## Samsel faces three battery charges in bizarre incident

State Rep will be in FRCO court tomorrow to answer allegations

BY DANE HICKS THE ANDERSON COUNTY REVIEW

WELLSVILLE – Three charges of misdemeanor battery were filed yesterday against 5th District Representative Mark Samsel in Franklin County District Court, more than two weeks after his arrest in an incident that culminated in a bizarre outburst of bible verses

and sex talk in the Wellsville High School classrooms in which he was substitute teaching.

He's set for a first appearance in Franklin County on Wednesday.

Though Samsel wasn't charged until Monday, he was notified by a letter from USD 289 Superintendent Ryan Bradbury that he had been banned from school grounds and activities for one year. The letter was dated May 11. Samsel posted it on his personal Facebook page, with a

notation that said it looked like discrimination.

"Good thing I know a good lawyer," his post continued.

Samsel was apparently asked to leave a Wellsville Middle School Track meet the week following his initial arrest, a few days before the letter was dated.

Samsel

The 2nd term state representative was arrested April 29 after incidents with students in a Wellsville High School art class in which Samsel, 36, was a substitute teacher. Videos shot by students recorded the scuffle, in which Samsel allegedly knelt the male student in the groin. Another video provided to the Review by a Wellsville resident contains audio in which Samsel discusses the fun of "making babies" with other students and discusses masturbation. Captions on that video from the videographer say "I

literally hate it here. Mark is being so gross."

The court complaints charge Samsel with three counts of battery against two students, each carrying jail time of up to 6 months and fines of \$1,000.

A statement released by the Franklin County Sheriff's Department confirmed Samsel's arrest in April and noted he had been released on bond. A request by the Review for a probable cause affidavit in Samsel's arrest was returned last week noting that Franklin County District was not in pos-

session of the investigatory document.

Samsel responded in a 1,700 word post later that week on his Facebook page that he was "truly sorry" about the incident, but the rambling context relayed little about the actual event, straying instead into his family's history in the town, his religious beliefs, working as a referee, divorce rates, teen suicide and the Kansas City Royals.

"I'm doing my best folks,

## Patriot Party

May 31 event culminates long, noble road for planners who made memorial a reality

BY DANE HICKS THE ANDERSON COUNTY REVIEW

GARNETT – Preparations are underway for the grand dedication of Anderson County's Veterans Memorial on the courthouse square in Garnett on Memorial Day, May 31.

The ceremony will feature live music, dedication addresses, military honors and the laying of a wreath at the memorial. Festivities begin at 7 p.m. on the courthouse grounds.

The event brings to culmination a decade-long effort by local government officials, historical society members, VFW and American Legion post members and civilian volunteers to erect a lasting tribute to Anderson County military service members. The idea originally sprang from the designer of the Anderson County Jail, which opened in 2009, who told officials both the grounds and design elements of a monument could be blended in the same way the jail design was to more closely approach the century-old courthouse. A working committee was formed in 2011.

County commissioners approved a mill levy to fund the memorial project in 2012 while the committee charged

with the project tried to come up with a design and plan, initially estimating the cost for completion in the \$40,000-\$50,000 range. The levy was discontinued in the 2020 budget but raised some \$100,000 annually in latter years as a line item in the county's budget. Private donations were also sought and engraved bricks sold for the project as a means for community members to take part. County clerk Julie Wettstein said some \$363,000 in project costs had been paid to date with some parts yet to be completed. The memorial fund right now has about \$491,000 remaining, she said.

Committee members debated designs and particulars for years, trying to overcome the major hurdle of determining exactly which veterans – native, non-native, from which eras, etc. – would be included, and how to configure a design which would allow the addition of etched-in-stone names to be added over time.

Also a concern was how to ensure no errors happened in those granite or marble etchings. A list of some 5,000 names of county veterans was compiled and checked for spelling and accuracy, and was submitted to the public for inspection as well when it was published in the Anderson County Review in 2019.

## "Click It or Ticket" ramps up this week

GARNETT – Local law officers will step up seat belt enforcement on Anderson County's streets and highways in the days approaching the Memorial Day holiday in a move to improve safety during the summer holiday season's kick-off.

Anderson County Sheriff Vern Valentine said the state's annual "Click

It Or Ticket" campaign would be a combined effort of Garnett police officers and county deputies, and that the drivers of vehicles had far more influence on their passengers' seatbelt use than they might think.

"Did you know that if you (the driv

The 2021 graduating class of Anderson County High School fires their confetti tubes at the finale of Saturday's graduation ceremony in ACHS gym. Both students and the crowd enjoyed a maskless event since school officials dropped the mask mandate more than a week ago, but seating was easily available among the less-than-capacity audience.

## Kelly to continue stay at home pay plan

BY TIIM CARPENTER THE KANSAS REFLECTOR

TOPEKA — Though some area employers say the continued \$300-a-week federal unemployment benefits are making it hard to entice workers to come back to fill open positions businesses desperately need to fill, Gov. Laura Kelly says she has no intention for an early withdrawal of Kansas from that benefit plan despite urgings from Republicans.

Republicans in the state's congressional delegation argue federal aid during the COVID-19 pandemic combined with Kansas benefits of up to \$488 per week had become a disincentive for people to accept available jobs.

"At this time, Governor Kelly does not intend to end the federal unemployment benefit programs early," a spokeswoman for the Democratic governor said. "While the Governor will monitor this situation closely over the coming months, her primary focus remains on continuing her administration's record-setting efforts recruiting new businesses and jobs to Kansas."

