THE ANDERSON COUNTY REVIEW 6-4-2024 /Fox News Photo

Former President Donald Trump arrives at Trump Tower after being found guilty of 34 felony "hush money" charges by a New York jury.

Republicans cry foul, say Trump verdict will diminish public trust

BY DANE HICKS THE ANDERSON COUNTY REVIEW

TOPEKA - In what is likely the most controversially debated and historic court action of the American justice system, a hostile court and jury convicted former President Donald Trump Thursday of 34 felony counts in an indictment even some legal scholars say had no legal merit; a move which has seen the former president's rising popularity jump even more against the slipping poll numbers of his Democrat rematch opponent incumbent Joe Biden, and resulted in one-day fundraising totals that also set records.

Kansas Republicans expressed

dismay at the guilty verdict, lodged on the basis of alleged hush money payments to women with whom he was alleged to have had sexual trysts. But the fact such payments are not against the law required New York prosecutors to have to execute legal gymnastics to allege a felony which most legal analysts have said is a no-win option. Still, 12 New York jurors drawn from an area in which Trump is said to have received only 6 percent of the 2020 vote convicted him.

Republicans in Kansas criticized both the charges and the verdict, and expressed concern that the episode would diminish the standing of courts in the view of much of the country.

While Republican officials offered statements on the verdict, Democrats however were greatly mum on the development. Neither

the Kansas Democrat Party, nor Governor Laura Kelly's office nor Democrat's soul representative to the U.S. Congress Sharice Davids made any mention of the verdict in their public social media posts Thursday afternoon. Kelly's office did not respond to an email from the Informer seeking comment.

Though it was crickets from Democrats on this side of the state line, Missouri Democrat Congressman Emanuel Cleaver from Kansas City ventured his opinion.

"Today is a victory for justice and the rule of law," Cleaver said. "Just as every American is entitled to the presumption of innocence until proven guilty, we are equally guaranteed that no individual, including a former president, is above accountability."

SEE VERDICT ON PAGE 3

Trump fundraising surges, congressional candidates say they need cash to help mission

BY DANE HICKS THE ANDERSON COUNTY REVIEW

TOPEKA - With the Trump verdict unleashing a torrent of record-breaking donations to his campaign since Thursday afternoon, Kansans opposing the foibles of the Biden administration may be looking for the right avenues to support the former president and the Kansas congressional candidates they hope will help change the nation's governance for the better.

Trump's campaign raised more than \$50 million in 24 hours after the guilty verdict was reached against him in a highly controversial jury decision in New York on Thursday. Campaign officials say online and other collection points netted some \$52.8 million, more than \$2 million an hour, since the verdict was rendered.

Local family takes Dairy Month from hoof to table

BY URSULA BILLINGS SPECIAL TO THE REVIEW

KINCAID - National Dairy Month has been celebrated every June since 1937. According to the American Dairy Association, this commemoration exists to encourage consumers to drink more milk while introducing and promoting the nutritional benefits of a range of dairy products. On my family's farm, this month is a time to recognize the labor and rewards inherent in small-scale dairy production.

My family and I have the privilege of owning a backyard dairy operation near Kincaid, Kansas. Our operation was established in 2018 when my parents Mike and Erika Billings purchased our first Jersey heifers, Pixie and Poppy, and kick-started their years-long dedication to family milk production. They jumped into the world of dairy farming with both feet and remained committed to its promise even as learning to hand-milk two large and untrained animals proved difficult.

The long and tumultuous process was worthwhile. In time our heifers

became our pets as well as our providers. Over the last few years we have raised and sold a handful of Jersey and Jersey-cross heifers to other hobby farmers looking to create their own dairy operations.

We practice calf-sharing, a method that allows calves to remain with their mothers until they are weaned at nine to ten months of age. This gives us the freedom to take milking breaks when necessary and family vacations at our convenience.

For my parents, milking has become a habitual process. They separate the calves from the cows in the morning or evening depending on when they will be available for milking. After milking, the cow is rejoined with her calf. Inside, the milk is strained and cooled in our freezer for increased safety and improved taste.

Our cows have access to open pastures at all times and receive small portions of grain at milking time. My parents' emphasis on naturalness has kept our cows healthy and productive for several years longer than cows at typical commercial dairies.

THE ANDERSON COUNTY REVIEW 6-4-2024 /Ursula Billings

Mike and Erika Billings harvest milk from one of their jersey cows, "Pixie," as part of their small-scale dairy operation.

In an effort to maximize its nutritional benefits, we do not pasteurize our milk.

Unfortunately Kansas does not have

Charges filed in Garnett ATM Heist

One suspect extradited on previous warrants, second to make court appearance today

BY DANE HICKS

THE ANDERSON COUNTY REVIEW

OVERLAND PARK - One man will be in Anderson County Court today and another has been extradited back to Texas in connection with the May 22 theft of an ATM machine from the Patriots Bank location on Maple Street in garnett.

Mosley

Cornelius T. Jeffers, 25 of Houston, Texas, was remanded to Texas authorities on previous warrants in that state, though charges were filed in Anderson County in connection with the latest incident as well.

Christopher Mosley, age unknown and also believed to be from Texas, is being held in the Anderson County Jail and will face theft and criminal damage to property non-person felony charges in district court today.

A third individual was also arrested with Jeffers and Mosley at an Overland Park Walmart the afternoon of the heist, though charges have not yet been filed against that individual.

Investigators believe Jeffers and Mosley stole a pickup truck in Garnett and used it to dislodge and transport the ATM before spiriting it away and removing its cash container. Franklin County officers spotted a vehicle heading into the Ottawa area at a high rate of speed and shortly broke off the pursuit due to the possibility of injury. Lawrence Police later recovered one of the vehicles at an East Lawrence convenience store before the trio were arrested in Overland Park a few hours later.

Charges include felony theft and vehicular burglary. Mosley is being held in the Anderson County Jail in lieu of \$150,000 bond.

County museum seeks identities, information for trove of Strain photos

BY CHELSEA D'ALBINI THE ANDERSON COUNTY REVIEW

A picture is worth a thousand words, but as the Anderson County Historical Society knows well their historical significance can be all but lost without names or descriptions attached.

Black and white or color photos are generationaly the most prominent preservation of our society. The first photograph of a tornado was taken in Anderson County, so as far as can be determined, the residents of Anderson County have long been in love with photographs and the documentation of passing time visually. Around the turn of the century, rural towns dotted the Kansas map and in nearly each of them was a photographer. Photographers documented not only the weather and the people but also included outdoor images of homes, farms, businesses, and churches. It is because of preserved panoramic photography that we can get a glimpse of what our rural downtown areas looked like a century

Two photos for which archivists at the Anderson County History Museum are seeking identities and information.

ANDERSON COUNTY COMMISSION MAY 20, 2024

Chairman Leslie McGhee called the meeting of the Anderson County Commission to order at 9:00 AM on May 20, 2024, at the Anderson County Commission Room. Attendance: Leslie McGhee, Present: David Pracht, Present: Anthony Mersman, Present. The pledge of allegiance was recited. Minutes from the previous meeting were approved as presented.

BPW

Helen Norman, BPW President, met with the commission. She wanted to thank the commissioners for use of the courthouse lawn and facilities during the square fair. They had 140 vendors present. She inquired about a handrail at the gazebo entrance.

Register of Deeds

Sandy Baugher, Register of Deeds, met with the commission. She discussed her department budget for the next few years. She only budgets for a part time employee currently and would like to increase her budget to be able to hire a full-time employee. She most likely will not run for office again in 2028 and will need to train someone for her position. She is likely to increase her budget by \$5,000 annually for 4 years.

Road & Bridge

Ethan Lickteig, Road Supervisor, met with the commission. He talked about dust control and how they would like to get started this week but the rain may hinder the application of the product. Discussion was held on county roads.

SEK Health Department

Rebecca Johnson, Director, met with the commission. She presented the annual report for the Anderson County. An update was made on all of the activities that the health department has held for Anderson County and the services they provide. A request for \$89,000 was made for the Anderson County 2025 budget.

Anderson County EMS

Troy Armstrong, EMS Director and Paula Littleton, ACH, met with the commission. Troy gave an overview of the EMS department and how the county funding is spent. He also discussed their call utilization and what services are being provided to Anderson County residents. Discussion was held on all of the vehicles that are used by EMS and how many miles and repair costs are on each one. Anderson County EMS is requesting an increase of \$17,729 for 2025. The total requested budget amount for 2025 is \$707,689.

Zoning

Tom Young, Zoning Director, met with the commission. He wanted to give the commissioners an update that he is doing research on zoning regulations for solar. There is currently nothing in place for the regulation.

Adjourn

Meeting adjourned at 12:00 PM due to no further business.

Julio Guzman was booked into jail on May 21, 2024.

Clinton Jacques was booked into jail on May 21, 2024.

Clevermax joins lineup as opener at Cornstock

Born in the heartland of Kansas. Raised on Cheerios, rock and roll, KY-102, and 61 Country. They have spun phonographs, plugged in 8 track tapes, and popped in cassettes, all while watching our TV's go from 13" Black and White screens to 85" High Definition. They've entertained hippies, cowboys, baby boomers, millennials, the Me generation, and everyone in between.

The band loves great music, and their passion is playing it. Their belief is music has no genre.

Clevermax was started by high school best buddies, Dave Bailey and Larry Burkdoll back in the early 1980's. They rocked "hangar parties" where the local kids would come from miles around to hear the band. As the years went by and life began to happen, Clevermax took a backseat to wives, kids, and families. However, a resurrection was always in the works and Clevermax came back to life several times over the next 30 years with occasional appearances in eastern Kansas. Band members include Dave Bailey, lead guitarist/vocals, Larry Burkdoll, Bass

guitar/vocals, Bobby Simms, Keyboards/vocals, and Mike Douglas, drums/vocals.

Finally, after decades of being on hiatus, Clevermax is back and running at 100% capacity rocking the stage like never before. Folks that have followed the band from its inception say this version of Clevermax is the best EVER!

Clevermax will be the first act to take the stage at the Cornstock music festival at Lake Garnett on Saturday, September 28th. Following Clevermax is Pam Tillis, Stoney LaRue and headliner Dylan Scott. Tickets are \$35 thru May 31; \$55 June 1-Aug. 31, and \$65 September 1 through the event. For a list of ticket outlets or to buy online, visit www.cornstock.net.

Colony Christian Church - 'Communion is the ultimate precious memorial'

Lynette Prasko and Ila Klaus sang an Irish poem set to music, "Be Thou My Vision," accompanied by Ben and Ethan Prasko and Mike and Elka Billings. They also sang "Holy Water," "O, God," and "Take My Life."

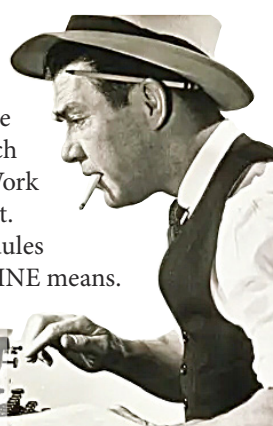

Brant McGhee's communion meditation explained that memorials were what prevented God's people from forgetting about Him. Communion is the ultimate precious memorial in which Jesus tells us in Luke 22:19 to do in remembrance of Him.

Guest speaker Ben Prasko talked about the traditions and history of Bible translations including the Septuagint, the Latin Vulgate, Wycliffe, Tyndale, King James and many more recent translations. The New International Version is the best selling translation. The first Bible to use a numbering system for verses was the Geneva Bible, and Scofield became a popular study Bible.

Next Sunday will be a breakfast followed by the regular service at 10:45 a.m.

Freelance Writer/Reporter

The Anderson County Review is in search of freelance writers who can write feature stories and cover occasional straight news assignments. Some experience preferred but we'll train you if you've got the chops. Remote workers okay - most interviews/research conducted online, by phone or email. Work from home or from our office in Garnett. Pay is by assignment. Must follow schedules and understand what the word DEADLINE means. Contact publisher, Dane Hicks at review@garnett-ks.com.

HERMRECK

AUGUST 5, 1939 — MAY 25, 2024

Gene A. Hermreck, age 84, of Garnett, Kansas, passed away on Saturday, May 25, 2024.

Hermreck

Gene A. Hermreck was born on August 5th, 1939 to John and Olive (Rockers) Hermreck. He became a man at the young age of 16 when his dad passed away suddenly and he stayed on the family farm to help care for his young sister, Louann and his mother until they moved to town.

On July 11th, 1959 he was united in marriage to Daisy Jane Gault. They were blessed with three children, Kevin, Alan, and Diane.

