) and St. Paul (3-5) game.

AC football plays finale on Thursday

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

GARNETT - A promising start for the Anderson County Bulldogs (3-5) to the season at 3-0 has evaporated and all that is left is a Thursday night tilt against Cherryvale (2-6). Kickoff is at 6 p.m.

Outside of their two wins over teams with a combined 0-14 record, Cherryvale has struggled on the season.

Their last 4 defeats have been by a combined 181-32.

Kansas Banking Leader Joins New Team

Community National Bank & Trust, one of Kansas' leaders in community banking, announced a new venture with a longtime Kansas bank executive. Tom Page was named Senior Advisor for Community National Bank & Trust, headquartered in Chanute. Page recently served as President and CEO of Emprise Bank for over 23 years until his retirement in 2018. Prior to Emprise Bank, Page's experience included top leadership roles with community banks across the state of Kansas, as well as President of the Community Banking Division at Bank IV.

"As a banking leader known throughout the state for his professionalism, his passionate focus on people and his studious evaluation of upcoming trends, we are excited to work with Tom in this new role," said Dan Mildfelt, President and CEO of Community National Bank & Trust. "CNB&T's mission is to serve communities, families and businesses with the highest leadership and banking services. The addition of Tom to our team will help us actively plan for our future growth while keeping our heart and soul focused on local community banking, as it has been for over 33 years."

With 38 locations across Kansas, Oklahoma and Missouri and \$1.6 billion in assets, CNB&T ranks in the top ten privately held banks in Kansas. Some current locations include Chanute, El Dorado, Augusta, Emporia, Newton and Winfield.

"CNB&T is a company built on a classic community banking format," said Page. "My passion is community banking. I dedicated many years of my career to community banking, as I enjoy seeing local communities, families and businesses grow and thrive. Community banks are an integral part of that. CNB&T has done a tremendous job serving their communities over the years and has grown over 80% in just the last six years. They have a genuine love for the communities they serve. I look forward to working with them to help address ever-evolving opportunities in the area of community banking while maintaining a focus on the people and communities they serve."

For more information on Community National Bank & Trust, visit the website at www.mybankcnb.com or call (620)-431-2265.

- Community National Bank & Trust was founded in Chanute, KS, in 1987. With 38 locations and \$1.6 billion in assets, CNB ranks as one of the top ten community banks in Kansas. With expertise in commercial lending, ag lending and residential lending, they are a trusted leader in community banking. CNB's longtime focus on excellence in service, strong support of local needs, superior account and lending products and a passion for community has helped them provide service to thousands of Kansans over the years.

THE ANDERSON COUNTY REVIEW 10-27-20 / SUBMITTED

On Thursday, Oct. 22, students at Greeley Elementary brought the "pumpkin farm" to their school. Due to Covid-19 restrictions and policies, annual field trips have been put on hold, so the staff and PTO at Greeley found a safe way to create their own pumpkin farm. Pumpkins purchased from Pleasant Ridge Farm in Rantoul, were placed on the school's baseball field. A borrowed trailer served as a hay rack ride and P.E. teacher, Marty Alley, volunteered to use his truck to pull the trailer around the school property. The children loved the hay rack ride and were dropped off to choose a pumpkin, decorate it, have their picture taken, compete in two activities and enjoy a snack. The 80 degree weather helped make the day a big success. Above - Mr. Alley, the fifth and sixth graders pose for a picture before heading out to choose a pumpkin. On right - Harper Brooks, Kindergartner, decorates her pumpkin.

UNITED STATES SENATOR FROM KANSAS

Barbara Bollier (D)
 I'm Barbara Bollier. I'm a mom, a doctor and state senator. I went into medicine to improve people's lives and went into public service for the very same reason. I have dedicated my life's work to my patients, my community, and our state.

Bollier

Roger Marshall (R)
 I'm a fifth generation farm kid and a first generation college graduate. My American dream was to become a Doctor. I started at Butler County Community College, and got my Bachelor's degree from K-State. Two weeks before Medical School I met my wife, Laina. With her help, I graduated from KU Med and became an OB/GYN. We moved to Great Bend, KS and raised our family. We have four children, two grandchildren, and a third on the way. Kansas is our home and our Kansas way of life helped us achieve our American Dream. I'm running for U.S. Senate to make sure my kids and grandkids - and your kids and grandkids - have the same shot at their American dreams.

Marshall

In the Kansas legislature, I was a leading advocate for expanding affordable healthcare, fully funding our schools, investing in rural communities, balancing the budget and keeping taxes low. I have a record of standing up to either party if they are doing the wrong thing for Kansas. But I also worked with anyone to get results for our families. And that's exactly what I'll do in the U.S. Senate.