U.S. Rep. Jake LaTurner, the 2nd District Republican, said businesses in Kansas were having difficulty filling job vacancies because the COVID-19 federal unemployment benefit of \$300 weekly was a disincentive for people to return to work. (Tim Carpenter/Kansas Reflector)

The federal American Rescue Plan passed in March extended \$300 weekly unemployment benefits to September.

U.S. Sen. Roger Marshall and U.S. Reps. Jake LaTurner, Tracey Mann and Ron Estes, all Kansas Republicans, recommended Kelly end the state's participation in the federal unemployment program. A dozen governors have committed to

# Air Fair this Saturday

GARNETT, KS: The Advisory Board for the Garnett Industrial Airport presents Air Fair, an aviation festival, at the Garnett Industrial Airport (K68, 1202 E. 4th Avenue, near US Highway 169) on Saturday, May 22nd. The event will also feature the honoring of the life and legacy of former Airport Manager, Gary Ecclefield.

Air Fair will be held from 8 a.m. to 1 p.m. this Saturday. Air Fair includes a fly-in, airplane rides, static displays of aircraft and military vehicles, including aviation memorabilia from the Wichita Commemorative Air Force and others. Airplane rides will start at \$20 per person (Cessna 172) and substantially increase for those flying in a Stearman biplane or Bobcat. Concessions will be available throughout the event. No admission is charged to enter and parking is free.

At 12:00 p.m. (noon), a special presentation will be made to the family of the late Gary Ecclefield. Gary had worked for the City of Garnett as the Airport Manager from 2009 to 2020. Before that, Gary served on the initial, first, Garnett Airport Advisory Board established in 1998. He was very proud of his involvement in the current airport's master plan. Gary began his love of flying in the early 1990's. He was a hobbyist and enjoyed model airplanes and taking trips in his own airplane.

For more information on Air Fair please visit www.simplygarnett.com.

## ANDERSON COUNTY COMMISSION MAY 10, 2021

Chairman Leslie McGhee called the meeting of the Anderson County Commission to order at 9:00 AM on May 10, 2021 at the Anderson County Commission Room. Attendance: Leslie McGhee, Present: David Pracht, Present: Anthony Mersman, Present. The pledge of allegiance was recited. Minutes from the previous meeting were approved as presented.

### Public Comment

Janon Gordon, Welda, met with the commission. She addressed concerns regarding residents living in recreational vehicles as their main residence. Information was provided about the zoning regulations where residents can reside in recreational vehicles as long as they are doing improvements on their homes. The commissioners referred her to the Planning & Zoning board to express her concern as they would be the one to enforce the regulation.

David Hirt, Westphalia, met with the commission. He addressed concerns regarding a hill at Georgia Road and 1600 Road. He thinks it's difficult to see oncoming traffic when pulling onto 1600 Rd from Georgia. The amount of traffic has increased tremendously over the years as well. The commissioners said they were aware of the location he was describing but couldn't do anything with the road besides possible signage.

### Register of Deeds

Sandra Baugher, Register of Deeds, met with the commission. She requested to purchase a new copier for her office. Her current copier will go to the Treasurer's office. Bids were from Digital Connection Inc and Modern Copy Systems for an identical machine that performs the same jobs.

Digital Connections Inc bid \$3,995 for a Lanier MP4055SP and Modern Copy Systems bid \$3,681 for a Kyocera TASKalfa 4003i. Commissioner Pracht moved and Commissioner Mersman seconded to purchase a Lanier MP4055SP from Digital Connection Inc for \$3,995 to be paid out of the Register of Deeds Technology fund. All voted yes.

### Planning & Zoning

Tom Young, Planning & Zoning Director, requested for his allowances for travel be increased by \$50 per month. Commissioner Pracht moved and Commissioner Mersman seconded to pay Tom Young a total of \$200 per month for allowances due to travel for Welda and Zoning duties, laptop, and cell phone.

### Rural Fire

Mick Brinkmeyer, Rural Fire Coordinator, met with the commission. He gave an update on the new Garnett fire station and who will be doing the engineering for the building.

### Abatement

Abatement B21-233 was approved as presented.

**BOYDSTON**

JUNE 4, 1925 - MAY 8, 2021

June Nadine Boydston, age 95, of Parkview Heights, Garnett, passed away on Saturday, May 8, 2021, at the Anderson County Hospital in Garnett, Kansas.

Boydston

Alway known as Nadine, she was born June 4, 1925, in the rural Keokuk community near Centerville, Kansas. She was the daughter of Thomas Burton McCarty and Mabel Ann Holloman McCarty and was the eighth of nine children in her family.

She attended Keokuk grade school and graduated from Parker Rural High School in 1943.

Nadine was united in marriage to Allie Boydston, Jr. on June 25, 1944 at the Centerville Methodist Church. They became the parents of two children, Bruce Alan and Marsha Lynn and would spend their entire married life in the Centerville area.

Nadine was a very happy homemaker and spent forty-four years supporting the love of her life in farming and ranching operations. She enjoyed gardening, canning fruits and vegetables and cooking meals. She also raised chickens and sold eggs. Being a wife, a mother, and becoming a Grandma Dean and Grandma Great was truly Nadine's purpose and joy in life.