At a very young age, he was a hard-working man until the day he learned of his illness. He operated several gas stations including Garnett and Richmond Phillips 66. He entered the bus business at Central Heights and then later bought the buses in Garnett. He found he had a skill for carpentry while building the Richmond Nursing Home which led to many new homes in the surrounding area. He had a great work ethic and was highly respected for a job well done, at a fair price. He was known for his ability to spread a load of gravel like a blanket. His ease of operating a skid loader and backhoe was an art. He was known for being a man of his word and the fastest man to deliver. He took great pride in his work and his promptness.

Gene did not know a strang-

er and was always helping or lending a hand but never expecting anything in return. To know him, definitely was to love him. He will be missed by his family, friends, and neighbors for his wisdom, fairness, honesty, and ornery nature.

He took pride in his three children, four grandchildren and seven great granddaughters. Surviving are his children and their families: Kevin Hermreck and wife Michelle of Garnett, Kansas. Alan Hermreck and wife Tania of Pine, Arizona, Diane Hirt and husband Mike of Waverly, Kansas, Grandchildren Nathan and wife Bridgit Hirt, Jessica and husband Nathan Brown, Kayla Hermreck, and Brandon Hermreck, Great Granddaughters Zoey, Lillian, Kinsley, and Milly Hirt, Natalee, Kennedy, and Rylee Brown. He is also survived by his sister, Betty Zigelhofer of Wichita, Kansas and many nieces and nephews.

Gene was preceded in death by his wife Daisy, his parents, sister LouAnn Maley, and brothers Floyd, Roy, and Robert (Bob) Hermreck.

Mass of Christian Burial was May 30, 2024, at Holy Angels Catholic Church in Garnett. Inurnment took place at Holy Angels Catholic Cemetery, Garnett.

Dad gave countless hours of time and talent to Holy Angels Church over the years. In lieu of flowers Gene's family suggests memorial contributions be made to the Holy Angels Church Building Fund and left in care of the funeral home. Condolences may be left for the family at www.feuerbornfuneral.com

Carl Rockers, age 63, of Garnett, Kansas, passed away on May 26, 2024, at his home.

Carl A Rockers was born to Irvin and Margaret K a t z e r Rockers on July 30th, 1960. He was the youngest of nine children. Carl and his siblings grew up on a dairy farm in Richmond, Kansas. There he learned to love animals and making memories of games with his brothers and sisters. In his youth life, Carl had a great passion for softball. Carl attended grade school at East Scipio and Irving in Garnett, graduating with the class of 1978 from Garnett High School. After graduation, Carl started his career at Deluxe Check Printing in 1980 as a Process Control operator and retired in 2002.

Carl enjoyed putting his heart and soul into caring for his yard and plants. He had a passion for being outdoors, including bird hunting with his brothers and fishing. He loved listening to music, LOUDLY. Carl was a lifelong Chiefs fan and never missed watching a

Rockers

game. He had a great passion for western films, a favorite being Gunsmoke, in fact he named his cat Miss Kitty after the movie.

Carl was preceded in death by his parents; sister, Sarah Riekana; brother, Barry Rockers; niece, Lynnda Martin; nephew, Luke Rockers; brother-in-law, Jim Foltz.

Carl is survived by sisters, Linda Rothers and husband LeWayne of Garnett, Kansas, Lois Foltz of Garnett, Kansas, Marcia Herrman and husband Dave of Topeka, Kansas; brothers, Bernie Rockers and wife Michelle of Garnett, Kansas, Omer Rockers of northwest Arkansas, Kurt Rockers and wife Mindy of Olathe, Kansas; brother-in-law, Tom Riekana; best friend and caregiver Alicia Jones of Garnett, Kansas; and numerous nieces and nephews.

A Memorial service will take place at 10:00 A.M., on Friday June 14, 2024, at Feuerborn Family Funeral Service Chapel, Garnett. Inurnment will follow at St. Boniface Catholic Cemetery. Memorial contributions are suggested to Shriners or St. Jude Children's Research Hospital and can be left with the funeral home. Condolences for the family can be left at www.feuerbornfuneral.com.

COBBS

SEPTEMBER 12, 1969 - MAY 31, 2024

Deann Eilene Cobbs, age 54, Garnett, Kansas passed away Friday May 31, 2024.

Visitation will be held from 5 to 7 pm Wednesday, June 5, 2024 at the Schneider Funeral Home and Crematory, Mound City

Chapel.. Memorial contributions are suggested to Care To Share, c/o Schneider Funeral Home, P.O. Box J, Mound City, KS 66056. Online condolences can be left at www.schneiderfunerals.com.

VERDICT...

FROM PAGE 1

Today, a jury of American citizens and Donald Trump's peers reaffirmed those foundational principles.

"I hope that my fellow Americans will take this moment to reflect deeply on the road we walked to reach this point and which direction we want to take moving forward," the Kansas City Democrat said.

The verdict is widely viewed as the culmination of the ongoing weaponization of the justice system in a multi-faceted assault against the former president, the presumptive nominee for the 2024 Republican presidential ticket, by an array of foes including progressives in state court systems, the Department of Justice and Big Tech platforms like Facebook and Google as well as mainstream media. Multiple civil and criminal suits based on flimsy and sometimes literally non-existent evidence have been launched against Trump as the 2024 election neared, while similar allegations against President Joe Biden — influence peddling for cash as vice-president, mishandling of classified documents, sexual assault allegations — have been ignored by investigators. Biden has continually branded "extremist" followers of Trump as the nation's number one threat, even as the U.S. economy has been wracked by inflation, millions of illegal immigrants flooded the country and two wars ignited under Biden's watch in two separate world theaters. While pretending no administration influence on

the hush money trial, Biden's campaign sent actor Robert DeNiro to the New York courthouse last week to chastise Trump supporters gathered there.

Though prominent Democrats in the Sunflower State were muted, Kansas Republicans had plenty to say.

"It is a dark day for our country," said Kansas Republican Party Chairman Mike Brown. "A New York judge has made a mockery of our justice system leading an already biased jury to an absurd ruling. I am confident this verdict will be overturned on appeal. What I am not confident of is our ability to repair the damage inflicted on the reputation of the justice system of the United States of America."

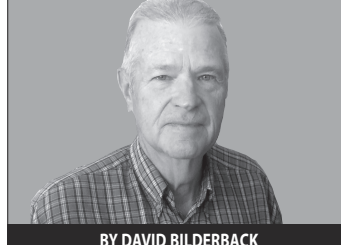

Presidential meddling in U.S. court cases like that of the Biden Administration against Trump seldom goes without controversy, as the 1970 trial of Charles Manson experienced when President Nixon passed public judgement on the California accused murderer.

"Politically charged, partisan NY prosecutors just performed the biggest sham in the history of America's judicial system," 1st District Congressman Tracey Man posted to Facebook.

"This trial was never about justice—it was about weaponizing our judicial system to keep President Biden's leading opponent off the campaign trail and in a courtroom away from voters. Americans are not fooled by this overly political ruling. I am looking forward to President Trump's appeal." Minutes after the verdict

You will only find yourself fighting against God

WEEKLY DEVOTIONAL

BY DAVID BILDERBACK

In the 5th chapter of Acts we read how the apostles were persecuted by the Sadducee's, a religious sect who opposed Jesus during his ministry and were known for their denial of the bodily resurrection. Since the resurrection the apostles had been "standing in the temple courts telling the people the full message of this new life." (5:20) The high priest and his associates as well as the Sadducee's were filled with jealousy. It was at this time that they arrested the apostles and put them in jail, only to find them released by an angel of the Lord the next morning. When the apostles were brought before the Sanhedrin a second time Peter and the apostles reply to the charge was, "We, (the apostles) must obey God rather than men." (5:29b) When the Sadducee's heard this they were furious and wanted the apostles put to death.

In an effort to calm the situation Gamaliel, a teacher of the law who was well respected by all the people stood and requested the disciples be put outside the room. He then explained to the Men of Israel to consider carefully what they intended to do to the apostles. Gamaliel then reminded them that Theudas and Judas the Galilean were two men who had appeared and led a band of people in revolt. Both men were killed and their followers soon were scattered. Gamaliel's advise to the ruling council was to, "Leave these men alone! Let

them go! For if their purpose is of human origin, it will fail. But if it is from God, you will not be able to stop these men; you will only find yourselves fighting against God."

We live in the biblical age referred to as the "age of Grace", which will exist until the second coming of Christ. It is a time when one either lives to please God or lives fighting against God. A no decision on the matter is not possible and leaves you in the latter group.

In the book of Jeremiah written in approximately 600 B.C. God reveals his plan for man. "For I (God) know the plans I have for you" declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future." (29:11) If your plans are based on human origin they will fail. All the religious sects of Israel ultimately failed and are forgotten. But if your plans are of God they will succeed. What the apostles started will never be stopped. Christianity, although persecuted and maligned will remain till we see Christ return in his second coming.

YODER

DECEMBER 26, 1933 — MAY 17, 2024

Ida S. Yoder, age 90 years, 4 months, and 21 days, of Garnett, Kansas went home to be with the Lord on May 17, 2024. Ida was born on December 26, 1933, at Hutchinson, Kansas. Ida was the second of seven children of Samuel B. "Red Sam" and Wilma (Miller) Miller. On July 1, 1951, Ida married Ira J. Yoder at McMinnville, Oregon. They were blessed with eleven children.

Ida was preceded in death by her husband of 56 years on June 5, 2008; three sons, Leon, on April 15, 1959, and Larry and Joe on June 16, 1978; three grandsons, David Troyer on June 24, 1983, Jonathan Schmucker on October 14, 1995, and Clay Yoder on June 11, 2017; son in law, Harvey Troyer; her parents; two broth-

ers, Melvin and Alvin Miller; two sisters, Katie and Sylvia Yoder; brother-in-law, Lloyd Beachy; two sisters-in-law, Susan and Fannie Miller.

Ida is survived by her children, Wilma Gingerich and Harley of Mount Vernon, Missouri, Jerry Lee and Nancy of Pomona, Missouri, Katie Schmucker and Elmer of Garnett, Glen and Carolyn of Garnett, Sam and Marilyn of Mt. Grove, Missouri, Ray and Becky of Welda, Lavern and Liz of Garnett, Teresa Keim and Mahlon of Garnett, Kansas; 55 grandchildren; 100 great grandchildren; one great great grandchild; sister, Lydia Beachy of McMinnville, Oregon; brother, Andy Miller; two brothers-in-law, Lester H. Yoder and David T. Yoder of Garnett, Kansas.

GREINER

JANUARY 24, 1934 — MAY 31, 2024

Milton Greiner, age 90, of Garnett, Kansas, passed away on Friday, May 31, 2024, at Parkview Heights in Garnett.

Milton Lawrence Greiner was born on January 24, 1934, in West Plains, Missouri.

You're going to love Trump's revenge

REVIEW COMMENTARY

DANE HICKS, Publisher

Amid the whole corrupt Keystone Cops show trial conviction of Donald Trump last week in a New York courtroom is the preponderance of data at this point that indeed, Trump will have his revenge – and it will start with being elected the 47th president of the United States.

As president- again- Trump's revenge won't target the likes of Judge Juan Merchan or prosecutor Alvin Bragg or any of the other legions of terrified deep state lackeys or prosecutors or judges who see Trump and his movement as a threat to their progressive socialist ambitions and have blatantly conscripted the American legal system to do their bidding against him. Trump's day of reckoning won't even be employed against the toddering, muddled geriatric who's now puppeteered as the U.S. president by a handful of social zealots in his administration who've used him to make a debacle of our Republic.

Trump's recompence will be more enveloping and universal and will translate to a win for the country and a personal exaltation for himself.

It will come down to one simple term: Success. Because living well is the best revenge.

All but one element of the disastrous national landscape which Biden and Democrats have created will be easy for Trump to solve, particularly since he solved these issues during the first three years of his previous presidency. It won't be immediate because of the depth of Biden's despondent decline, but the answers are all there and apparent.

Removing Biden's choke chain from the U.S. oil and gas industry will put the country back on track to be energy self-sufficient, a position the nation held under Trump until Biden began dismantling oil and gas production and its prospects on day one of his administration. The benefits for the country won't be seen just in lower gasoline prices although that will be the most generally apparent; the benefits will also circulate within the sphere of National Security, the consumer economy and general industrial might. It took only a few years under Trump's previous policies to develop a U.S. energy sector

It will come down to one simple term: Success. Because living well is the best revenge.

which for the first time in decades became an exporter of energy. The template for that success is already in place.