My opponent's record is quite different. He's more interested in keeping the leaders of his political party in Washington happy. He votes the way he is told rather than doing what is best for Kansas. Not only that, he even voted against a measure that would have made healthcare more affordable right now, in this pandemic, when families need it most.

This is a difficult and historic time for our country. We need leaders in Washington who will stop the political bickering - stop attacking one another - and just get things done. That's always been my approach - listen, look at the facts, work with others and solve problems. That is why I am endorsed by Senator Nancy Kassebaum and nearly 100 Republican leaders from across Kansas. They know I will be the independent voice of reason that Kansans need in Washington. Thank you.

The future of our country is on the ballot. We can't afford giving Democrats the Senate majority. Our Kansas Values are on the line. Democrats support defunding the police, late-term abortion, and gun confiscations. We can't let them implement their far-left agenda.

My father was the Police Chief in El Dorado for 25 years. I'll always support our Law Enforcement Officers and I appreciate the sacrifices they make every day to keep us safe. Being pro-life isn't a political position, it's my life's work. I've delivered over 5,000 babies throughout my 30 year medical career. I'm proud to be endorsed by Kansans for Life and the National Right to Life. I'm a lifelong hunter with an A+ rating from the NRA. The 2nd Amendment is the firewall that protects the rest of our constitutional rights. My opponent has praised Australia's gun confiscation and gun bans. We can't let her buy this election.

I'm a proven conservative and endorsed by President Trump. I humbly ask for your support. I would be honored to earn your vote for U.S. Senate.

Contests are "People's Choice". You can cast your vote in person or online from 5:00 to 7:30 p.m. on Halloween, October 31st. Winners will be announced on the town square and online at 8 p.m.

Decorated Pumpkin Contest
 Gourds to ghouls...or whatever your creative mind sees. Turn your pumpkin into whatever you want it to be. Bring to the square and we will share for all the world to see.

Bring decorated pumpkins to Check-In table on the town square between 4:00 and 5:00 p.m.

Costume Contest
 To be or not to be...that is the question! We are in search of unique and entertaining disguises which sets you apart from the all the ghouls at schools. Stir up your imagination and create an unforgettable image to put on display for all the world to see!

 Come to the check-in table and we can snap a pic to place on CARTS of Anderson County Facebook page for online voting.

All entries must be submitted by 7:00 p.m. The earlier the better....Remember, it's people's choice! So, let your friends and family know to cast their vote.

Scavenger Hunt
 Are you ready for a hunt from dusk and beyond? Search the streets, alleys, parks and paths for those things that are well.....

Go to check in table and pick up your hunt list. You can play as an individual or as a team. Travel the square and/or anywhere in Anderson county and take a pic of you/team with those objects and present all your pics at the prize table to collect your reward.

EyeBall Search
 No matter where you go, you are ALWAYS being watched!

There are 180 eyeballs that are waiting to be found. Will you be one of them that sees them watching you? If you spot one, take it into possession and trade it for a prize at the prize table. Limit 2 eyeballs per person. Because no one has eyeballs in the back of their head (EXCEPT moms!).

Candy Count
 There's a candy tower that stands in the shadows of the night surrounded by a webbed shield. Your job is to cautiously peer through the webs to get your best count on the items inside. You cannot touch or you are disqualified. Simply write your name and number on paper and Slip in your guess, to win... or not to win. BaHahaHa!

First Christian Church to host annual 'Light the Night' event

Please visit the First Christian Church of Garnett, 200 S. Walnut, for "Light the Night", 6-8 p.m., outside the church on Halloween night, October 31.

The line for the annual trunk-or-treat will start on the south side of the property in a social distancing manner between people or family you do not live with.

Candy, hot dogs and hot chocolate will be handed out in a no physical touch serving line. Tables and chairs will be sterilized between uses.

This event features costumes and decorations that show the "lighter side" of Halloween; nothing dark or scary for the little kids.

my goal was to be an educator (41 years) which also coincided with a career in coaching cross country (35 years) and track (15 years) as head coach. My wife Pam and I have lived and worked in this county our entire lives and raised our family here. This proves that my roots here are proven and deep. I'm here to stay.