She possessed a very unique talent, that of being able to play the piano without formal training, also known as "playing by ear". If she knew the melody of the song, she could play it. She and Junior enjoyed dancing and through the years, spent many Saturday nights attending the dances at the PlaMart in Paola,

joined by long time friends for an enjoyable evening out; one they so looked forward to as a nice break from the continual work of the farm.

Following her husband's death, Nadine moved to LaCygne, Kansas in 1990, and then became a Parkview Heights resident in 2018.

Nadine is survived by daughter Marsha (Fred) Baker of Overland Park; daughter-in-law Rita Boydston of Centerville; sister-in-law Margaret Boydston Wilson (Richard) of St. James, MO; five grandchildren Lisa (Kevin) Cummings, Amy (Paul) Taylor, Kerry Wefald, Wesley (Pam) Baker, and Brent (Alison) Boydston, fourteen great-grandchildren, Molly, Riley and Jake Cummings; Lauren, Abigail and Ella Kate Taylor; Halle and Jonathan Wefald; Bradley and Avery Baker, Dakota Broers; and Beau, Emery and Lacey Boydston; and one great-great granddaughter Halle Rose Baker.

She was preceded in death by her husband, Allie Boydston Jr., in March, 1989.; her son, Bruce Boydston in March, 2020, her parents and eight siblings: Harmie, Thomas Burt, Opal Davey, Alfred, Alta Riblett, Eva Spencer, Phoebe Barnett and Betty Lou Bilderback.

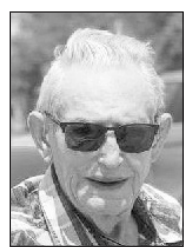

Memorial services will be held at 11:00 a.m., on Saturday, May 22, 2021, at the Centerville Community Church, Centerville, Kansas. The family will greet friends at the church from 9:30 a.m. to 11:00 a.m., prior to the service.

Memorial contributions may be made to Centerville Community Church and left in care of Feuerborn Family Funeral Service, 219 S. Oak St., Garnett, Kansas 66032. Condolences may be left for the family at www.feuerbornfuneral.com

**The free offer of the gospel**

WEEKLY DEVOTIONAL

BY DAVID BILDERBACK

Dr. Barnhouse tells the following story to illustrate the free offer of the gospel. He said to imagine a large cross, large enough to have a door in the center. Above the door were written these words from the book of Revelation, "who so ever will may come." These are the words of the free offer of the gospel. Clearly this states that salvation is offered to every man, woman and child. On the inside of the door as one turns around to look back it says, "chosen by God before the foundation of the world." These are words that prove our salvation was predestined before we existed.

If these two statements are true, and they are, everyone is the same in God's eyes. We cannot influence God to save us. We are not saved because we deserve it, but because God is gracious and freely gives salvation. God chose us, and we belong to him through Jesus Christ. God looks at us as though we have never sinned.

For he (God) chose us in him before we even existed. Why did he do that? In Ephesians 1:4 the Apostle Paul tells us, "For he (God) chose us in him before the creation of the world to be holy and blameless in his sight." Paul says that God "chose us in him" to emphasize that salvation depends totally on God.

If I might use an example suppose a man has a successful business and he has a son. The man early in the boy's life chooses him to take over the business. The man trains the boy and the boy understands he is the chosen one to take over the business. But for some reason at the time the boy is to take over the business he

decides he wants to do something else. The fact that he did not choose the business does not change the fact he was the chosen one. It just means he did not choose to fulfill the desire that the father had for him.

If we fail to seize the opportunity that God offers us, "who so ever will may come" we have acted as the boy in the example. God has chosen to offer salvation to every man, woman and child. It is a free gift to us, however, it cost God his only Son Jesus. John 3:16 clearly states, "For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life."

If I may go back to my example of the cross with the door in the center what must we do to go through the door? We must accept the free gift that God offers us. We must accept Jesus Christ. God chose you and I before we ever existed. However, the choice is conditional. It is conditional on you or I accepting Jesus Christ as our personal Savior. We must choose Jesus just as God chose us.

# Instant disaster: Just add Biden

Sometimes there's no glee in being able to say 'I told you so.'

Impoverished kids stacked on top of each other at the country's southern border; missile attacks against the only real ally we have in the Middle East; gasoline prices spiking and stealing from your paycheck with each fill up; female athletes delegitimized; inflation spiking and killing stock market gains in our retirement plans; insane amounts of unneeded government spending and artificial unemployment caused by paying workers to stay home.

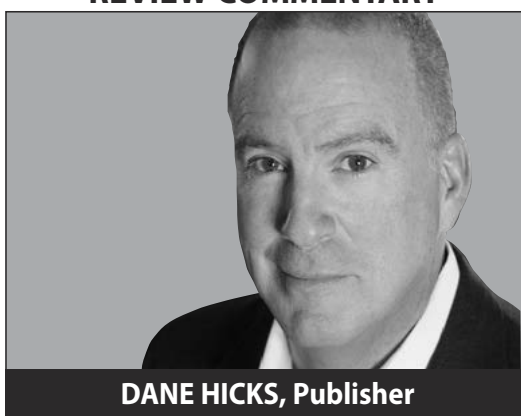

And it's only been four months. The national landscape was summed up in the illustrative sagacity of the Review's Phone Forum recently by a reader who recalled that when Trump was president, the fake news media pretended everything was a disaster and everything was great; Biden's president now and they tell us everything's great but it's really a disaster.