The U.S. southern border is another proven success which was buried by Biden's intent to flood the nation with eventual Democrat voters. Unshackling U.S. Border Patrol and returning it to a security force instead of the Walmart greeters of an international invasion will be the first step to border security. Finishing the border wall which Trump failed to complete in his first effort will be the next.

Disinfecting the U.S. Military of woke silliness will be another major accomplishment which will revive military success for the country. The Biden administration's moronic priority that the country's military should be more concerned with imaginary equity than with lethality has destroyed morale among the warrior class and diluted the interest of potential soldiers as reflected in failed recruiting quotas. Cleansing the military services of this forlorn focus on race, DEI, preferred pronouns and the ills of whiteness and re-prioritizing it to the killing of bad guys will be as simple as the right appointment to Secretary of Defense.

The one lingering poison that will be hardest to rectify will be the inflationary fire Biden and his unhinged Covid-cloaked spending has fueled. The country is going to realize why curtailing inflation has been such a national priority regardless of party administrations for the past 40 years and why it is so important to keep interest rates low and consumer prices competitive. Easing the money supply while encouraging competition will be key – and reduced energy prices under a "drill baby drill" energy policy will have immense impact as well.

The sweet nectar of Trump's revenge will be to Make American Great Again. ###

Wow, another holiday weekend. All these people pass through town and see all the junk at Fourth and Maple. When are you ever going to get that cleaned up? Maybe you could take the nuisance officer with you. Just get rid of the whole bunch.

I watched the cheerleading tryouts because I have a granddaughter in there and I was just thinking it would be nice if just once they wouldn't pick the popular girls or the ones that they think the families are more well off. Just think about what it would do for somebody else.

The cemetery looks wonderful. Thank you to all the city employees that made that happen.

The article "Jesus will return for his church," – that was a decent enough writing. However, while telling everyone to witness with others and take communion in unison, ask yourself

what unity he is writing about- unity with him or unity with Christ? I'm sure he would reply with Christ, but anyone can talk the talk. When you know this author personally, you find an arrogant, self-righteous, holier-than-thou so-called elder who has practiced an "agree with me or leave this church" policy for years. He and his cohort preacher are concerned about themselves above all else. It's easy to talk the talk of a Christian. You can even write an article every week. But a Pharisee is still a Pharisee. Thank you.

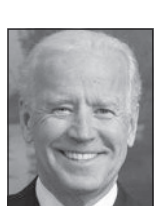

What kind of lame excuse does a city have for not opening the pool? My kids want to go swimming, The pool's full of water but it's not open. Come on Garnett, get your crap together.

We were brokenhearted when we went to the pool Monday and it wasn't open because of the filter. We live for swimming in the Garnett pool. If it isn't open or we don't get a new swimming pool, we will not be able to survive. We have to have a pool. It's Garnett's number one fun and pleasure. Please Lord, make sure Garnett has a working pool.

Trump verdict denotes unhinged campaign of retribution

NATIONAL COMMENTARY

BEN SHAPIRO, THE DAILY WIRE

On Thursday night, in a historic breach of all historical norms, in a move that puts the Republic on the precipice of serious constitutional disorder, chaos, and disaster, a jury in New York unanimously found Donald Trump guilty of 34 separate felonies, all stemming from hush money payments that were made to Stormy Daniels all the way back in 2016.

The legal case is an atrocity. It's a ridiculous case — a political put-up job by Manhattan D.A. Alvin Bragg, who came into office pledging to "get" Trump.

Not pledging to find his criminal behavior that was actually criminal. Pledging to get Trump under any circumstances.

That, of course, mirrored the language of attorney General Letitia James, who was elected to her position in the state of New York on the basis of "getting Donald Trump." The trial was a put-up job by the judge, Juan Merchan, who clearly wants Trump behind bars, which is why I believe he is probably going to send him to jail in July.

This was a put-up job by the Biden administration, who has been attempting to brand Trump a criminal and a felon since the day they got into office. Not to mention the Democratic Party, which has been attempting to label him everything from a Putin Cat's Paw to a traitor to the country since 2015.

President Trump responded precisely the way you would think he would, with absolute sheer outrage. That was absolutely appropriate. He stated:

This was a disgrace. This was a rigged trial by a conflicted judge who was corrupt. It's a rigged trial, a disgrace. They wouldn't give us a venue change. We were at 5% or 6% in this district, in this area. This was a rigged, disgraceful trial. The real verdict is going to be November 5 by the people. And they know what happened here. And everybody knows what happened here.

You have a Soros-backed D.A. and the whole thing, we didn't do anything wrong. I'm a very innocent man. And it's okay, I'm fighting for our country. I'm fighting for our Constitution. Our whole country is being rigged right now. This was done by the Biden administration in order to wound or hurt an opponent, a political opponent. And I think it's just a disgrace. And we'll keep

fighting. We'll fight till the end, and we'll win.

Todd Blanche, one of Trump's attorneys, said, "The timing of this most recent grand jury, meaning the 2023 grand jury that ultimately indicted President Trump, kicked into action less than two months after President Trump announced he's running for reelection. And there are coincidences and then there's coincidences and I don't think that's something that just happened."

Alvin Bragg, the Manhattan D.A. who brought this case, spoke after the guilty verdict was delivered in a Manhattan courtroom that was stacked from the start, saying, "While this defendant may be unlike any other in American history, we arrived at this trial and ultimately today at this verdict in the same manner as every other case that comes to the courtroom doors — by following the facts and the law in doing so, without fear or favor."

That is an extraordinary lie. There's never been a case like this, where they used a novel legal theory specifically to get Trump before the election.

When Democrats say that all they want is the law followed without fear or favor, it's weird how they were perfectly fine with James Comey letting Hillary Clinton off the hook for obvious criminal conduct in 2016 with the excuse that she was running for president.

They don't want election interference, but

Perplexed Democrats ask: What's wrong with People Of Color?

NATIONAL COMMENTARY

RICH LOWRY, King Features Syndicate

The progressive journalist Thomas Frank wrote a much-discussed book in 2004 titled, "What's the Matter with Kansas?" Right now, some other like-minded journalist might be thinking of writing a book called "What's the Matter with People of Color?"

For Democrats, the presidential polling among Latinos and African Americans ranges from concerning to extremely disturbing, as President Joe Biden sheds support to Donald Trump. The Republican was so bold as to hold a campaign rally that drew thousands in the South Bronx, a heavily Hispanic and Black area where Republicans may be rumored to exist but are rarely actually seen.

A New York Times poll in March had Trump beating Biden among Hispanic voters 46-40, while a Wall Street Journal poll last month found that 30% of African-American voters say they are definitely or probably going to vote for Trump. Other surveys show less stark results, but something is going on, especially with Hispanic voters.

If nothing else, we are seeing the foolhardiness of Democrats believing that all minorities -- with a dizzying array of national backgrounds and socioeconomic and demographic characteristics -- could be lumped together as "people of color" and corralled into the Democratic coalition with woke political appeals. That might work on college campuses; it doesn't work in the rest of the country.

The problem for Biden is that Hispanics are too much like the rest of America. In Cynal polling, 69% of Americans say the country is on the wrong track, and 72% of Hispanics think the same. Hispanics care about the economy as much as -- in fact, more than -- anyone else. Whereas 30% of the country says inflation and

the economy is the top issue, 42% of Hispanics say it is.

All of this means that only 37% of Hispanics view Biden favorably, essentially the same percentage as among whites.

Changing Hispanic attitudes toward immigration is a big part of the picture. A CBS poll in Arizona found that 52% of all voters think recent immigrants have made life worse. What outrageous xenophobia, you say? Well, 40% of Hispanic voters think they've made life worse, too (a slim plurality, 42%, say they've made it better).

While the Left thought that Hispanics would enjoy getting called "Latinx" and seamlessly fit into its victim-industrial-complex, Trump "the blue-collar billionaire" probably has more in common with the average Latino working-class male than any member of the (exclusively Democratic) Congressional Hispanic Caucus.

The division of the electorate among class lines, long evident among whites, now appears

to be showing up among Hispanics. Ruy Teixeira of the American Enterprise Institute cites a YouGov poll that found Biden leading by 1 point among working-class Hispanics and 39 points among college-educated Hispanics. Working-class Hispanics tend to be more moderate or conservative than their college-educated counterparts and are more pessimistic about the economy and concerned about inflation. As Teixeira notes, about 78% of Hispanic voters are working class, and even higher percentages in Arizona and Nevada, states where Trump is leading.

There appears to be a trend among Hispanic voters. Hillary Clinton won them by nearly 40 points in 2016, while Biden carried them by 23 points in 2020 and could go lower this year. The move among Black voters is more provisional and less pronounced, but still real and obviously worrying to Democrats given their investment in advertising directed at these voters and Biden's recent fevered commencement address at Morehouse College.

It's best to think of the Latino and Black voters telling pollsters that they support Trump as very much potential voters -- Trump will have to continue to make his case, and the Republican National Committee find ways to reach them and turn them out. But, as the Republican political analyst Patrick Ruffini points out, if culturally conservative non-whites break away from the Democratic coalition it would be a boon for the GOP.

What's wrong with people of color? This year they could prove too politically independent-minded.

Rich Lowry is editor of the National Review.

More finds from cabin that stood in 1850's & 60's

As I promised over the next several weeks I will be sharing photos of artifacts I found while excavating the area where my great-great-grandfather's log cabin once stood in 1857-1867. I conducted this project over 23 years ago this fall. You will have to bear with me, as a lot of my finds were very early buttons of every type, size, color & use. I hope you enjoy my future columns.

#1 - All three of these beads are spun with human or animal hair.
 #2 - These three buttons are made of hard or baked rubber by Goodyear Rubber Co. This company made thousands of these non-glare buttons for Sharp Shooters during the

A lack of interest forced the USD 365 School Board to scrap plans for an activity bus next year. Superintendent Ken Woods told board members when they met on June 2 that only ten students had signed up for the bus service and were spread all over the district. Board members had completed cost projections at the previ-

ous meeting. They found that even if students were required to pay \$60 per season to ride the bus home from practice, about 100 students per season would be needed to make the service financially feasible. Bill Feuerborn has been chosen by the area Democratic Committee to serve the remainder of George Teagarden's term in the State House of Representatives. Feuerborn was selected at a meeting of Committee people in Greeley. Feuerborn replaced Teagarden, a House veteran until May 31, when he officially resigned the seat to take over as State Livestock Commissioner.

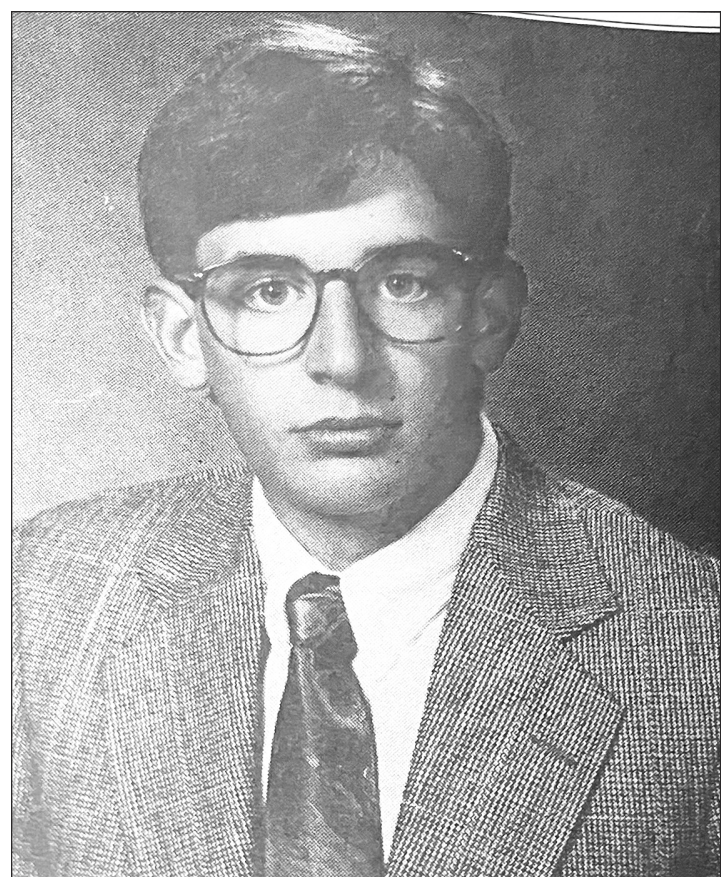

20 years ago...