As County Commissioner I serve on numerous committees - Twelve County South East Kansas Regional Planning Commission (grant writers for city and county infrastructures), Executive Committee (served 1 year as chairman), Fourth Judicial District Judge Nominating Commission, Anderson County Economic Development Work Ready Committee, 169 Corridor Coalition, Local Emergency Planning Committee, worked to help disperse some Spark funding, Community Development Block Grant funding dispersal, spearheaded the Veteran's Memorial committee, Anderson County COVID Task Force.

In working with the Public Health, Public Safety, and Public Works departments, each has its own special set of issues. We currently have two large concerns - COVID and construction of 169 corridor on highway 169 South of town. Both require special attention, both offer inconveniences, but with patience and time we will get past both obstacles.

It is reassuring to have fellow commissioners like David Pracht (District 2) and Les McGhee (District 1) with which to work. Together, we have, in my opinion, developed a very efficient team. We have worked hard to keep transparency in our county's government. Withholding information, covering up issues is not what we are about. If we are to help build a stronger more cohesive community then we must move forward together. We have all seen what happens at the national level when members simply refuse to get along.

I would appreciate your support on November 3. Thank You.

ings and budgeting workshops where I got to learn first-hand about the many facets of the city's operation.

I attended KU and graduated with a B.S. degree in Business Management and Entrepreneurship. After graduating, I had the opportunity to move back to Garnett working in a satellite office for a merger and acquisition consulting firm; Baker Group. I also obtained my insurance license and work out of the same office for Sho-Mor Financial.

I am running for City Commission because I've always been interested and involved in city government and leadership. I'm currently serving on ACDA Board and have learned a lot about downtown revitalization, supporting local businesses and bringing in new industry.

I've attended nearly all city commission meetings since filing and have visited with city employees along with several meetings with the City Manager to get a well rounded idea of what issues Garnett will be facing and where my focus will be if elected;

- Garnett Airport Project
- Garnett water treatment plant construction
- Infrastructure improvements, code enforcement and developing a land bank
- Bringing in more industry and development sites
- Supporting local businesses
- Ensuring transparency and fiscal responsibility with your tax dollars
- Strong support for our hard-working city employees
- Senior housing

Garnett has many valuable assets and amenities and opportunity along with several issues that we are facing and we need a motivated, idealistic, and business-minded person to help provide a dynamic perspective on the commission.

I hope to have your vote of confidence.

a Deputy for Linn County and part time for Anderson County as a Sheriff Deputy.

I have met a lot of great people throughout Anderson County. I have noticed the people in Anderson County are kind, caring, and compassionate towards everyone they meet. This made me very happy to have our children raised here and still live in Anderson County today.

During my years of service, I have learned you have to be open minded, able to listen to what the public/employees want and need. I believe everything should be done as a team and I believe the only time "I" should be used is if something goes wrong. There is no "I" in team work and I fully believe in giving credit where credit is due.

Once Elected you're going to see more community involvement. You're going to see a focus based, Law Enforcement "examples include but not limited to - Theft, Drugs, Mental Illness, and Person Crimes." to start off with. Community involvement is very important to me. Programs such as Crime Stoppers and Night Out Against Crime will be implemented. I would also like to see prosecution for individual crimes be followed through to the very end. This takes a good working/open minded, relationship between everyone.

Thank You to everyone in Anderson County for your support.

Valley Reservoir? Then we would have more revenue from camping fees and even more from sales tax. If we can generate enough sales tax we could possibly lower taxes. We need to see where we could cut some taxes that are way too high.

Garnett is slowly growing. Just a year ago you could drive up and down any street and see for sale signs everywhere and a lot of empty houses. Now a lot of these empty houses are being fixed up and either rented or sold.

I believe I would make the best candidate to represent you because I am passionate about looking out for your best interests. I have survived 10 heart attacks and a heart transplant, so I am a proven fighter.

Thank you for your time.

for 21 years, spent a year in Iraq in 2005, and retired from the military May of 2017. I will always support and uphold the constitution of the United States to include the second amendment. I started my law enforcement career in 1997 when I became a reserve police officer in Iola. I came to the Anderson County Sheriff's office in 1998 and served under two administrations before I ran for sheriff in 2012 and took over in January 2013.

I brought modern technology to the jail, 911 communication center and been able to provide the Deputy Sheriffs with dependable equipment, body cams, and tasers while staying within budget. I saved over \$40,000 a year in inmate health care cost while improv-

ing the health care of the inmates. I have increased the income of the jail by approximately \$200,000 a year helping towards the cost of caring for inmates. We are solving a lot more crimes since I have been Sheriff and I credit that to my years of experience as a detective and my employees, present, and past.