It's what happens when voters let their personal aversions get in the way of a real analysis of a candidate's history and convictions. You can almost always tell where a politician is going by looking at where he's been. It's the same mistake Kansas voters made when they spanked Kris Kobach in his 2018 run for governor against Lockdown Laura Kelly for the gall of suggesting voter integrity and border security were a good idea. Kansans have now endured the theft of their federal tax returns, billions of dollars in private business revenue losses through an unneeded state shutdown and chokehold "reopening" plan, and now the abandonment of female athletes in favor of boys who say they're girls, because of that misjudgment.

On the world stage the stakes are higher. After a Trump-facilitated organic peace and security deal blossomed between Israel and its neighbors last year, terrorism-supporting Iranians were cowed and the region leveled into its own more natural equilibrium. Enter the Biden administration and its immediate revival of Obama's world-threatening Iran Nuclear Agreement with preference to our enemies and the expectation of concessions from the Israelis, and suddenly missiles are flying between Israel and Iranian-supported Hamas - and who knows where it goes from there.

Of course it was Biden's freezing of oil and gas leases on federal lands and his alienation of the Saudis that kicked off the gasoline price spike. Biden alienated the Saudis out of the blocks by freezing arms sales to the United Arab Emirates, promised as part of Trump's end of the Abraham Accords peace deal between Saudi, Israel, Morocco and others. He then halted military aid to the Saudi war in Yemen and

rescinded the terrorist designation ascribed by Trump to the Houthis, resulting in increased attacks by that group on the Saudis. But the crowning insult was Biden's release of a CIA assessment that accused the Saudi crown prince of orchestrating the murder of Saudi journalist Jamal Kashogi - an allegation made public no doubt to embarrass the Saudis and justify harsher treatment. In turn, the Saudis responded by announcing no increase in oil production earlier this winter despite prices that were already rising due to weather and increased demand as the post-Covid world economy heated up. You've no doubt been to the gas pump lately. But that's not Joe Biden's only contribution to rising inflation.

Democrats live in a non-sensical, decades-long state of denial of the fact that government spending primes the pump for inflation, and that inflation is a cancer that depletes the paychecks, savings and investments of every American by increasing the price of goods. There were even worries about Trump's austere-by-comparison stimulus bills, but Biden's bill and his future plans blow the bank. U.S. Labor Department statistics show consumer prices shot up .8 percent in April, the biggest month-over-month hike in more than 10 years and the biggest year-over-year increase since 2008. Core inflation was up .9 percent in April and 3 percent over the past 12 months, and that doesn't include food and energy (gasoline). Spiking inflation sent shivers through the stock market, bringing a 700 point drop in recent weeks, destroying billions in retirement savings and equity.

It's a lot to wrap your head around out here in rural Kansas, but think about it this way: Four pounds of ground beef is \$18 and gasoline is nearly \$3 a gallon.

Are you better off now than you were last November 3? ###

I was a Trump supporter. I voted for Trump, but he lost. I've gotten over that and I wish other people in this community would too. Seeing his behavior after he lost made me sick that I even voted for him. I think churches need to not bring politics into their sermons whatsoever, whether or not they think they're giving their opinion they are. This community needs to start acting like they love each other again.

I finally got a chance to sit down and look at the newspaper. The graduating class of 2021 Step Forward. Bless these children. I've seen so many of these children throughout Garnett and they've always been so kind. They need to go forward. So happy they made it this far and they will go farther. God bless them all.

That statement about the dinner theater's treasurer is the stupidest, most judgmental and slanderous item I've read in the Forum. Kansas has laws regarding slander.

If everybody keeps thinking they're right, then this world is always going to be wrong.

You have got to be kidding me. That certain ethnic group wants a national holiday to honor what-his-ugly-face name. Next they'll want a law passed saying its okay for them to shoot at police officers. However, if a white officer shoots back at them he'll be charged with racism. Of course.

As a citizen of Garnett I wanted to say that all of my financial interactions with the Chamber Players theater have been spot on. I know all of us have our challenges in life and we owe each other all of our support to deal with them. My thanks for the amazing artistic skills and the hours of work to make the Chamber Players such a highlight of our community.

Nancy Pelosi wants to keep wearing a mask that covers her face. I have no problem with that.

Our first female vice president is making crocheting popular again. How about instead she go to the border and do the job she's being paid to do. I guess if she doesn't see the suffering in person she can still sleep at night. Of course in her warm and cozy afghan.

# Liberal propaganda rules in the good 'ole USA

Donald Trump despises the national media. He believes its hatred of him led to massive corruption, as false stories often based on fallacious anonymous sources brutalized his administration.

He is correct in his assessment. The historical fact is that never in this country has a president been as vilified. However, most chief executives loathed their critics, but did not confront dishonest press coverage as publicly as Mr. Trump has.

**There is no question that Trump, Truman and Bush are correct. The left controls the national media and if you want to participate, you have to promote liberalism in your job. It's a simple fact.**

Harry Truman hated many American media people. In a private letter to his Secretary of State Dean Acheson, Truman wrote: "We have men, in this day and age, who are prostitutes of the mind. They sell their ability to write articles for sale, which will be so worded as to mislead people who read them as news..."

"Prostitutes of the mind are skillful purvey-

ors of character assassination and the theft of good names of public men and private citizens too. They are the lowest form of thief and criminal."