A Topeka group will breathe life back into a nostalgic part of Garnett's history. Garnett leaders are teaming up with the Kansas Region Sports Car Club of America to stage an event commemorating the Lake Garnett Grand Prix races of the 1960s. City Commissioners approved using the North Lake for the location of the 50th Anniversary celebrations. Garnett's Grand Prix races were held in the late 1950s and 1960s. They were part of the national Grand Prix circuit races and were one of the prime battlegrounds of the early days between racing-legged Ford Shelby Cobras and Chevrolet

Corvettes. The local airport recently received some \$88,000 to perform a comprehensive study. Garnett applied for federal assistance for the airport in 1993, but at the time, the FAA prioritized funding the larger traffic airports instead.

10 years ago...

Efforts to remove junk and eyesores from properties in the city millets so far have covered quite a bit of the city and revealed at least one issue—the disposal of tires—that hinders any efforts. Garnett police have been inspecting properties for junk, disabled vehicles, and tall grass at the request of City Manager Joyce Martin. Offices are hand-delivering notices about city rules requirement removal of such items and still have three-quarters of the city left to go. A 2012 Anderson County High School graduate is challenging incumbent Rep Kevin Jones for his Kansas House of Representatives seat. Miranda Rickel filed as a Democrat to run against Jones in the general election Nov 4. Officials with the City of Garnett's cable and Internet provider said that the company planned to invest 41.2 million on infrastructure and upgrades in Ganett and provided a new timetable for long-awaited changes in the system.

THE ANDERSON COUNTY REVIEW 06-04-2024 / ARCHIVE

FORUM...

FROM PAGE 4

Maybe this is the wrong time to ask this but there is no gate in the new fence on the Legion Field over on the west side facing the fairgrounds. All of those people are going to have to I guess walk up to the dugout to get to the merchants tent and the other activities to go out there as well as the civic groups that park back in there and load their cookers and everything back and forth across that fence. That's going to be an awful lot of extra work for those folks. Some of them may just as well go home. You need to put a gate in that fence. Thank you.

The New York Central Park 5 were black teams who assaulted whites including a female jogger, bashing her head in. They were caught with overwhelming physical evidence and testified against each other with details only the attackers would know. Democrat mobs shouted racial slurs at the victim during the trial and published her identity. Through DNA another assailant

was also found who had told a jail mate he heard her screams and when the teens left, he raped the unconscious victim. When Democrat activists took over the New York DA's office years later, they used that to falsely claim the central part 5 were innocent and rewarded them with millions of taxpayer dollars. And Netflix sponsoring a fictitious show full of lies that defamed the female prosecutor who is now suing. Now Democrats are attacking Trump for having expressed outrage when that attack occurred, while the truth has been buried by the Democrat media and big tech.

I just wonder if you are the same people that call in each week and whine and whine about politics? When Jesus comes riding on his great white horse to put an end to all evil, it isn't going to matter if you are a Democrat or a Republican. You have been warned and warned by different pastors. Just give it up and try and save your souls because the end of the world is going to be coming soon. Prophecy is being fulfilled. Please, please, think about your souls rather than your politics or who's going to get president. It's not going to matter. Thank you.

THE ANDERSON COUNTY REVIEW 06-04-2024 / SUBMITTED

Southland Cruisers host annual car show in Garnett

The Southland Cruisers hosted their 8th annual Classic Auto Show on the town square in Garnett. The car show had 108 entrants in this year's event.

Pictured above is Brandi Weber, Best of Show.

On the right is Lisa Knoble, Pin Up Winner.

Final filings made for upcoming elections

GARNETT - Monday's filing deadline passed for local political offices in the upcoming primary and general elections with some incumbents hoping to hold their seats and some familiar faces seeking new positions.

Anthony "Spike" Mersman filed to retain his seat as District 2 Anderson County Commissioner. Besides a possible write-in at a later date he has no opponent in either the primary or general election.

Republican Mike Blaufuss, who served a short period as a Garnett City Commissioner until leaving office in 2007 because he moved out of town,

filed for the District 3 county commission seat being vacated by Dave Pracht of Westphalia. Former county clerk Phyllis Gettler, presently the clerk of the City of Colony, filed as a Democrat for that post.

Republicans Elizabeth Oliver and Steve Wilson were the only filings for the county attorney post and will face off in the August primary.

Incumbent Democrat Sandra Baugher was the only filer for county register of deeds. Treasurer's office employee Republican Ida (Yoder) McClellan was the only filing to take the place of incumbent treasurer Dena

McDaniel who will retire this year.

Two Republicans, Wes McClain and Mark Locke, were the only filings for county sheriff in a race that will be determined in the August primary. A third Republican, Rob Smith, had announced to seek the position earlier this year but did not file.

First-term Republican incumbent Fred Gardner filed unopposed for his 9th District seat in the Kansas House of Representatives. Incumbent Republican Caryn Tyson will face a primary challenge from Stetson Kern of Pleasanton.

Hicks to sing anthem for K-State night at "K"

KANSAS CITY - A voice familiar to the local area will raise the National Anthem at Friday's Royals game against the Seattle Mariners, when local singer Carly Hicks delivers the anthem for the spectators at the "K."

A 2021 graduate of Anderson County High School, Hicks is a founding member of "Resonate

A Capella," an all vocalist group which has become a musical mainstay of the K-State Campus.

The event highlights "K - S t a t e

Hicks

Night" at the ballpark, with various recognitions and promotions for the EMAW crowd scheduled for the evening. Tickets for Friday night's contest are still available.

Hicks is a senior majoring in human relations and is the daughter of Barb and Dane Hicks of Greeley.

Shawn Benjamin to join Benjamin Realty

Benjamin Realty announced that Shawn Benjamin recently joined the agency as a Realtor - Associate. Shawn will

Benjamin

focus on land, farms, and home sales in the area.

Before moving home, Shawn was employed as a food and beverage manager at the Elks Lodge in Idaho Falls, Idaho and later as a sales representative for Miller/Coors. Shawn, wife Rachel and son Ian recently moved to Garnett from Idaho Falls, Idaho.

Morriss

Followed by Friends meeting at 6 p.m. and walk to follow. Also - Walking club members will receive the Scavenger Hunt Contest handout!

The walking club is still accepting members. Join the Friends of the Prairie Spirit Trail today for only \$10 and you are automatically a walking club member too! Stop by the Garnett Area Chamber of Commerce and Director Jodie Beets can get you registered and give walking club info packets, dog tags, pennants, etc.

Richmond Public Library receives grant from Sisters in Crime

RICHMOND - Sisters in Crime is pleased to announce that Richmond Public Library in Richmond, Kansas has been awarded the organization's "We Love Libraries" \$500 grant to use for library programs or to buy library materials for its collection.

Sisters in Crime is dedicated to promoting the ongoing advancement, recognition and professional development of women crime writers. Members are authors, readers, publishers, agents, booksellers and librarians bound by a passion for the mystery genre. Libraries in the United States, including commonwealths and territories, can enter the group's monthly We Love Libraries lottery by submitting an entry form and a photo of one or more staff members with three books by Sisters in Crime authors.

Richmond Public Library has proudly served the Richmond community since 1938. For details about the

library, visit <http://richmond.mykansalibrary.org> or find us on Facebook. "We're thrilled to be the June 2024 recipient of Sisters in Crime We Love Libraries grant,"

About Sisters in Crime

Sisters in Crime (SinC) was founded in 1986 to promote the ongoing advancement, recognition and professional development of women crime writers. Today, the organization boasts 3,600 members and 51 chapters worldwide and its initiatives also include other scholarships; grants for academic research into the roles of women and underserved voices in crime fiction; cash awards to libraries and bookstores; and surveys and monitoring projects which determine visibility and representation of women and diverse voices in the genre and across the marketplace. For more information on its programs and author members, visit the organization's website at www.sistersincrimelibrary.org.

Anderson County golfer competes at State

EMPORIA - Back on May 20th and 21st, Anderson County Bulldog golfer Eli Martin finished in 50th place at the 3A KSHSAA state golf tournament at the Emporia Municipal Golf Course.

Eli Martin shot an 86 over 18 holes in 2 days.

Talon Reynolds of Larned, Xande Sellman of Iola, Isiah Rosales of Colby and Avery Jacobs of Phillipsburg all shot an 82 to finish just ahead of

Martin.

Martin tied Matt Newhouse of Wellsville and Kevin Tanner of Lakin Heritage.

Winning the 3A title was Lunden Esterline of Colby with a total of 67, 6 strokes ahead of second place finisher Eli Jones of Norton.

Hesston won the team title, finishing +28 as a team, just ahead of second place Wichita Collegiate (+30).

Crest Lancers drop first round game at State

GREAT BEND - On May 23rd, the #5 seeded Crest Lancers (20-8) dropped their opening round game of the Class 2-1A state baseball tournament in Great Bend to #4 seed St. Mary's Colgan (20-5), 10-1.

The Lancers struck first as Ryan Golden's first inning single scored Logan Kistner.

Kistner reached first base with a one-out walk and advanced to second on a wild pitch before scoring on the basehit.

Unfortunately for the Lancers, they would struggle to make any real scoring

threats the rest of the way as St. Mary's Colgan tallied 4 runs in the second, 1 in the third and then put the game out of reach with a 5-run sixth inning.

Crest ended the game being outthit 10-4 in the game.

St. Mary's Colgan would lose their semifinal game but bounce back to win the 3rd place game over Thomas More Prep-Marian High School 10-0.

Medicine Lodge would come from the sixth seed to win state with a win over top-seeded Mission Valley in the championship game, 8-0.

Lady Vikings upended in first round by Onaga

PRATT - Central Heights lost a hard fought first round game in the Class 2-1A state tournament to Onaga 5-2 at the Pratt-Green Sports Complex.

Onaga (21-5) entered as the #3 seed and Central Heights was the sixth seed, finishing the season 16-10.

The Vikings would score first as Melaney Chrisjohn led off the game with a single and then would steal second base and advance to third on an error allowing her to score on a sacrifice fly by Macey Cubit to put the Lady Vikings up 1-0.

Onaga tied the game up with a run in the bottom of the third inning.

The Vikings wouldn't pick up another hit until the 5th inning when L Hamblin doubled with 2 outs but was picked off second base to end the inning shortly after.

Onaga would gain some

breathing room in their half of the fifth inning picking up 4 runs.

Central Heights tried to rally in the 6th inning. They led off the inning with a Chrisjohn single, then following a strikeout, Cubit singled but Chrisjohn was thrown out trying to score.

Crump doubled on the next pitch to score Cubit and cut the deficit to 5-2 but the threat would end on a fly out in the next at-bat.

The Vikings went down in order on three strikeouts in the seventh to end the game.

Onaga would finish third knocking off Inman 10-3 after losing their semifinal game against Dexter/Cedar Vale 5-4.

McLouth capped off a 28-2 season by winning state and outscoring their three opponents 32-0 in the process.

Crest state track led by Rodriguez's 4th place finish

WICHITA - The Crest Lancers were well represented at the state track meet in Wichita back on May 24th and 25th and were led by a 4th place finish by Jerry Rodriguez in the long jump as he finished 4th with a distance of 20' 10.25".

Other boys competitors were Brenton Edgerton in the 100 meter dash (16th in preliminaries) with a time of 11.79, Gentree McGhee in the 200 meter dash (also 16th in preliminaries) with a time of 11.79 and the 4x100 team consisting of Brody Hobbs, Jerry Rodriguez, Gentry McGhee and Brenton Edgerton finished in 11th in preliminaries with a time of 45.76.

The girls were led by a 5th place finish by Josie Walter in the 3200 meter run with a time of 12:19.23.

Walter also finished 9th in

the 1600 meter run (5:43.43).

Peyton Schmidt finished 7th in the 3200 meter run with a time of 12:24.02.

Hanna Schmidt finished 8th in the 100 meter hurdles with a time of 18.15 after finished 7th in the prelims with a time of 15.97. Schmidt ran the 300 meter hurdles in a time of 52.33, good for 15th place in the prelims. Schmidt was also in long jump and finished 16th with a distance of 14'9.75"

The 4x100 team consisting of Kaelin Nilges, Hanna Schmidt, Kinley Edgerton and Mia Coleman did not finish their preliminary race so they failed to make the finals.

The girl's 4x800 team consisting of Jaycee Schmidt, Kinley Edgerton, Kim Coleman and Aubrey Allen finished in 16th with a time of 11:22.42.

Viking boys break state record in 4x800 meter relay

WICHITA - The Central Heights 2024 track & field team have left their stamp all over their high school record books and now have added a state record to their accomplishments as they brought home gold in the 4x800 meter relay with a time of 8:00.20 to break a 2A state meet record.

The team is comprised of Connor Burkdoll, Owen Miller, Christian McCord and Cody Hammond.

They were well ahead of the second place finisher, KC Christian, as they finished with a time of 8:22.92.