I question why my opponent did not run for sheriff in the county he resides in. Why wait five weeks before the general election to announce he was going to run for Sheriff as a write in. He says it is time for a change but he has not specified what that change is or how he plans on doing that.

Vote to re-elect Vern Valentine next Tuesday.

TO: Magen Clark and to all other persons who
are or may be concerned:

A PETITION has been filed in the Juvenile

Department of the Wyandotte County District
Court requesting that the Court find the above
Children In Need Of Care because:

(1) the above mentioned children are without
adequate parental care, control or subsistence
and the condition is not due solely to the lack of
financial means of the child's parents or other
custodian.

(2) the above mentioned children are without
the care or control necessary for the above
mentioned children's physical, mental or emo-
tional health.

A motion has been filed in the Juvenile
Department of Wyandotte County District Court
requesting that the Court find:

MAGEN CLARK

the natural parent of the above named minor
children, to be an unfit parent and consider the
above minor child to be adjudicated in need of

care and permanently terminating the parental
rights of the above named parent.

You are required to appear before this court on
the 16th day of November, 2020, at 9:30
a.m. or prior to that time file your written defen-
ses to the pleading with the Clerk of this Court.
If after a child has been adjudged to a Child In
Need of Care, the Court finds a parent to be
unfit, the Court may make an order permanent-
ly termination the parent rights.

Serena Hawkins, an attorney, has been
appointed as Guardian ad Litem for the child.
Each parent or other legal custodian of the
child has the right to appear and be heard
personally with or without an attorney. The
court will appoint an attorney for a parent who
is financially unable to hire an attorney.

Flu vaccine, blood donation save lives

The American Red Cross is urging healthy donors of all blood types to give blood to ensure a strong blood supply for patients as the U.S. braces for flu season while in the midst of the COVID-19 pandemic.

Flu shot doesn't affect blood donation eligibility

Medical experts are urging people to get the flu shot to avoid a flu epidemic on top of the current COVID-19 pandemic. Because blood can only be given by those who are feeling well, a severe flu season could create additional challenges to maintaining a sufficient blood supply for hospital patients in need.

For those that have the flu, it is important to wait until they no longer exhibit flu symptoms, have recovered completely and feel well before attempting to donate. Donors must feel healthy and well on the day of donation.

In thanks for making time to donate, the Red Cross will send those who come to give Oct. 15-Nov. 11 a \$5 Amazon.com

Gift Card via email, courtesy of Suburban Propane. Plus, those who come to give in October are automatically entered for a chance to win a \$1,000 Amazon.com Gift Card. Five lucky people will win. (Restrictions apply. Additional information and details are available at RedCrossBlood.org/Unite.)

Important COVID-19 information for donors

The Red Cross is testing blood, platelet and plasma donations for COVID-19 antibodies. The test may indicate if the donor's immune system has produced antibodies to this coronavirus, regardless of whether an individual developed COVID-19 symptoms. Red Cross antibody tests will be helpful to identify individuals who have COVID-19 antibodies and may now help current coronavirus patients in need of convalescent plasma transfusions.

Upcoming blood donation opportunities will be November 4 at ACHS, 1100 W. Hwy 31, in Garnett from 8:15 a.m. - 3:45 p.m.

this time of extreme government overreach and heavy tax burdens. I will not let socialism creep into Kansas on my watch. I will work diligently to represent you. Together we can and do make a difference.

I have worked over 31 years in Information Technology solving problems. I have been recognized for work, including awards from NASA and others for achievements and teamwork. My background provides me the skillset in finding cost-efficient solutions. My conservative values stem from working in my youth at my parents' business followed by over 25 years working on the ranch, co-owned by me and Tim, my husband of 31 years.

and executive director of two non-profit organizations, and successfully ran state-wide programs for a public utility. I was elected to the Topeka City Council in 2013, and Mayor of Topeka in 2017. As mayor, I've worked across the aisle to create hundreds of jobs, fix roads, open a new tech school, and reduce violent crime.

My platform is simple: (1) ensure every Kansan has access to affordable healthcare and insurance that expands Medicaid and protects pre-existing conditions; (2) provide meaningful infrastructure improvements to our roads, bridges, and highways, as well as greater broadband access to rural communities; (3) advocate for sustainable economic, social, and environmental

while I serve as Kansas State Treasurer.

My number one priority is helping our country move past and recover from the COVID-19 pandemic. I will fully fund vaccine research and will put in place economic policies that will allow our economy to reopen and rebuild through small business growth and higher take home pay for workers. As we dig out, we need to hold China accountable for covering this up in the early stages and allowing it to spread. That includes sanctioning those officials responsible and working to bring our supply chain home to America.