Give 'em hell, Harry! Any disagreement? Alert Americans know that most of the media is no longer in business to seek honest information. The corporations that own the national press pretty much dictate how the news will be covered.

Studies show that about 90 percent of reportage on President Trump was negative. Approximately 65 percent of the coverage of President Biden has been positive. In fact, most of the national press likes Biden and

loathes Trump. So the stats are not a surprise.

In 2008, President Bush the Elder, certainly not a bomb-thrower, wrote me a letter that said this about the national press: "I think there is clear favoritism for the liberals and for the democrats. Of course, I may be biased because some like the N.Y. Times (they are the worst) mercilessly hammer the President all the time..."

George W. Bush was "the President." There is no question that Trump, Truman and Bush are correct. The left controls the national media and if you want to participate, you have to promote liberalism in your job. It's a simple fact.

Of course, that erodes freedom because the American citizenry is not getting fact-based reporting in order to make responsible decisions. Propaganda rules in the good old USA.

The United States was founded on the principle that individuals should be able to live their lives free of tyranny. But, today, massive corporations have imposed media dishonesty on we the people.

Will they pay a price for that? Maybe. TV news ratings are drastically declining. Many newspapers are folding.

Karma? I think so.

# Biden will let government raise your kids for 'free'

Joe Biden has a New Deal for America's kids.

He wants to spend more than \$225 billion on child care for infants and toddlers, and \$200 billion for free, universal preschool for 3- and 4-year-olds.

This is being hailed as a social revolution that will finally bring the United States in line with other advanced democracies.

In reality, it's a program that shows a pronounced class bias. And since it is heedless of the experience of other such mass programs in the United States and around the world, the Biden approach is also likely to fail to achieve its goals.

It's just not true, as the Biden program assumes, that parents of young children are eager to shuttle them off to industrialized day-care or pre-K programs.

An extensive survey for the populist think-tank American Compass found a stark class divide in how couples think about child care. The survey asked couples if they preferred to have one parent working full time while the other parent provides child care in the home, or to have both parents working and using child care full time. One parent working was the preference of strong majorities of working-class (68%) and lower-class couples (58%), with a plurality of middle-class couples (38%) agreeing. Only a plurality of upper-class couples preferred the child care option (44%).

So, Biden is talking about using taxpayer dollars to create as a default an arrangement

RICH LOWRY, King Features Syndicate

that most parents would rather avoid.

Then, there are outcomes. In a paper earlier this year for the Manhattan Institute, researcher Max Eden reviewed the literature. The programs that have produced the most remarkable positive outcomes over the years tend to be small, expensive, and very difficult to replicate.

On the other side of the ledger, there's the Quebec Family Policy. The Canada province developed a crash program in the late 1990s that rapidly expanded child care with generally deleterious effects. Researchers found increased behavioral, social, and health problems for the kids, and interestingly, worse outcomes for parents, too. The results were, in the words of one authoritative study, "striking in their consistent indication of a substantial

negative impact of universal child care on children in two-parent families."

The exception in Quebec, per another study, was children from single-parent families, where positive results were "particularly large for individuals at the very bottom of the distribution."

The Quebec outcomes, as Eden notes, accord with what's been found elsewhere - child care is best for disadvantaged children and worst for children from two-parent families.

As for pre-K, the largest study of Head Start, the federal program for low-income children, found any early benefits faded by the third grade. Other research has been more encouraging. But a rigorous, randomized control study of low-income kids in an extensive pre-K program in Tennessee showed initial gains washed away and then, over time, participants had worse academic and behavioral outcomes. The research of James Heckman, a Nobel Prize-winning economist at the University of Chicago who studied one of the most successful programs, is often cited by advocates of the Biden plan. In an interview last year, though, Heckman stipulated that he has never supported universal pre-K. He said the benefits of a loving, engaged family have never been adequately measured.

"Public preschool programs can potentially compensate for the home environments of disadvantaged children," Heckman said. "No

## AC rolls past Burlington

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

BURLINGTON - It wasn't a typical senior night as the AC Bulldogs had to hit the road due to unplayable conditions on their home turf, but they didn't let that spoil their night as they cruised to two easy wins last Tuesday over Burlington.

In the opening game, Anderson County won 7-1, blowing the game open in the bottom of the sixth scoring 4 runs for a little bit of breathing room.

Bo Dilliner picked up 3 hits to lead his team, driving in one run.

Braden Blaufuss, Tyler Denny and Ashton Miller each picked up two hits in the contest as well.

Preston Kueser got the start and was cruising along as AC led 3-0 heading into the sixth before being pulled before recording an out.

Kueser would wind up

pitching 5 innings, allowing 5 hits and a lone run that would cross in the sixth before Dalton Kellerman would shut the door on the Burlington offense, pitching the final 3 innings and allowing just one hit the rest of the way, striking out 7.

AC closed out the regular season with an 11-2 win in the second game.

The Bulldogs would pick up just 6 hits in the contest, but reached base via walk 7 times as well.

Kellerman picked up a hit in his only official at bat, driving in a pair of runs, but also walked three times in the game.

Miller was the only player with a multi-hit game, picking up a pair of singles.

Derek Rockers would pitch the complete game, allowing just 4 hits, no earned runs and striking out 16 hitters over 7 innings.

## Lady Bulldogs finish 2nd at league

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

BURLINGTON - The Pioneer League meet was at Burlington last week, the girls were edged out of first by two points while the boys finished in fifth.