Burkdoll added a 2nd place finish in the 3200 meter run (9:39.71) and a 4th place finish in the 1600 meter run (4:33.48) to round out an impressive performance.

Equally as impressive was Hammond's 2nd place finish in the 800 meter run (1:57.52) and a 3rd place finish in the 1600 meter run (4:32.52).

Also running was Miller in the 3200 meter (10:02.50), good for a 10th place finish and McCord in the 800 meter run (2:04.11), good for 11th.

The girls were led by Emma Cubit's 9th place finish in the 1600 meter run (5:54.80).

Cubit, along with Melaney Chrisjohn, Addy Ouellette and Arabella Dunbar finished 13th in the 4x800 meter relay (11:04.53).

As expected, head coach Troy Prosser was elated with his team's performance.

Prosser said, "Over the course of two days at the State Championships, we witnessed some of the greatest performances, not only in Central Heights history, but in the entire history of the 2A State meet. On Friday night, Connor (Burkdoll) and Owen (Miller) both put their all into the 3200 and both came away with the best of their lives."

Connor's 9:39.71 lowered his school record and earned him a State Runner-Up finish.

"His work ethic has been tireless and from the start, I knew he would put down a great time. By far the sweetest part was watching him chase down the 2023 State champ and pull away in dominating fashion over the last 500m."

Miller has overcome a break in his foot, adding to the

impressive feat.

"Owen (Miller) lowered his own personal record by over seven seconds to 10:02.50 to place 10th overall and also battled a few runners to the finish."

Coach Prosser said Miller did this after only about a month of running due to breaking his foot during the second week of the season running on their track.

A frustrated Prosser added, "This happened on one of the many terrible spots on our track. The surface has contributed to numerous injuries piling up for our athletes for years and it makes training incredibly challenging."

Saturday got off to a great start for the Vikings in favorable weather conditions when the girls 4x800 ran a 19 second season best to finish 13th place.

"Emma(Cubit) gave us a very strong first leg, Melaney (Chrisjohn) followed that up with one of her own and Addy (Ouellette) and Arabella (Dunbar) held our position for the rest of the race," Prosser stated.

It really took everything they had and to knock that much off at the State meet means they are gamers.

Chrisjohn did double duty this spring as a dual sport athlete as she is on the softball team as well. Ouellette and Dunbar took on roles in events they didn't naturally gravitate toward.

Prosser said, "They didn't get to run together a lot throughout the season but despite that, they came out with all smiles and a memory of being at the largest high school track meet in the nation."

The biggest moment of the meet for the Vikings was the boys 4x800. Coming in with a season best of 8:14.33, the splits Coach Prosser had seen throughout the season knew they added up to something much better than that but they hadn't put it all together yet. But they did save the best for the biggest stage!

"In as little as the first 300 meters, I could already tell we had the race won but what happened on Connor's second lap brought a few other possibilities into play," Prosser said.

Bulldog's Clark finishes 7th at state in triple jump

WICHITA - Trey Clark led the ACHS athletes at the state competition in Wichita on May 24th and 25th as he finished 7th in the triple jump with a distance of 42' 6.75".

Other boys competing were Christian Barnett as he finished 12th in the high jump, clearing 5'10", Easton Wettstein finished 9th in the

prelims of the 300 meter hurdles (42.12) and 11th in the prelims of the 110 meter hurdles (15.78).

The AC girls were led by Jordan Miller 10th place finish in the 100 meter hurdles preliminaries with a time of 16.03.

Madilyn Reichard finished 15th in the long jump with a distance of 14' 11".

COUNTY FAIR PHOTOGRAPHER

The Anderson County Review is looking for a photographer to cover the Anderson County Fair July 29-August 2, producing photo content of exhibitions and events for our annual "Winners Circle" fair results magazine.

Assignment pays \$400 and requires flexible schedule to follow week-long events. Prefer former 4-H exhibitor with knowledge of fair exhibition operations & scheduling. Contact Publisher Dane Hicks at the Review by email at dhicks@garnett-ks.com or stop by 112 W. 6th in Garnett.

City Owned Grocery Store for Sale or Lease

525 W. State, Erie KS

The Erie Market, located in Southeast Kansas, was purchased by the City of Erie Jan. 1, 2021. The store was completely rebuilt following historic flooding in 2007 by the previous owners (est. \$1.2 million). The Erie City Council is seeking proposals to either purchase or lease the building. Great opportunity for an individual looking to operate their own grocery store. Sellers are motivated. Contact cityclerk@erieks.com or call (620) 244-3461.

thebatguysbatremoval.com **913-961-1512**

The school record of 8:02.86 from 2002 had been described to Coach Prosser as untouchable for several years and it even stood at the 3A State meet record until it was topped in 2022.

"When Connor handed off at about two minutes flat and Owen powered through to a 2:05 we had a chance to take that record down. It was Christian's sub 2:01 that gave us a shot at the school record but also the 2A record held by Olpe and hadn't been remotely threatened. Having Cody on the anchor leg is almost unfair to anyone we compete against but we had such a huge lead at that point and three legs running all alone that his 1:53.41 anchor split helped set a new school record time of 8:00.20 and a new State meet record by nearly a full second," said Prosser.

That was the 5th fastest time in all classes 1A-6A and won class 2A by nearly 23 seconds. What this group of boys have done this year, following up a record shattering State Championship in Cross Country, is something that will be talked about for years around Central Heights.

"I almost have to laugh too because they are all only juniors and are not getting remotely satisfied with their accomplishments. Proud is not a good enough word to describe how I feel about these boys. I push them hard but they respond to everything thrown at them and they are all family to me at this point," said Prosser.

In the 1600 meter run, Emma Cubit finished off her high school running career with a 9th place finish and a personal record.

"She really only had the last six weeks of the season to train after fighting through several setbacks for the previous five months but if there is anyone I knew would give it her all to make something great happen, it's Emma. She has been the standard bearer for female athletics at Central Heights for the past seven years, has put her name in the record books and will go on to bigger and better things as an athlete, as a professional, and as a person," a very proud Prosser said.

Hammond and Burkdoll had their coach a little worried in the boys 1600 meter run.

"They didn't get a good push from the gun and lingered in the back of the field for most of the first three laps and hadn't quite cracked the top 10 until they stormed through the field and picked off enough runners to finish 3rd and 4th respectively. Cody already holds the school record in the race and didn't quite have that in him but Connor was able to knock three more seconds off of his own personal record. It was great to see both of them near the top of the standings in race that neither one of them specialized in and really didn't train for this season. It just goes to show how ridiculously talented they are."

In the finale of the season for us Hammond and McCord took out in one of the most stacked 800 meter fields class 2A has ever seen. At this point, the heat of the day had melted the crown and it was incredibly hard to find any relief from it all. Despite running on what was clearly tired legs from both boys, Hammond was still able to comfortably repeat as State Runner-up and McCord turned in his fourth fastest open time to take 11th.

"I know the goals were higher but sometimes things don't quite work out as planned and the optimal conditions evaporated as the day went on," their coach said.

Prosser concluded, "At the end of the day and at the end of the season, we were able to qualify a solid group of girls, they performed at their best of the season and you simply can't ask for more than that. The foursome of Connor, Cody, Owen and Christian rewrote nine school records, set a new State Meet record and closed out the 2023-24 school year knowing they have one more year full of experiences ahead of them. We do everything we can to make all of the patrons of peers of Central Heights proud of our program and we hope they appreciate this while it lasts."

Notice of ordinance granting Kansas Gas Service a grant of franchise for City of Colony

(Published in the Anderson County Review on June 4, 2024.)

ORDINANCE NO. 453

AN ORDINANCE, granting to Kansas Gas Service, a Division of ONE Gas, Inc., and its successors and assigns, a natural gas franchise, prescribing the terms thereof and relating thereto, providing definitions of terms, prescribing a franchise fee, providing terms and conditions for the use of public rights-of-way, requiring advance notice of work and duty to repair, providing for indemnification and a hold harmless agreement, providing for rules and regulations, prescribing insurance requirements, reserving certain rights, providing for revocation and termination, providing for an acceptance of the terms of the franchise, providing for a reopener, providing for notice of annexations, prescribing relevant governing law, providing for transfer and assignment of the franchise, providing for points of contact and notifications, providing for an agreement to renegotiate, and repealing all ordinances or parts of ordinances inconsistent with or in conflict with the terms hereof.

BE IT ORDAINED BY THE GOVERNING BODY OF THE CITY OF COLONY, KANSAS:

SECTION 1. DEFINITIONS.

For purposes of this Franchise Ordinance the following words and phrases shall have the meanings given herein. When not inconsistent within the context, words used in the present tense include the future tense and words in the single number include the plural number. The word "shall" is always mandatory, and not merely directory.

"City" shall mean the City of Colony, Kansas, and, where appropriate by the context, each of its departments, divisions and component units, including public trusts or authorities of which the City is a beneficiary.

"Company" shall mean Kansas Gas Service, a Division of ONE Gas, Inc.

"Consumer" shall mean any Entity located within the municipal corporate limits of the City and serviced by the Company through any use of the Public Ways.

"Distribution" or "Distributed" shall mean all sales, distribution, or transportation of natural gas to any Sales Consumer or Transportation Consumer for use within the City by the Company or by others through the Distribution Facilities of Company in a Public Way.

"Distribution System" or "Distribution Facilities" shall mean a pipeline or system of pipelines, including without limitation, mains, pipes, boxes, reducing and regulating stations, laterals, conduits and services extensions, together with all necessary appurtenances thereto, or any part thereof located within any Public Way, for the purpose of Distribution or supplying natural gas for light, heat, power and all other purposes.

"Effective Date" shall mean the date the Company files its written acceptance with the City following the final passage and approval of this Franchise Ordinance by the City, as set forth in Section 10 of this Franchise Ordinance.

"Entity" shall mean any individual person, governmental entity, business, corporation, partnership, firm, limited liability corporation, limited liability partnership, unincorporated association, joint venture trust, and any forms of business enterprise not specifically listed herein.

"Facility" or "Facilities" refers to the Company's Distribution System or Distribution Facilities.

"Franchise" shall mean the grant of authority, set forth in Section 2 of this Franchise Ordinance, by the City to the Company for the Distribution of natural gas to the inhabitants of the City and to operate a Distribution System or Distribution Facilities.

"Franchise Fee" shall refer to the charges as prescribed in Section 3 of this Franchise Ordinance.

"Franchise Ordinance" shall mean this Ordinance granting a natural gas Franchise to the Company.

"Gross Receipts" shall mean any and all compensation and other consideration derived directly by the Company from any Distribution of natural gas to Consumers within the City. Such term shall not include revenue from certain miscellaneous charges and accounts including but not limited to: connection fees, disconnection and reconnection fees, temporary service charges, delayed or late payment charges, collection fees, bad debts, customer project contributions, meter test fees, revenues received by Company from Consumers as Franchise Fee reimbursement, and returned check charges. Additionally, Gross Receipts shall not include credit extended pursuant to the Cold Weather Rule (or substitute rule) of the Kansas Corporation Commission for natural gas sold within the corporate limits of the City, nor Volumetric Rate Fees collected by the Company and remitted to City in accordance with Section 3 of this Franchise Ordinance.

"MCF" shall mean a measurement of natural gas equal to one thousand cubic feet. It is assumed for purposes of this Franchise Ordinance that one MCF equals one million British Thermal Units.

"Public Improvements" means any public facilities, buildings, or capital improvements, including, without limitation, streets, alleys, sidewalks, sewer, water, drainage, right-of-way improvements, and other Public Projects.

"Public Project" means any project planned or undertaken and financed by the City or any governmental entity for construction, reconstruction, maintenance, or repair of public facilities

ties or improvements, or any other purpose of a public nature paid for with public funds.

"Public Way" or "Public Ways" shall mean the future public streets, avenues, alleys, bridges, boulevards, roads, highways, parks, parking places and other public areas, and general utility easements, dedicated to or acquired by the City. The term does not include easements obtained by private entities providing utilities services or private easements in platted subdivisions or tracts.

"Sales Consumer" shall mean, without limitation, any Entity that purchases natural gas within the corporate City limits from Company for delivery to such Consumer within the City through the Company's Distribution System or Distribution Facilities.

SECTION 2. GRANT OF FRANCHISE.

A. In consideration of the benefits to be derived by the City and its inhabitants, there is hereby granted to the Company (said Company operating a Distribution System in the State of Kansas), a non-exclusive Franchise for a period of twenty (20) years from the Effective Date, to construct, maintain, extend and operate its Distribution Facilities along, across, upon or under any Public Way for the purpose of selling and distributing natural gas for all purposes to the City, and its inhabitants, and through said City and beyond the limits thereof; to obtain said natural gas, and/or comparable blends of combustible gasses, from any source available; and to do all things necessary or proper to carry on said business.