It is completely absurd that they are benefiting economically from this disease. Beyond that, we need to get term limits passed at the federal level. We can't send people to Washington, D.C. time and time again and expect a different result. We also need to work toward a balanced budget and stop continuing to saddle our children and grandchildren's future with our debt.

I have a track record of getting things done and I will work just as hard in Congress for you. I would appreciate your vote on November 3rd.

Mersman said KDHE was circulating a fact sheet in hopes of educating patients and possible contacts about the Covid basics:

DEFINITIONS:

Isolation - Keeps someone who is sick or tested positive for COVID-19 away from others, even in their own home.

Quarantine - Keeps someone who was in close contact with someone who has COVID-19 away from others.

Close Contact - Having been within 6 feet for more than 10 minutes of a person who is positive for COVID-19. Examples: riding in car, sitting at dinner table, watching a movie on the same couch. 14 days mandatory quarantine from last time with positive case.

****While research indicates masks may help in limiting transmission, the degree of protection, if any, will depend on the type of mask used and if the mask was used properly and consistently during exposure to a symptomatic or asymptomatic person with COVID-19. Therefore, the determination of close contact should be made irrespective of whether the person with COVID-19 or the contact was wearing a mask. Because the general public has not received training on prop-**

throughout the nation are promoting fear by their strict shutdowns and catering to extremist groups that promote socialism. I will stand against government overreach and fight to protect our liberties and God given rights. I will work to get our economy back on track by promoting legislation that reduces government bureaucratic red tape and reduces some of the highest tax burdens in the nation.

Last year, I lead an effort passing legislation to give you a voice before your property taxes increase. The Governor vetoed this legislation. Many have asked me to work on this again, to override a Governor who stands between us and transparency. I ask for your vote. Thank you.

solutions that will support our farmers, food processors, and manufacturers; and (4) ensure that our families and small businesses have the support they need to counter both the public health and economic impacts of the coronavirus.

Public service is not about politics—it's about people. We must bring Kansans together. Our families deserve an advocate who understands the challenges Kansans face. I am the only candidate who has personally wrestled with poverty, serious illness, overwhelming medical debt, and access to affordable healthcare, and now I can help others overcome their circumstances. I've spent my entire career serving Kansas families. Now I'm ready to stand up for you.

er selection and use of respiratory PPE, it cannot be certain whether respiratory PPE worn during contact with an individual with COVID-19 infection protected them from exposure. Therefore, the determination of close contact should generally be made irrespective of whether the contact, or the case, was wearing respiratory PPE, which is recommended for health care personnel and other trained users, or a mask recommended for the general public.

Household contact - Persons living in the house with positive, 24 days mandatory quarantine minimum, can change depending on the disposition of the positive case or if anyone else in household becomes positive.

Person Under Investigation (PUI) - A Person Under Investigation (PUI) is someone who is suspected of having COVID-19 disease because of symptoms or exposure (travel-related or exposure to a known case). A person who is being tested for COVID-19 because they are suspected of having the disease is required to be in isolation until test results are received. Videoboard were recently installed in the K-6th grade classrooms at Greeley, as well as the other elementary buildings in the district. This new technology opens up infinite ways to teach material and engage students with just the touch of a finger to the screen. Technology teacher, Bayley Linn, held a training session with teachers and went over the basics and highlights in use of the boards. "There are so many things this board can do, so many options and possibilities, it's hard to cover everything in one training session," said Linn. "This is an infinite white board. Lesson pages, pictures, teaching apps, videos, live teaching sessions, recorded teaching sessions can all be used with a touch or a swipe," she added. The teachers were encouraged to practice with their new video boards and began using them the following day. Above - Bayley Linn, Technology Instructor, holds a videoboard training session with Greeley teachers. WRITE IN James Akes

for Anderson County Sheriff

- 5 years patrol deputy, EMT, retired fire and rescue 18 years, deputy coroner Linn/Anderson county
- Why I am running for sheriff in Anderson County: I saw the need for change. I loved working with the people in Anderson County. I feel I can be that change for our communities and citizens.
- I will work very hard for our community and citizens in Anderson County. I believe that surrounding yourself with a good team you can accomplish amazing things.
- There are jobs out there that can't be accomplished without a great team. I believe in giving credit where credit is due. Telling someone they did a good job for a job well done - this means a lot.
- Early voting begins October 14. Please write in James Akes for Anderson County Sheriff.

Tuesday, Nov. 3

"The change you've been looking for in your county sheriff's department."

Thank You.