Santa Fe Trail won the girl's meet with 137 points, AC finished the day with 135.

There were several top performances on the day.

Abby Reid finished 1st in the 300m hurdles (45.63), 1st in pole vault (10') and 2nd in the 100m hurdles (15.88).

Reid was also part of the 4x400 meter relay team that set a new school record in the 4x400 with a time of 4:11.86, which was good for 1st.

Reid as joined by Emma Schaffer, Makenzie Kueser and Marah Lutz.

Schaffer also placed 1st in the 400m run (1:00.88) and Lutz finished 4th.

Whitney Wight finished 3rd in the 200m and 6th in the 100m.

Addie Fudge and Lutz finished 4th and 5th in the 800m run and Fudge added a 4th place finish in the 1600m run.

Kassie Mains finished fourth in the 3200m.

In field events, the girls were led by Shelby Dunn who

finished 2nd in the discus (108' 3"), 2nd in the javelin (108' 7.5") and 2nd in the shotput (32' .25").

Kueser finished 2nd in the long jump (14' 8.5") and in the triple jump (32' .5").

Madison Danner finished 6th in the triple jump and Abby Johnston and Jenni Farmer finished 5th and 6th respectively in the high jump.

The boys top finisher was Riley Hedges, 1st in the 1600m run (4:44.04), 2nd in the 300m hurdles (42.70) and 3rd in the 110 hurdles (17.19).

Hedges, joined by Beau Beers, Seneca Wettstein and Trey Clark, finished in 2nd place.

Wettstein and Clark also finished 4th and 5th in the triple jump.

Landon Craft finished 6th in the 300m hurdles and Orvel Broce brought home a 6th in the 800m run.

Chaylin Peine and Fisher Galey continued to push each other hard in the field events.

Peine finished 2nd in the discus (148' 5), Galey finished 3rd (135' 8) and in shot put Peine finished 3rd place (45' 8.25"), just a few inches better than Galey's 4th place heave.

## Viking hurdler leads way at league meet

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

PLEASANTON - The Central Heights Vikings concluded their regular season in track and field with the league meet at Pleasanton last Thursday.

There were a number of solid performances, highlighted by Taryn Compton, as she would win the 100 meter hurdles in her first time running them since 2019 and would also finish 2nd in the 300 meter hurdles. She would also finish 6th in the 200 meter run.

Joining Compton in earning points for the Vikings were Lily Meyer in the 800 meter run and for the boys it was a pair of fourth place finishes for Luke Cotter in the 3200 meter run and also the 4x800 meter team.

"Each year the Flint Hills League competition continues to get stronger and this year was no exception," head coach Troy Prosser said.

"There were some clear highlights among some very nice performances that set the stage for next week's State qualifying Regional meet at Pleasanton. Taryn Compton becoming a League Champion by running her first 100m hurdles race since 2019 was thoroughly incredible and her 2nd place finish in the 300m hurdles brought a nice boost for the team. Among the other personal bests by Nikita (d'Augereau), Ryan (Hale), and Carson (Wood). Luke Cotter shaved over 17 seconds off of his 3200m time in his final League meet as a senior. For some, next week will be the final meet of the season. For everyone, however, the journey that brought us this far has been one to remember and one that fostered growth, friendships, and sets the stage for future endeavors," Prosser

added.

## AC softball splits with Burlington

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

BURLINGTON - The ACHS Lady Bulldogs earned a split with Burlington last Tuesday on senior night, which was unfortunately relocated to Burlington due to field conditions.

In the early game, the Bulldogs jumped out to a big early lead with 5 runs in the bottom half of the second.

Cali Foltz led off the inning with a solo homerun, which was followed by back-to-back singles by Mallory Wheat and Alison Brown.

Sandwiched between a pair of strikeouts was a hard hit single to center by Caitlyn Foltz, which loaded the bases with two outs.

Rayna Jasper and Kaylyn Disbrow made sure not to squander the scoring chance as they both hit two-run singles to give the Bulldogs a 5-0 lead.

Burlington would score lone runs in the top of the third and fourth innings and notch 3 runs in the sixth but AC answered with 2 runs in the fourth and one run in each of the fifth and sixth en route to a 9-5 victory.

AC pounded out 16 hits in the contest as 3 Bulldogs,

Jasper, Brown and Caitlyn Foltz, each had 3 hits in the game.

Jasper led the way accounting for 5 runs in the game, scoring twice and driving in three.

Brown went the distance pitching 7 innings, allowing 6 hits, 2 earned runs and struck out 5.

The back end of the double-header was a completely different result as the Bulldogs were shut down, being held to just 2 hits in an 8-0 loss.

Burlington struck first with 3-run innings in both the third and fourth innings and tacked on a couple of insurance runs in the seventh.

The only hits in the game for Anderson County were a single in the bottom of the first by Ellie Pedrow, which was consequently thrown out trying to steal, and then a one out single in the bottom of the sixth inning by Disbrow.

Amelia Cubit would get the start but failed to get an out in the second inning before allowing 3 runs in the game on 3 hits and 4 walks.

Brown would finish the game out pitching 5 innings, allowing 7 hits and 2 earned runs.

## Crest dominating in sweep

BY KEVIN GAINES THE ANDERSON COUNTY REVIEW

PLEASANTON - The Crest Lancers put a stamp on a near perfect regular season as they finished the season 19-1 after a pair of 15 run victories over Pleasanton last Tuesday.