B. The grant of this Franchise by the City shall not convey title, equitable or legal, in a Public Way and shall give only the right to occupy the Public Way for the purposes and for the period stated in this Franchise Ordinance. This Franchise Ordinance does not:

- (1) Grant the right to use facilities or any other property, natural gas-related or otherwise, owned or controlled by the City or a third party without the consent of such party;
- (2) Grant the authority to construct, maintain or operate any Facility or related appurtenance on property owned by the City outside of a Public Way;
- (3) Excuse the Company from obtaining appropriate access or attachment agreements before locating its Facilities on property owned or controlled by the City (other than a Public Way) or a third party; or
- (4) Unless explicitly set forth herein, excuse the Company from obtaining and being responsible for any necessary permit, license, certification, grant, registration or any other authorization required by any appropriate governmental entity, including, but not limited to, the City or the Kansas Corporation Commission.

SECTION 3. FRANCHISE FEE.

A. As further consideration for the granting of this Franchise, and in lieu of city occupation, license or permit fees, or revenue taxes, except as expressly provided herein, the Company shall pay to the City during the term of this Franchise, a Franchise Fee of: (i) four percent (4%) of the actual Gross Cash Receipts collected by the Company from the Distribution of natural gas to all Sales Consumers within the corporate limits of the City, all such payments to be made monthly for the preceding monthly period.

B. The Company's obligation for payments of the Franchise Fee shall commence with the first cycle of the monthly billing cycle following the Effective Date of this Franchise Ordinance. Prior to that date, payments shall continue to be calculated and be paid in the manner previously provided in Ordinance No. 393., and amendments thereto.

C. In the event a Consumer of Company does not pay a monthly bill from Company in full, Company shall prorate its payments of remissions to the City for sums due on that particular bill so that the amount actually paid by the Consumer to Company on the bill is distributed to Company for the natural gas commodity and transportation or distribution service and to the City for sums due on the bill in proportion to the percentage of the total bill actually paid by the Consumer. In the event Company actually collects any outstanding amounts due on a past due, unpaid, or partially paid monthly bill to a customer, the Company shall pay City its proportionate share of sums due to the City on such bill.

D. Upon written request by the City (but no more than once per quarter), the Company shall submit to the City a certified statement showing the manner in which the Franchise Fee was calculated. The City shall have the right to examine within the corporate limits of the City and during regular business hours, upon reasonable advance written notice to the Company, all books, papers and records kept by the Company in the ordinary course of business and pertaining to its business carried on by it in or through the City, necessary to verify the correctness of the Franchise Fee paid by Company.

E. No acceptance by the City of any Franchise Fee shall be construed as an accord that the amount paid is in fact the correct amount, nor shall acceptance of any Franchise Fee payment be construed as a release of any claim of the City. Any dispute concerning the amount due under this Section shall be resolved in the manner set forth in K.S.A. 12-2001, and amendments thereto.

F. The Franchise Fee required herein shall be in lieu of all taxes, charges, assessments, licenses, fees, and impositions otherwise applicable that are or may be imposed by the City

under K.S.A. 12-2001, K.S.A. 17-1902, and amendments thereto. From and after the date hereof, the permit fees required of the Company by any ordinance (presently in effect or hereafter adopted) for a permit to excavate in, or adjacent to, any Public Way shall be deemed a part of the compensation paid pursuant to this Franchise Ordinance and shall not be separately assessed or collected by the City; in no event, however, shall this provision be interpreted to waive the requirement of notice to the City and the procedural requirements of such ordinance. The Franchise Fee is compensation for use of the Public Way.

SECTION 4. USE OF PUBLIC RIGHT-OF-WAY.

A. Except as provided herein or as regulated by state or federal law, the use of any Public Way under this Franchise by the Company shall be subject to all laws, statutes, regulations and/or city policies (including, but not limited to those relating to the construction and use of the Public Way or other public property) now or hereafter adopted or promulgated. Unless specifically provided, herein, the Company shall be subject to all rules, regulations and policies now or hereafter adopted or promulgated by the City relating to permits, sidewalk and pavement cuts, utility location, construction coordination, and other requirements on the use of a Public Way; provided however, that nothing contained herein shall constitute a waiver of or be construed as waiving the right of the Company to oppose, challenge, or seek judicial review of, in such manner as is now or may hereafter be provided by law, any such rules, regulation, or policy proposed, adopted, or promulgated by the City and, further provided other than the items enumerated in this Section 4 herein, that such rules, regulations or policies shall not require the payment of additional fees or additional costs for the use of a Public Way.

B. All mains, services, and pipe which shall be laid or installed under this Franchise shall be so located and laid as not to obstruct or interfere with any water pipes, drains, sewers, or other structures already installed. The Company shall provide, prior to commencing work, information to the City concerning work to be performed in the streets, avenues, bridges, parking areas, and public places of the City, as the City may from time to time require for purposes of record keeping. The City may require that the information be provided on its standard permit form, but without requiring approval, consent, or fees. In the event of an emergency, the Company shall have the right to commence work without having first provided such information or form(s).

C. The Company's use of any Public Way shall always be subject and subordinate to the City's use of the Public Way for any public purpose. The City may exercise its home rule powers in its administration and regulation related to the management of the Public Way; provided that any such exercise must be competitively neutral and may not be unreasonable or discriminatory, nor in conflict with state or federal law.

D. The City reserves the right to lay or permit to be laid cables, electric conduits, water, sewer, gas, or other pipelines and to do or permit to be done any underground work deemed necessary and proper by the City, along, across, over, or under any Public Way. In permitting such work to be done, the City shall not be liable to the Company for any damage to the Company's Facilities unless the City or its agents or contractors are negligent in causing said damage.

E. Whenever by reason of establishing a grade or changing the grade of any street, or the location or manner of construction of any Public Way, the City deems it necessary to alter, change, adapt, or conform any portion of the Company's Facilities located in the Public Way, the City shall provide reasonable notice and such alterations or changes shall be made within a reasonable time by the Company, as ordered in writing by the City, without claim for reimbursement or compensation for damages against the City; provided, however, that this provision is not intended to require the Company to alter, change, adapt, or conform any portion of its Facilities without reimbursement or compensation where the right to locate the same (whether by private right-of-way grant, utility easement or otherwise), was acquired prior to the designation of the location as a Public Way.

F. If the City shall require the Company to adapt or conform its Facilities or in any way to alter, relocate or change its property to enable any other person, firm, corporation, or Entity (whether public or private), other than the City, to use the Public Way, the Company shall be reimbursed by the person, firm, corporation, or Entity desiring or occasioning such change for any and all loss, cost, or expense occasioned thereby. "Person," "Firm," "Corporation," and "Entity" as used in this paragraph shall not include regular departments of the City, or any trust or authority formed by or for the benefit of the City for public utility purposes, but shall include any other agency or authority of the City, whether acting in a governmental or non-governmental capacity, including, but not limited to, any urban renewal authority, or any other agency or authority, which as a part of its program clears whole tracts of land within the municipal corporate limits and relocates citizens for the purpose of urban development or similar aims.

G. The Company and the City shall participate in the Kansas One-Call utility location program. The Company shall cooperate promptly

and fully with the City and take all reasonable measures necessary to provide accurate and complete information regarding the location of its Facilities located within a Public Way when requested by the City. Such location and identification shall be promptly communicated in writing to the City without cost to the City, its employees, agents or authorized contractors. The Company shall designate and maintain an agent familiar with the Facilities, who is responsible for providing timely information needed by the City for the design and replacement of Facilities in a Public Way during and for the design of Public Improvements.

H. The Company shall be subject to the following fees and costs in connection with its use and occupancy of any Public Way: (i) in the event that the repairs or replacements set forth under Section 5 below, have not been timely completed by Company, the City may charge an excavation fee for each street or pavement cut to recover the costs associated with construction and repair activity; (ii) inspection fees to recover all reasonable costs associated with City inspection of the work of the Company in the Public Way when the Facilities are of such a scope and magnitude so as to require the City to incur such inspection costs by an outside party; and (iii) the repair and restoration costs associated with repairing and restoring the Public Way because of damage caused by the Company, its assigns, contractors, and/or subcontractors in the Public Way.

SECTION 5. NOTICE OF WORK AND DUTY TO REPAIR.

A. Prior to commencing any activities related to the construction, maintenance, or extension of its Facilities along, across, upon, or under the Public Way, the Company shall submit to the City written plans detailing all such activities in the manner required by the City by Ordinance. In the event of an emergency, Company shall have the right to commence work without providing such plans, provided such plans are submitted within five business days of commencement of the work. The Company's Facilities shall be so constructed and maintained as not to obstruct or hinder the usual travel or public safety on such Public Ways or unreasonably obstruct the legal use by other utilities.

B. Prior to beginning work, the Company will inspect existing pavement within and/or adjacent to the work area and will report any existing damage or concerns. All earth, materials, sidewalks, paving, crossings, utilities, Public Improvements, or improvements of any kind located within the Public Way that are damaged, displaced, or removed by the Company shall be fully repaired or replaced to their prior condition or to existing municipal standards as are then in existence, and in a manner satisfactory to the duly authorized representative of the City, after completing such activity as is permitted under this Franchise Ordinance and without cost to the City.

SECTION 6. INDEMNITY AND HOLD HARMLESS.

The Company, its successors and assigns, in the construction, maintenance, and operation of its Facilities, shall use all reasonable and proper precaution to avoid damage or injury to persons and property, and shall indemnify, defend, hold, and save the City harmless from any and all claims, damage, judgements, and reasonable expense, including attorney fees, caused by the negligence of the Company, its successors and assigns, or their agents or servants. The Company or the City shall promptly advise the other in writing of any known claim or demand against the Company or the City related to or arising out of the Company's activities in any Public Way.

SECTION 7. RULES AND REGULATIONS.

The Company shall have the right to make and enforce such reasonable rules and regulations as it may deem necessary for the extension of its Facilities, the sale of its gas, and the prudent conduct of its business, provided that such rules and regulations shall neither be in conflict with the laws of the State of Kansas, with the orders, rules, or regulations of the Kansas Corporation Commission or other regulatory authority having jurisdiction, nor with the ordinances and regulations of the City insofar as they are consistent with the jurisdiction of the Kansas Corporation Commission or such other regulatory authority.

SECTION 8. REVOCATION AND TERMINATION.

In case of failure on the part of the Company to comply with any of the provisions of this Franchise Ordinance, or if the Company should do or cause to be done any act or thing prohibited by or in violation of the terms of this Franchise Ordinance, the Company may be subject to forfeiture of all rights, privileges and Franchise granted herein, and all such rights, privileges and franchise hereunder be deemed ceased, terminated, null, and void, and this Franchise Ordinance shall be deemed revoked or terminated, provided that said revocation or termination shall not take effect until the City has completed the following procedures: Before the City proceeds to revoke and terminate this Ordinance, it shall first serve a written notice upon Company, setting forth in detail the neglect or failure complained of, and the Company shall have sixty (60) days thereafter in which to comply with the conditions and requirements of this Franchise Ordinance. If at the end of such sixty (60) day period the City determines that the neglect or

failure complained of has not been cured, the City shall take action to revoke and terminate this Franchise Ordinance by an affirmative vote of the governing body present at a public meeting and voting, setting out the grounds upon which this Franchise Ordinance is to be revoked and terminated; provided, to afford the Company due process, the Company shall first be provided reasonable notice of the date, time, and location of the governing body's consideration and shall have the right to address the governing body regarding such matter; and further provided, if the nature of the default is such that it cannot be reasonably cured within the above said sixty (60) -day period, and the governing body believes the Company has in good faith timely commenced its cure and is diligently pursuing the completion of the same, the Company may, in the City's sole discretion, be given a reasonable additional period of time to complete its cure. Nothing herein shall prevent either party from invoking any other remedy that may otherwise exist at law. Upon any determination by the governing body to revoke and terminate this Franchise Ordinance, the Company shall have thirty (30) days to appeal such decision to the District Court where the City is located or in the District Court of Johnson County, Kansas. This Ordinance shall be deemed revoked and terminated at the end of this thirty (30) -day period, unless the Company has instituted such an appeal. If the Company does timely institute such an appeal, such revocation and termination shall remain pending and subject to the court's final judgment. Provided, however, that the failure of the Company to comply with any of the provisions of this Franchise Ordinance or the doing or causing to be done by the Company of anything prohibited by or in violation of the terms of this Franchise Ordinance shall not be a ground for the revocation or termination thereof when such act or omission on the part of the Company is due to any cause or delay beyond the control of the Company or to bona fide legal proceedings.

SECTION 9. RESERVATION OF RIGHTS.

A. In granting its consent hereunder, the City does not in any manner waive its regulatory or other rights and powers under and by virtue of the laws of the State of Kansas as the same may be amended, applicable Federal laws or regulations as the same may be amended, its home rule powers under the Constitution of the State of Kansas, nor any of its rights and powers under or by virtue of present or future ordinances of the City.

B. In adopting and passing this Ordinance, neither the City's nor the Company's present or future legal rights, positions, claims, assertions or arguments before any administrative agency or court of law are in any way prejudiced or waived. By the City's adopting and passing this Franchise Ordinance and the Company's acceptance hereof as provided in Section 10, neither the City nor the Company waive any rights, but instead expressly reserve any and all rights, remedies, and arguments the City or the Company may have at law or equity, without limitation, to argue, assert, and/or take any position as to the legality or appropriateness of any present or future laws, non-franchise ordinances and/or rulings.

SECTION 10. ACCEPTANCE OF TERMS.

A. This Franchise Ordinance shall take effect and be in force from and after its passage, approval by the City, acceptance by the Company, and publication in the official City newspaper. The Company shall have sixty (60) days after the final passage and approval of this Franchise Ordinance to file with the City Clerk its written acceptance of the provisions, terms, and conditions of this Franchise Ordinance and when so accepted, this Franchise Ordinance and acceptance shall constitute a contract between the City and the Company and such contract shall be deemed effective on the date Company files its acceptance with the City.

B. This Franchise Ordinance, when accepted as provided above, (i) shall constitute the entire agreement between the City and the Company relating to this Franchise, and the same shall supersede and cancel any prior understandings, agreements, or representations regarding the subject matter hereof, or involved in negotiations pertaining thereto, whether oral or written, (ii) shall be binding upon the parties, including their successors and assigns, and (iii) shall not be amended or further obligations imposed without mutual consent of the parties hereto.

SECTION 11. REOPENER PROVISION.

A. Upon written request of either the City or the Company, this Franchise may be reviewed once after five (5) years from the effective date of this Franchise Ordinance, and once every (5) five years thereafter, to review the Franchise Fee set forth in Section 3 above. Said request must be served upon the other party at least 120 days prior to the end of each period set forth above, and shall state specifically the amendment(s) to the Franchise Fee desired. The City and the Company shall negotiate in good faith in an effort to agree upon a mutually satisfactory amendment of the Franchise.

B. Upon written request of the Company, the Franchise shall be reopened and renegotiated at any time upon a change in federal, state, or local law, regulation, or order which materially affects any rights or obligations of the Company, including, but not limited to, the scope of the grant to the Company or the compensation to be paid to the City.

C. The Franchise Fee percentage rate set forth in Section 3 shall in no event exceed the

percentage rate hereafter approved to calculate any fee paid to the City by any Entity for use of the Public Ways, if such fee is based in any way on the amount of revenues or gross receipts from the sale, transportation and/or distribution of natural gas or electric energy (excluding any municipally-owned electric utility) by such other Entity to customers within the City. If at any time after the Effective Date of this Franchise Ordinance, the fee or rate required to be paid by another Entity selling, transporting, and/or distributing natural gas or electric energy (excluding any municipally-owned electric utility) is less than the Franchise Fee percentage rate set forth in Section 3, then this Franchise shall become automatically subject to reopen upon notice by the Company for purposes of negotiation of a new lower Franchise Fee percentage rate.

SECTION 12. NOTICE OF ANNEXATION.

The City shall promptly notify the Company in writing (to include a map) of areas newly annexed into or deannexed from the corporate limits of the City, and the Company shall update its records for the purpose of payment of Franchise Fees as soon as reasonably practicable after receiving such notice. Notwithstanding anything to the contrary in this Franchise Ordinance, the Franchise Fees provided for in Section 3 shall not become effective within any area annexed by the City until the beginning of the monthly billing cycle which begins no more than sixty (60) days after the date that the City provides the Company with a certified copy of the annexation ordinance, proof of publication as required by law and a map of the City detailing the annexed area.

SECTION 13. RELEVANT LAW.

This Franchise Ordinance is granted pursuant to the provisions of K.S.A. 12-2001 and amendments thereto. Any and all ordinances or parts of ordinances in conflict with the terms hereof are hereby repealed or considered as having no effect as of the first cycle of the monthly billing cycle as referenced in Section 3 of this Franchise Ordinance.

SECTION 14. TRANSFER AND ASSIGNMENT.

Company shall not have the right to assign, sell, lease, or otherwise transfer in any manner whatsoever to any third party not affiliated with the Company the rights and privileges granted under this Franchise Ordinance except as hereinafter provided. Any assignment, sale, lease, or other transfer by the Company of the Franchise granted herein to any third party not affiliated with Company shall be ineffective and void unless:

- (1) The proposed assignment, sale, lease, or transfer shall be in writing;
- (2) The prospective assignee, buyer, lessee or other transferee shall agree in writing to accept and become responsible for full performance of all conditions, covenants, obligations, and liabilities contained in this Franchise Ordinance; and
- (3) Such writing shall be submitted to the City Clerk of the City.

SECTION 15. POINT OF CONTACT AND NOTICES.

The Company shall at all times maintain with the City a local point of contact who shall be available at all times to act on behalf of Company in the event of an emergency. Company shall provide the City with said local contact's name, address, telephone number, fax number, and e-mail address. Emergency notice by either party to the other may be made by telephone to the City's designee as listed below. All other notices between the parties shall be in writing and shall be made by personal delivery, depositing such notice in the U.S. Mail, Certified Mail (return receipt requested), or via the email addresses provided below. Any notice served by U.S. Mail or Certified Mail (return receipt requested) shall be deemed delivered upon actual receipt unless otherwise provided. Other than emergencies, notices to the parties shall be to the following:

The City: The City of Colony, Attn: City Clerk, 339 Cherry, P.O. Box 68, Colony, Kansas, 66015. Phone: 620-852-3530. Fax: 620-852-3107. Email: colonycity@yahoo.com.

Company: Kansas Gas Service, a Division of ONE Gas, Inc. Attn: Legal Department, 7421 W. 129th Street, Overland Park, KS, 66213-2713. Phone: 913-319-2713. Fax: N/A. Email: kgsfranchises@onegas.com. Emergency Contact Information: Natural Gas Emergency No: 888-492-4950. Contact Email: KGSDispatchOverlandPark@onegas.com.

SECTION 16. AGREEMENT TO RENEGOTIATE.

Should the Kansas Corporation Commission take any action with respect to this Franchise Ordinance and any amendment thereto which precludes Company from recovering from its customers any costs or fees provided for hereunder, the parties hereto shall renegotiate this Franchise Ordinance in accordance with or to conform to the Commission's ruling.

PASSED, ADOPTED AND APPROVED this 29th day of May, 2024.

CITY OF COLONY, KANSAS

ago. Still, a few words of description are critical, but that chore was usually left not to the photographers but to the families or the subjects themselves.

Garnett had a number of local proprietors who recorded the county's visual history. In an advertisement published in the 19 July 1884 Garnett Weekly Journal, Mr. Luther J Fuller of Garnett makes himself available in the "Iron Clad Gallery" "across from the Post Office for the best photo studio in southern Kansas." Fuller's practice of photography was shared by many even after his time. By 1913 the advertisements shift in lieu of Mr. J. Phillip Strain, Colony, at his studio above Lane's Drug Store.

The Strain studio, originally opened in Colony in 1911, moved to Garnett in 1922 and remained in business for another 41 years. Strain alone leaves a half century legacy of photographic images alongside the images already submitted from other area photographers. A recent anonymous donation has posed quite the task for museum staff in indentifying a quantity of Strain's work.

"I estimate about 1,000 images from one donation (of photographs)," said Renee Pagenkopf, Museum staff. "But that doesn't count what was already at the museum." The collection of photographs were dropped off at the Garnett Library from Kansas City and appeared to have come from either an estate sale or flea market.

The newest donation of images are a study in the lives of Anderson County residents through the Depression years, the Second World War, and just shy of the Civil Rights

Movement. The collected of images are mostly black and white and tell the story of the passing of time in technology as a scant few remain in sepia tones - a few are even in color. While clear and well detailed, many lack names or dates the photo was taken to coordinate with the likenes or at least narrow the possibilities.

For photographs that are nearing a century old, they are in great condition even lacking identification. The smiles harken back to a time that the world seemed slower, when men wore three piece suits, and when photographs were the only tangible way to compare the passing of family genes from one generation to the next. Some of the photos have names penned on the back in long hand cursive, some bear the date of the image, but many more are simply blank. This leaves the Museum staff at a disadvantage of trying to identify the people photographed. During the recent Square Fair, the Museum put out a table of the images with the hopes that the public could help identify some of the images and while some identifications were made, with a collection of more than a 1,000 it could take some time before all have been identified.

For a look at the large collection of images or potentially help identifying some of the more problematic images now in possession at the museum, the public is welcome to stop by the Anderson County Museum this summer. The Museum is located at the corner of 6th Avenue and Maple and is open Tuesday through Thursday from 11:00 AM to 3:00 PM, and Saturdays from 1:00 PM to 4:00 PM.

DAIRY...

FROM PAGE 1

a notable raw milk market. Current state law prevents producers like us from selling raw milk or raw milk products off-farm. This significantly reduces farmers' marketing power and limits consumers' access to raw milk; unless consumers live near willing and affordable producers they cannot participate in this market. Most small-scale dairy men and women live far from populous areas and are restricted by the daily maintenance associated with owning livestock.

While we do not cultivate raw milk for profit, however, my family and I are fortunate to have regular access to this unique commodity. We benefit immensely from our savings on store-bought milk, cheese, and yogurt especially as the cost of groceries has risen.

Like hand-milking, developing quality dairy products at home took a great deal of trial-and-error. We learned through experimentation how to create the right instant soft cheeses like ricotta; aged hard cheeses like cheddar; butter and buttermilk; yogurt; and kefir, a fermented milk drink that contains an abundance of live probiotics especially when made from raw milk.

Our central goal is to honor the livestock that give back to us, and to do so in a way that is sustainable and beneficial for the cow, calf, and farmer. This is a testament to the harmony we seek to cultivate between our operation and nature. Our commitment to backyard dairy production has lowered our reliance on the processed food industry and increased our own productivity.

Perhaps the most important part about our operation is the connection we have fostered with our food; we can track our dairy products directly

from our fields to our plates. We have gained valuable insight into the processes that underpin an entire agricultural industry. This insight can also be gained through agrotourism, an experience-based enterprise that has popularized handcrafted products and increased consumer demands for sustainability, animal welfare, and environmental awareness.

Our dairy cows and the responsibilities we have toward them add a depth to our life that we could otherwise not enjoy. Each year my sisters and I look forward to witnessing the birth of new calves and tracking their development alongside their mothers. Although time-consuming, we understand the value of at-home cheese- and butter-making and appreciate the nutritional benefits that raw milk provides.

Beyond milk production, our cows play an important role in keeping our fields healthy. We practice rotational grazing and pair our cows with our meat goats and hair sheep. This reduces each species' risk of contracting parasitic infections and controls the growth of weeds.

Most of all, we love our Jersey and Jersey-cross cows and calves. Jerseys are naturally curious and sweet-natured, and they are the perfect size for hobby and family farmers.

Owning a small dairy operation has allowed my family and I to develop a deeper appreciation for farming, livestock, and the discipline it takes to produce the kinds of foods we enjoy. National Dairy Month gives us a time to recognize the effort we put into producing our food and to be grateful for the opportunities we have alongside our animals.

LAND & HOME REVIEW

LOVE TO ENTERTAIN? 3-bedroom, 1.5-bath 1.5-story home on a large corner lot. Remodeled kitchen and baths. Fireplace. Wood stove. 4 season room. Man cave/craft room. Deck, patio and porch. 2 garages. Carport. **\$239,999.**

A chance to open your own business on the edge of town

What an amazing business opportunity on the edge of town! 1006 S. Hayes Street in Garnett would make a great animal shelter! Main building has 1,960 square foot, has central heat and air plus supplemental portable heat/air conditioners, has lots of cabinets and has a half bath. Plus, there is a 960 square foot barn which was built in 2002, has 1 side open, has electric, has 3 stalls and has a 560 square foot lean-to attached to it. Septic is about 3-4 years old. Located on the edge of town on 1.1 acres m/l. Fenced. Pen systems. Want to use this as an office? You could potentially rent out the fenced area and building in the back or seller may sell separately. **\$175,000.** Contact any Realtor at The Kansas Property Place, LLC to view at 785.448.3999 or www.KsPropertyPlace.com.