In the opening game 15-0 victory, Crest picked up 13 hits in the 4 inning contest.

Stetson Setter led the way with a homerun and a double en route to picking up 3 hits, driving in 4 runs and scoring twice.

Jack White was also perfect in three at bats, scoring two runs and driving in a pair.

On the mound, Trevor Church pitched a 4 inning shutout, allowing just 2 hits and striking out 5 in the pro-

cess.

In the second game, the Lancers would dominate 19-4.

The score was just 4-1 after 3 innings but a 7-run fourth inning followed by a 8-run fifth inning completely blew the game open.

Crest picked up just 9 hits but took advantage of 9 walks, 2 hit batters and 7 errors to tally the 19 runs.

Harrison Barker led the barrage with 3 hits in 5 at bats, drove in 3 runs and also scored 3 times.

Blaufuss picked up a pair of hits, driving in 5 runs.

Tyson Hermreck earned the start, pitching 3 innings, allowing 3 hits and just one unearned run.

# Creative Kids

## Don't look back....

By Emily Sobba  
6th Grade, St. Rose  
Mrs. Rockers

One night two kids, Lona and Nick, decided to go on a walk. Nick had told his parents where they were going, but they hadn't heard him. During their walk they heard something.

They had been walking along the woods and it was dark. They had been using the flashlight on Lona's phone and suddenly it shut off.

They both got very scared. Luckily for them they had a dog with them. Then a small rabbit came out of the bushes. But when they looked back they saw a tall figure following them and they didn't know what it was so they decided to not look back again and to run back towards the house, but the gate was locked so they had to climb over it, but they weren't able to in time!

Nick was pulled by the tall figure slowly back into the field, and Lona panicked, but when Lona pulled herself together she started to run after him.

After a while, she didn't see them anymore and just followed the yells of Nick. Meanwhile Nick was getting closer to a big log cabin. Nick says to

himself softly 'where is Lona?'. A few minutes later Lona finally comes to the log cabin that has lights on and it takes her a moment but she gathers enough courage to run in there and look for Nick.

While she is searching the rooms she comes to a door that is locked from the inside. She knocks and hears a mumble and then the door slowly opens and Lona finds Nick laying on the ground with duct tape over his mouth.

When she goes to open the door more she hears a creak behind her but she doesn't want to look. Nick says get in here now, the tall figure throws her in the room and locks it from the outside this time. When she was thrown in there, she hurt her arm and was crying. Nick tries to help but Lona pushes away from him.

He sees a window and goes to look at it to see if its unlocked, and it was their final chance to get out.

Nick goes and tells Lona and so they go.

Lona says over and over, "He's going to catch us," but Nick assures her that they will make it. But right when they get close to their field, the tall figure grabs Lona and she screams.

## The lamb named midnight

By Nora Thompson  
5th Grade, St. Rose  
Mrs. Rockers

Once upon a time there was a lamb. Her name was Midnight.

She was like any other lamb you would see except for one thing, she was black.

Since she was black she was bullied and made fun of because she wasn't white.

One night, while she was watching the

moon, she heard a sound in the bushes. Suddenly a wolf appeared.

However, he couldn't see her. She was terrified as he walked closer and closer.

Then, he grabbed one of the other lambs. She didn't know what to do so she ran up behind him and bit his tail.

This frightened him so much he ran straight into a tree and dropped unconscious.

So Midnight's flock was safe.

## Elleit

By Gracyn  
5th Grade, Crest  
Mr. Zimmerman

There once was a girl named Elleit. She loved to play with barbies and she had 12 barbies.

Elleit was five years old, she went to Lincoln Elementary. She got home from school and went to her room to play with her barbies with her friend Hanna.

Elleit's mom, Lisa, just got home from work and Elliot's dad died when she was one.

Elleit and Hannah went downstairs and asked if they could get ice cream. Elleit's mom said, "Yes!"

They went to the ice cream stand. They were walking back and they lost Elleit.

Hanna and Lisa yelled out, "Elleit where are you?"

They went to the park and found Elleit. Lisa said, "Let's go home."

When they got home Hanna had to go home too.

Elleit and Lisa went to bed.

## Bob the Alien

By Jaycee Schmidt  
6th Grade, Crest  
Mr. Zimmerman

Once upon a time there as an alien named Bob.

He was a doctor in space and he worked on things in space.

He wanted a vacation so he went to earth. On earth he had no idea what to do. So he went

and got pizza.

He bought the whole pizza and ate all the pizza.

He had no place to stay on earth so he got a hotel. He had never slept in a bed before but he thought it was comfortable.

The next morning he cooked bacon and eggs, he said the eggs looked like spaceships.

Bob liked it on earth so he decided to stay.

# City hosts 6th annual Celebration of Service

The public is invited to a special event on evening Thursday, May 27, 2021 at 7:00 p.m. on the Anderson County Courthouse lawn, as the City of Garnett will host the 6th Annual Garnett Remembers Celebration of Service Ceremony. The Garnett Area Community Band will be in concert at 6:30 p.m.

This is a very special event that honors the individuals represented through the Project: Garnett Remembers, a

patriotic pole banner project, now totaling 310 honorees. This project has brought together residents and extended family members from across the United States to recognize the selfless sacrifices of these individuals whose faces adorn each banner.

For information about the project and celebration, including a map of the project area, please visit [www.simplygarnett.com](http://www.simplygarnett.com).