SHAPIRO...

FROM PAGE 4

they're totally fine with Trump being prosecuted for charges that are absolute trash.

They are also perfectly fine with the DOJ letting Joe Biden, the current President of the United States, off the hook, even though he clearly involved himself in criminal conduct in terms of mishandling classified material because he's a doddering old fool who then goes out and rips the prosecutor for mentioning that he's a doddering old fool and in the process shows himself to be even more of a doddering old fool.

You are totally fine, apparently, if you're a Democrat, with the DOJ originally trying to cut such an extraordinary sweetheart deal with the president's son. It was only scuttled when a judge looked at it and said, what the hell is this? And the only reason that Hunter Biden is being brought up on charges now is because a judge looked at the original sweetheart deal brought by Merrick Garland's DOJ and said it was so obviously corrupt there was no way he could greenlight this prosecution deal.

As far as the political obviousness of the situation, one of the big prosecutors in this case was Matthew Colangelo.

The DNC paid him \$12,000 in January 2018 for political consulting. He donated to Barack Obama's first presidential campaign in 2008. He was the third-ranking official at President Biden's Justice Department. He then joined Bragg's office in December 2022, and just a few months later, they launched this current investigation into Trump.

And we're supposed to believe there was no coordination, that Joe Biden knew nothing about this, that this was just the workings of the "gears of justice"? That's all this is? Sure.

Meanwhile, the judge, obviously a partisan Democrat, donated a small amount to the Biden presidential campaign in 2020, as well as to ActBlue, which is an activist group. His daughter, a Democratic activist, serves as president of Authentic Campaigns, a firm that does digital campaign work like online fundraising, and they work with Democratic political candidates. Not only that, but she was also apparently the director of digital persuasion for Vice President Kamala Harris's 2020 presidential campaign, according to CNN.

So there is a partisan

Democrat judge, a partisan hack prosecutor, and a set of charges that are just garbage.

This thing was rigged from the start the same way that the O.J. Simpson trial was over the minute they moved it from Brentwood to downtown L.A. because of the jury pool. The minute that this was a case initiated in Manhattan, the trial was over.

This is a cataclysmic circumstance for the country. Because when you have the chief political rival of the president of the United States being brought up by allies of the president of the United States in a court on spurious charges so the entire media and Biden can claim he's a convicted felon, you are looking at incipient tyranny.

Democrats are playing with fire. They don't seem to care if they burn down every institution in the country in order to get Trump. Nor do they seem to care if they blow up the law in order to get Trump.

The most important thing is getting Donald Trump. And then they have the temerity to project that Donald Trump is the threat to democracy.

The Biden-Harris campaign put out this statement:

In New York today, we saw that no one is above the law. Donald Trump has always mistakenly believed he would never face consequences for breaking the law for his own personal gain. But today's verdict does not change the fact that the American people face a simple reality. There is still only one way to keep Donald Trump out of the Oval Office: at the ballot box. Convicted felon or not, Trump will be the Republican nominee for president.

The threat Trump poses to our democracy has never been greater. He is running an increasingly unhinged campaign of revenge and retribution, pledging to be a dictator 'on day one' and calling for our Constitution to be 'terminated' so he can regain and keep power. A second Trump term means chaos, ripping away Americans' freedoms and fomenting political violence – and the American people will reject it this November.

That last paragraph is one of the greatest examples of projection I've ever seen in my life. Joe Biden and Kamala Harris, who have trumped up a series of charges in four separate jurisdictions against Trump,

say the threat Trump poses to democracy has never been greater.

Here is just a short list of ways in which Joe Biden is a threat to our democracy:

- He and his party have activated apparatchiks at the state level to use federal charges, of which they have no jurisdiction, to attempt to jail his political opponent, who is currently leading him in the swing states in the polls.

- He activated his DOJ to target Trump in three separate jurisdictions.

- That same DOJ was activated in order to scuttle a case against Joe Biden and scuttle the case against Hunter Biden. He tried to use OSHA to force 80 million Americans to vaccinate against their will.

- Biden defies the Supreme Court on a regular basis by alleviating student loan debt in violation of law, and then brags about it.

- He continues to falsely claim in front of black audiences that if he loses, it will be because Republicans suppress the vote, which is a blatant, outright anti-democratic lie.

- He has used government agencies to repeatedly threaten social media companies.

- He has attacked states for enforcing border law. He has used federal predominance over border law to keep the border wide open.

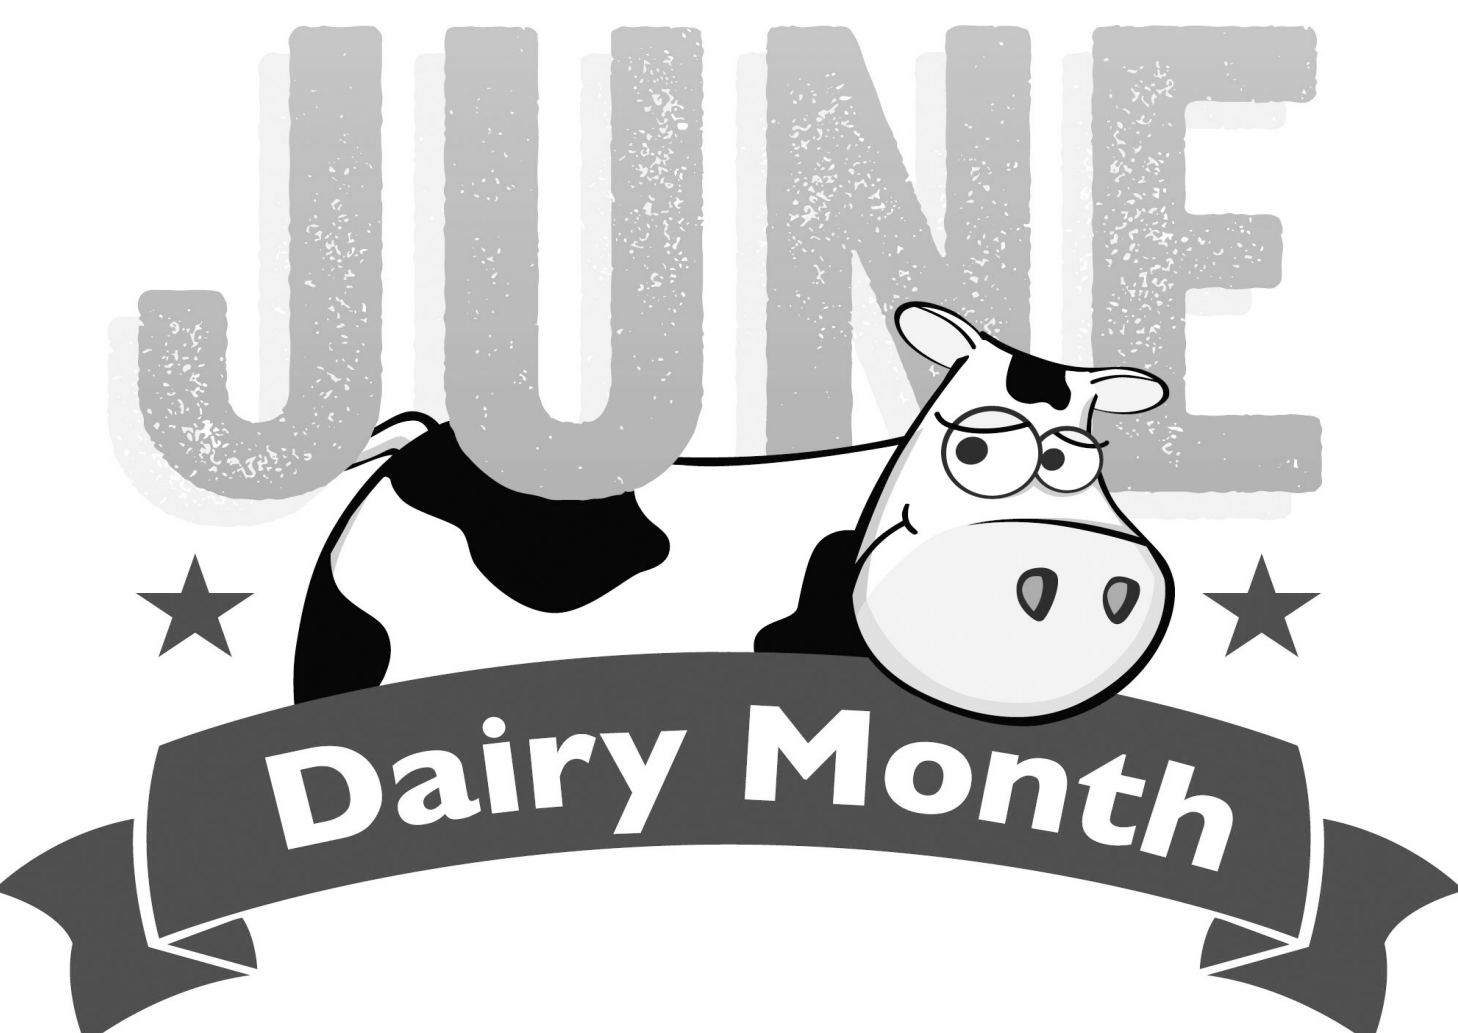

But Donald Trump is the tyrant? Are you kidding me?

Biden is running a unhinged campaign of revenge and retribution. His entire campaign is based on the idea that Donald Trump is a threat to our democracy, and he must be stopped by any means necessary.

"A second Trump term means chaos"? Have you looked around lately, Joe? The Middle East is on fire. Ukraine is on fire. Taiwan is being routinely threatened by China. Inflation has raged out of control for over three years. Our economy is stagnating. Our social fabric is ripped.

And in the middle of this you throw the lit-fuse bomb at your political opponent, who might be jailed, and you have the temerity to say this is about upholding the law?

The Anderson County **Review**

DID YOU KNOW?

The Anderson County Review is the longest continuously operating business in Anderson County, founded in 1865?

Donation traffic was so heavy in the immediate hours after the verdict that the website crashed and was inoperable until later Thursday night. Staffers for Republican congressional campaigns in the Sunflower State are hoping that verdict-inspired financial generosity will spill over to the foot soldiers in the next Congress who will help pursue a Trump agenda after 2024, should the persecuted former president manage a November win.

The verdict and the prosecution have been widely criticized even by those typically not friendly to Trump. A top legal expert for CNN savaged the Manhattan District Attorney's office, saying it was blatantly clear that prosecutors only brought the case in order to stop Trump's presidency. Former federal and state prosecutor Ellie Honig, a frequent CNN legal contributor, said in a column this week both the prosecution and the court itself in the case had shown evidence of bias which should have constituted a mistrial.

The Trump campaign says some 30 percent of the recent donors are new to the former president's fundraising efforts, leading to speculation that the verdict has brought more Americans into the realm of political contributorship than possibly ever before.

Federal election contribution limits this year top out at \$3,300 per individual donation to a candidate committee, \$5,000 per year to a political action committee and \$10,000 per year combined to a party committee at the state, district or local level. Individuals can contribute up to \$41,300 per year to a National Party Committee.

Contributors new to the concept of political giving will be weighing the advantages and possible "spread" of their contributions; from direct giving to individual candidates to local or state party committees aiming to help multiple candidates, or political action committees focusing on specific issue-related targets.

Campaign staff for Kansas Congressional races say it's important to remember that a newly elected president Trump will also need support in congress, and candidates working to win those positions this summer need financial support to make that happen.

"While support for the presidential race is crucial, it's important to remember that down-ballot races are vital, too," said Dustin Morris, campaign manager for Dr. Prasanth Reddy's race for Kansas 3rd District. "Our local and congressional candidates form the backbone that a Republican administration will rely on. Supporting these campaigns ensures that we have a strong, cohesive team ready to implement the changes and values we all believe in."

Eric Pahls, campaign strategist for Derek Schmidt's campaign for Kansas 2nd District, said these last days of the Trump roller coaster had clearly illustrated the importance of financial support to candidates who share the vision conservatives want to pursue in a new administration.

"We are thrilled to see the record support for President Trump," Pahls said. "As Kansans rightfully chip in to help him against these attacks, they should additionally look to help those like Derek Schmidt who will have Trump's back and help grow his majority in the House."

Additional Kansas regulations apply for local and state race contributions. Kansas congressional candidates and state legislative contenders also accept donations from their websites and local candidates can be contacted for contributions directly or through their web or social media presence or campaign literature.