## SAMSEL...

FROM PAGE 1

any pain or confusion this may cause anyone. But I will put my hand on the Bible right now and swear that I didn't do anything wrong," Samsel said in the post. "Those kids are the LAST people on the planet I would ever do anything to intentionally hurt. I've known most of them for years, some for over a decade."

The incidents followed a high-pressure vote Samsel made in the House against a bill that would have banned transgender men from competing in Kansas high school and college women's sports. The bill was passed by the legislator but vetoed by Kansas Governor Laura Kelly. An override vote in Senate subsequently failed to reach a 2/3 margin by a single vote.

Samsel attacked The Anderson County Review for reporting his vote on the measure, referring to the Review and publisher Dane Hicks as

the devil and urging a boycott of the newspaper. His odd social media posts continued up to the date of the incident and subsequent arrest.

Samsel told a Kansas City television station that part of the incident was contrived and that some of the students were in on the plan.

Samsel was in Topeka for the final session of the Kansas Legislature which wrapped up May 8. He has not yet resigned his position, though pressure has been mounting on Republican leaders to take action against him.

Kansas House members can file a complaint against another member, at which time the House speaker is required to establish an investigatory committee which can then recommend some disciplinary action ranging from censure to expulsion from the House, if members vote to do so by a 2/3 majority.

## SEATBELT...

FROM PAGE 1

er) put on your seat belt, that your front seat passengers will too?" Valentine said. "It's true about 98 percent of the time."

The campaign period runs from May 21 through May 31. Valentine said travelers can expect increased police presence on city and county roads with emphasis on seat belt enforcement, as officers join some 180 other law enforcement agencies in the state in the annual campaign. The Kansas Department of Transportation funds the campaign each year with extra money to pay officer

overtime and other campaign costs.

Statistics show about 345 people are involved in 170 traffic crashes each day in Kansas, and only about 7 percent of those that are unbelted are likely to escape serious injuries. Half of all traffic fatalities occur among those not wearing a safety belt.

public preschool program can provide the environments and the parental love and care of a functioning family and the lifetime benefits that ensue." All of this would suggest taking a cautious approach focused on the least-advantaged kids rather than moving full-speed ahead on a massive federal expenditure to get as many

kids into daycare and pre-K as possible, probably through the existing structure of public schools.

But, in a desperate rush to spend another \$4 trillion, Joe Biden wants his New Deal for kids -- whether it's good for them or not.

were surmounted by the eventual decision to incorporate data kiosks into the design instead of engraved stone plates, capable of operating with updatable print, photo, video and audio component files for each veteran included in the display. Those kiosks, located in the towers at either end of the structure, will be accessible to the public 24/7.

Besides addresses from memorial committee members noting the story of the memorial's inception and road to completion and the celebration of military honors, the keynote address will be delivered by former Army SGT. Dave Sterling, a Purple Heart winner injured in Iraq in 2004 who now lives in Iola.

Members of the public are encouraged to bring their lawn chairs and enjoy the evening dedication in honor of county veterans.

## DIGGING UP THE PAST

**Henry Roeckers**  
Call (785) 504-4722 for local archeology information.

As they say, "All good things come to an end sooner or later" and that's exactly what happened on Saturday 1May2021 at my latest archeology site. What a fun and rewarding project it was. I truly thank the land owners for their generosity in allowing me to do what I truly love doing "Digging in the dirt".

Here are the very last artifacts I found:  
A very old iron car bank (badly damaged), door hinge pin, my last square nail, one of those what is it's, shard of decorat-

ed dishware, shards of colored glass and partial cup handle, screw back earring, 1976-dime & a small clay marble.  
*Respectfully submitted by: Henry Roeckers 7May2021*

take that step in June or July.

"It has been more than a year since the pandemic's beginning, and we are beginning to see a return to normalcy thanks to the rapid development of safe and effective vaccines," said Estes, who the 4th District representative of the Wichita region. "Yet, small businesses are still struggling to keep their doors open because the government is paying people to stay home instead of work."

The U.S. Bureau of Labor Statistics reported Kansas in March had 1.54 million people employed and 46,700 unemployed for a jobless rate of 3.7%. That level of employment matched the state's total in December 2019 prior to the pandemic, but the federal bureau said the state had 10,000 more people

classified as unemployed in March than fit that definition in December 2019.

At peak of the pandemic in terms of Kansas unemployment, the federal bureau said, Kansas had a jobless rate of 12.6% in April 2020 with 1.29 million people employed and 187,000 out of work.

Mann, of the largely rural 1st District, said supplemental federal unemployment assistance was keeping businesses from hiring personnel needed to return "normal order" to the Kansas economy.

"Policies championed by Democrats that embrace permanent welfare will dramatically thin our workforce, cripple small businesses and rob capable individuals of the dignity that comes with hard work. We cannot sustain this," said LaTurner, who

represents the 2nd District in eastern Kansas.

Marshall said he'd heard stories of manufacturers struggling to recall employees and restaurants remaining closed due to unavailability of staff.

"Homes aren't being built because of a lack of labor and hotels are turning away business because they don't have employees," the senator said. "Even the broader supply chain is beginning to feel the impacts."

On Tuesday, Missouri Gov. Mike Parson said he intended to opt the state out of the federal unemployment benefit program in June. Other states doing likewise include Iowa, Alabama, Arkansas, Mississippi, Utah, Montana, North Dakota, Wyoming, Idaho, South Carolina and Tennessee.
